WHAT'S IN A NAME?

Death Sometimes—Sentry Loses His Canary Byrd.

The canary bird which was presented to Chief Chas. Senyard some time ago has taken its last flight. The bird was killed Monday. It was called a "doodle" and christened "Fire Alarm." Remarkable Village.

In New Guinea the village of Tupuselei is most remarkable. The houses are all supported on piles and stand out in the ocean a considerable distance from shore. This is to protect the villagers from the attacks of the dreaded head hunters, always looking out for victims. Other villages in this queer land are perched up in trees for the same reason.
