PROMOTION

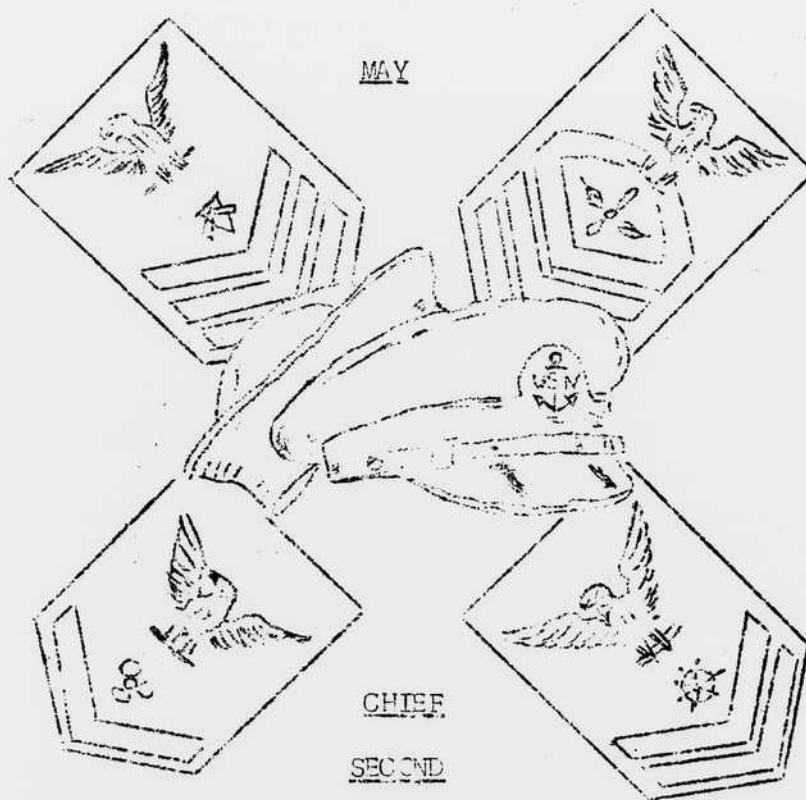

TIME

FIRST

CHIEF

SECOND

THIRD

At 0000 on the morning of 16 May 1963, crowns and advancement certificates were presented by J. W. ROBERTS, Commanding Officer, to all personnel being promoted on the Naval Station, Adak.

Shortly after the presentation a blue haze settled over the island and has lasted for several days. No, this is not fallout from a Nevada desert test, but the smoke from so many cigars being puffed all at the same time.

OUR congratulations go out to all hands that were promoted.
