

## Forecast And Weather Report Nome and Vicinity

July 15, 1946

Forecast and weather report for Nome and vicinity

Partly cloudy tonight and Tuesday, with fog coming in from the sea.

Lowest temperature tonight 45.

Highest temperature Tuesday 55.

Nome data as of 7:30 a.m. today.

Precipitation last 24 hours 0.03 inches.

Total precipitation this month 0.87 inches.

Temperatures last 24 hours.

Highest 55. Lowest 48.

Maximum wind last 24 hours 12 mph from the SW.

Sunrise 2:11 a.m. Sunset 10:05 p.m.

Comparative data.

Temperatures one year ago today:

Highest 51. Lowest 45.

Extreme temperatures on this day since 1907:

Lowest 33 in 1929.

Highest 68 in 1916.

Data for other selected stations as of 7:30 a.m. today:

Station	Temp.	Weather
Barrow	36	Fog
Point Hope	41	Cloudy
Kotzebue	61	Cloudy
Shishmaref	44	Cloudy
Wales	46	Cloudy
Gambell	38	Cloudy
Nome	55	Cloudy
Unalakleet	56	Cloudy
Bethel	48	Cloudy
McGrath	56	Rain
Anchorage	63	Cloudy
Fairbanks	69	Partly cloudy
Juneau	60	Cloudy
Whitehorse	64	Cloudy
Edmonton	67	Partly cloudy
Seattle	65	Cloudy

### SHRIMP WE GOT

TULSA, Okla., —(P)—The following came from a food store advertisement in the Tulsa Tribune.

"SHRIMP. We have it, but it's too high. I wouldn't buy. Regular 20 cent size now 89 cents."

## Noncensorship of UNRRA Activities LaGuardia Demand

WASHINGTON, —(P)—A pulled-punch at foreign news censorship went to the Senate last week along with word that UNRRA Director LaGuardia has demanded that the Chinese government overhaul its relief setup.

The relaxed censorship provision, aimed at Russia, was contained in a \$2,700,000 money bill approved by the Senate appropriations committee. Disclosure of LaGuardia's action came in printed testimony of committee hearings on the measure, which contains \$465,000,000 for LaGuardia's UNRRA.

The testimony disclosed that both F. H. LaGuardia and William H. Clayton, assistant Secretary of State, had strongly urged elimination of a House provision denying UNRRA funds to any country which refuses to permit accredited American press representatives to "enter, observe and report without censorship on the distribution and utilization of relief" in that country.

The committee decided against striking out the amendment. But on motion of Senator Ball (R-Minn.), it decided that none of the UNRRA money in the bill could be spent unless correspondents were permitted to send reports on UNRRA activities "without any deletions or modifications by censorship."

Sen. Ball said this had the effect of not challenging Russia's right to maintain censorship, but providing for uncensored dispatches on UNRRA's operations. He said he did not know if the new version would be acceptable to the State Department or to LaGuardia.

LaGuardia contended he had stopped all but vital food shipments to China because supplies had piled up in ports there due to the breakdown in inland transportation. He said these supplies were deteriorating and were being stolen.

The UNRRA chieftain gave the committee a copy of a telegram he said he had sent to Generalissimo Chiang Kai-Shek May 29, calling for sweeping changes in the methods of distributing relief goods in that country.

Asserting that "the purpose of this (Relief) is to help the rehabilitation of China and not the financial rehabilitation of warehouses," LaGuardia told Chiang.

"I am sure you will agree that personalities and politics cannot be considered, as the welfare of China concerns all of her people and nothing in this respect can be shaped or guided or diverted to meet the expediency or the specific interest of any individual or group."

### STORK FLIES WITH BRITISH NAVY FLAG

LONDON, (P)—When the British submarine United returned to base recently those awaiting her were puzzled to observe not only the Jolly Roger success flag but another flag they'd never seen.

The Jolly Roger meant the United had sunk an enemy warship. The other flag was a white sheet with a black stork carrying

## Farmers Uniting to Fight Famine

THE BIG WHEELS OF THE TRACTOR AND PULL TYPE COMBINE RUN DOWN OVER 50% OF THE GRAIN ON THE OPENING ROUND—CRUSH IT BEYOND RECOVERY.

WHEN THE FIRST CUT IS MADE WITH A SELF-PROPELLED COMBINE THE GRAIN WILL BE CUT... AND SAVED

TESTS INDICATE THAT ON THE OPENING CUT TRACTORS AND TRACTOR DRAWN COMBINES GRIND INTO GROUND

60,000,000 BUSHEL OF GRAIN EACH YEAR

EVERY BUSHEL SAVED WOULD PROVIDE BREAD FOR 150 STARVING PEOPLE FOR ONE DAY.

75 LOAVES OF BREAD

RACINE, WISC. — Enlistment of the nation's farmers in a new "Battle of Bread" for Europe's starving millions has been started here following a plan advanced in an address by Joe Tucker, vice president of the Massey-Harris company. Tucker has named the organization "Famine Fighters" and plans to recover 28,000,000 bushels of grain, enough to provide a minimum UNRRA bread ration for every person in the United States for five weeks, through the use of self-propelled combines to open grain fields for harvest.

It is estimated that over 50 per cent of the first swath is lost through opening of fields with other types of equipment. Use of the nation's approximately 8,000 self-propelled combines would yield 28 million additional bushels of grain worth more than \$30,000,000. Implement dealers throughout the country have joined the drive, urging farmers to prevent waste of grain by calling on self-propelled combine owners to open their fields.

Farm groups have already commended the move against trampling of grain into the ground and have pledged support to this new plan of conserving grain in the fight against famine.

a baby in its beak.

While on patrol, the United's commanding officer Lieut. J. C. Y. Roxburgh had received word of the safe arrival of a daughter.

After the United picked up enemy survivors including the com-

manding officer, the latter's first request to Roxburgh was that his wife be notified of his safety.

His reported loss might affect her condition, he explained, adding: "You see, we are expecting an addition to the family."
