### VARIOUS CHAIRMAN MAKE ASSESSMENTS

REPORTS OF ADVERTISING COMMITTEE WILL BE RECEIVED AT LEAGUE MONDAY P. M.

The various men of the different business and professional interests represented in the assessment committee, which met Friday evening in the Business Men's League, are busy making assessments of their respective interests, and the result of their deliberations will be turned into the League building Monday afternoon, which will be followed by a letter to every one assessed.

There are some committees who have already turned in their report and it is thought that by Monday the foundation for one of the biggest and most successful advertising campaigns ever started in the history of Hot Springs will have been laid, and that great results will be certain to follow.

The suggestion made by Representative L. E. Sawyer that employees of the different interests in Hot Springs also be asked to contribute to this advertising fund has been kindly received, judging by the statement made by a clerk in one of the local stores, who stopped Chairman Martin A. Eisele, of the committee, on the street yesterday and said:

"I am not getting what one would call a lucrative salary, Mr. Eisele, but I want to tell you that I am more than willing to contribute my share to that advertising fund, and I have talked the subject over with some of the other clerks in the store and they feel as I do. We realize the fact that when the city is crowded with visitors business at the store is good, and when business is good there is not that fear that some of us may be laid off. I know several young men, worthy fellows, who have been without jobs this summer and who are good salesmen, and unless the town fills up with visitors they are liable to remain unemployed all winter, and that's a serious predicament to face. I believe in advertising. The firm I work for advertises extensively in the local papers and gets results. Hot Springs can get results if it, too, will advertise and only by an advertising campaign will the city be able to get the patronage it now needs. We want our store filled with patrons and then none of us will be wondering whether we will be working next week, but will be sure of our jobs, so put me down for whatever you think is right and I'll gladly pay it, and so will a number of other clerks I know of."

The letter that will be sent out when these assessments have all been turned in is one that will cause the recipient to "sit up and take notice. Speaking in the vernacular, it has a "punch" and is a classic of its kind, and it will bring face to face with the reader a proposition that he alone can solve.

### M'INNESS AND WIFE INDICTED FOR MURDER

OREGON ATTORNEY AND WIFE HELD ON TWO COUNTS IN THE NELMS MYSTERY CASE.

San Antonio, Texas, Oct. 10.—Victor Innes and wife of Oregon were indicted today by the grand jury on two charges each, one for the murder of Mrs. Elois Nelms Dennis and her sister, Miss Beatrice Nelms, of Atlanta, Ga., and the other for conspiracy is alleged to have been formed about May 29 in Georgia and Alabama and in Texas about June 5. The crime is alleged to have been committed in San Antonio about June 29, the indictment reading that the two women came to their death "in a manner unknown to the grand jurors." The first news of the death of the two women was conveyed in a letter dated San Francisco and received by Mrs. John W. Nelms, their mother, at Atlanta on July 8. The letter was signed Elois and the writer said she had killed Beatrice and was going to kill Marshall, their brother, who was then living in San Francisco. The two missing women were traced to a house at 129 Wilkins avenue in San Antonio, rented and occupied a month during June by McInnes and his wife. That was the last seen of the Nelms sisters alive. Innes and his wife admit the occupancy of the house, which he rented in his own name, but declare they never saw the two women.

### ALL TESTS SATISFACTORY.

The Water Company Has Thoroughly Proved Its Pressure Over the City.

The last of a series of tests were made yesterday to test the sufficiency of the water pressure over the city, the first having been made in the down town district. The tests yesterday were made at the Malvern avenue terminal, the Whittington avenue terminal, and on upper Park avenue, where much higher tests were shown than had been anticipated by the water company itself. The satisfactory results are assurance that the city has splendid fire protection and that the public utilities is not open to fair criticism in this matter. Chief Tate of the fire department was not present at the tests yesterday, but will be invited to be present in the event he wants to thus represent the city, at a series of tests that will be made quarterly in the city in the future to see that the high standard is maintained.

### CHANGE LYRIC MANAGEMENT.

"Doc" Owens is Now in Charge of This Popular Picture House. "Doc" Owens, former manager of Whittington park and the Princess theater, last night assumed the management of the Lyric theater, which since its sale by Harry Hale has been devoted to motion pictures, showing the Universal program. Mr. Owens returned from Cleveland to assume the management of the Princess and opened the season at that theater, which closed a few nights ago, on account of the unsatisfactory acts which could be booked at this season of the year. In assuming the management of the Lyric, "Doc" Owens brings with him

a wide range of experience as a theater and amusement manager, and a splendid local popularity, which will no doubt redound to the credit and benefit of the Lyric. No change in the policy of the theater has been announced, and it will continue to show the Universal program as in the past.
