THE GRAPHIC'S

OF TRUTH.

It was only a short time ago the Fort Smith Record mentioned the strenuous efforts that were being made by the tobacco trust to show that cigarettes were not so deleterious in their effects on health as has been claimed by those who have made a study of the subject. The country was flooded with pamphlets a few weeks ago, claiming to show that the cigarette was as pure and spotless as the driven snow and that it had been most terribly maligned. "Expert medical opinions"—which must have been bought in a pretty cheap market—were produced to prove all this.

In this connection, however, it is interesting to note that Dr. Benj. King of Philadelphia, who acted as an examining surgeon during 1861-63, in New York and Pennsylvania Ohio and Indiana, says that the average rejections during those years did not exceed 13 per cent. He attributes the large increase almost entirely to the cigarette habit "I have been inspecting the papers in a number of cases under the present recruiting act" said Dr. King and I observe that most of the men who failed to pass the medical examination have weak hearts or lack the vitality necessary to make a good soldier. I had expected that the percentage of rejections would be greater now than in 1861, but I did not dream that it would be almost three times as great. The examining physicians with whom I have talked have generally told me that the excess of rejections is due to the large number of young men applying for enlistment who have become victims of the cigarette habit."

Had Catarrh 36 Years.

Josiah Bacon, conductor on the P. & B. R. R., says. "I had suffered with catarrh for 36 years and regarded my case as hopeless. One day I saw the testimonial of Geo. H. Hearn in a Brazilian Balm circular. Hearn was an engineer on my train and I knew his case was desperate. I talked with Hearn and his cure gave me hope. I began the use of the Balm at once. There was not much change for the first two months but then I began to improve and in six months, to my inexpressible satisfaction I was entirely cured."

Catarrh, Hay Fever.

Kill the Catarrh microbe and you cure Catarrh. These parasites nest deep in CATARRH the tissues and folds of the olfactory membrane, and are difficult to reach and kill; but Brazilian Balm will utterly destroy them if used persistently as directed. It also destroys the Hay Fever germ in a few days. Use full strength, or nearly so, for Hay Fever. Cure permanent.
