Summer Hegira of Auto Gypsies Booms Trade on Trails

GYPSYING

In Rocky Mountain Park. Of 137,352 visitors to the Yellowstone, 91,224 traveled by motor car. "Auto camps in practically every town on the beaten trails are not due so much to a spirit of hospitality as to the value of tourist cash trade. To hundreds of towns, the tourists mean from several hundred to several thousand dollars per week. Denver had a tent city of 5,000 motor tourists every night last summer, most of whom bought supplies from local merchants.

"Moreover, auto tourists have been more largely responsible than any other single factor in our national economies in getting good roads for the nation. State and federal governments have invested and are still investing millions of dollars in building a network of fine highways throughout the country to facilitate tourist travel. "The great American habit of cross-country touring is giving automobile manufacturing a dominant note in stronger, better cars. The new Templar is built to give 100,000 miles of road service and carries a one-year guarantee with additional guarantees of 20,000 miles on engine and axles."

Ethiopia Goes on Record As Against White Slavery

GENEVA, Feb. 25.—Ethiopia, the African state known otherwise as Abyssinia, the last country to be admitted to the League of Nations, has notified the League that it has ratified the "white slave" convention.

A special commission of experts under the direction of Dr. A. Flexner, of New York, son will inaugurate a new inquiry into the traffic, under the auspices of the League of Nations, with a view to securing its total suppression.

OIL TO DOMINATE PRESIDENCY RACE FURIOUS DEBATE OCCUPIES SENATE COOLIDGE IS SCORED AND DEFENDED

(Continued from Page One.)

"If the Senator from Indiana (Raiison) who has won every time he raced against a Republican, is nominated, Cautious Cal won't even get started.

"If the Senator from New York (Copeland) is nominated, Cautious Cal won't even carry Vermont.

"Country to Know Truth"

"The Democratic party will see to it that the country knows the truth about the corruption surrounding the leasing of our great naval reserves, before the next campaign is ended. Cautious Cal was here in the Senate when the leases were put over and this investigation ordered. He sat in the cabinet meetings where the leases were discussed. He can't plead ignorance now. He can be Cautious Cal, but he can't dodge the responsibility for having failed to act before he was forced by the Senate."

"We now know the Senator from Mississippi will espouse the cause of Mr. McAdoo at the New York convention," Senator Moses replied. "Well, if I am delegated to the Cleveland convention, I shall espouse the cause of President Coolidge."

"And if President Coolidge is nominated, as I am sure he will be, and Mr. McAdoo is nominated, of which I'm very dubious, I am perfectly willing to take the issue to the country and let the people decide between Cautious Cal, Careful Cal, and the attorney for Mr. Doheny."

Edge Willing Senator Edge immediately supported Moses, saying he was also "perfectly willing to let the people choose between President Coolidge and any attorney for Doheny."

Harrison previously read from the National Republican which he termed the "official Republican party organ," an editorial condemning the "Democrats and demagogues who voted to oust Denby." The list of demagogues, Harrison said, included Brookhart, Capper, Frazier, Harrell, Hiram Johnson, Magnus Johnson Shipstead, McNary, Norris, Ladd and La Follette.

The publication, Harrison added, was financed by George B. Lockhart, John T. Adams, Will Hays, Charles B. Hays, William Boyce Thompson and Secretary of War John Weeks.

Harrison poked fun at the Republican side, by declaring Lockwood Adams and their associates had charged Capper "who is prominently mentioned as a Republican Vice-Presidential candidate," Harrell and McNary, "administration leaders," with being "demagogues."

When Harrison read La Follette's name, adding, "he will be quite honored to be called a demagogue, by these reactionaries," La Follette rose in his seat and said, "Thank you."

GALES DESTROY SITE SELECTED BY BERNHARDT FOR HER GRAVE

PARIS, Feb. 26.—Sarah Bernhardt desired her remains to be taken to her summer home on an island off the Brittany coast for burial in a rock that she had chosen for her tomb.

It is fortunate that the actress's intention was not carried out, for the recent tidal wave and storm which devastated the French coast tore the rocks which she had selected from their place, and strewn them along the sea shore.

along the Rhine in the latter days of the World War when word was passed that the "Yanks and Tommies are coming," have begun to reappear. One of these is a portrait of Louise, Queen of Prussia, by Gustav Richter which again hangs in the Wallraf-Richartz museum here. Queen Louise died to Meusel in 1808 after she had been accused by Napoleon with blocking the Franco-Prussian peace plans. So many inquiries had been made by visitors as to what had become of the portrait that the curator finally decided to rehang it.

Magistrates Are Asked to Study Facts as to Lunacy

LONDON, Feb. 26.—In order to help them in their work, certain London magistrates will attend lectures on lunacy four days a week, commencing in March. The course has been organized by the Central Association of Mental Welfare and, after their lessons in the morning, the magistrates will visit certified institutions for defectives, prisons and remand homes.

Sir Leslie Scott, chairman of the Welfare Association, says it has been felt that some such practical course might be of interest and help to magistrates in a part of their work, to which so much attention has recently been drawn. At present a magistrate can override an expert opinion which decides that a person is a mental defective. "We have arranged to bring the two together, in order that they will better understand the others' point of view."

He bases his statement on the fact that he has been unable for six months to obtain borrowers for \$32,000 available for loans to farmers at a small rate of interest.
