AUGUST JINGLES.

The roses are now flinging all
their fragrance on the air, and the
gentle doves are cooing and wooing
everywhere, the humming birds are
sipping sweetest nectar from the
flowers, and the boney bees are busy
and improving the shining hours.
The droning, clumsy bumblebees
are in the clover field and compel
the blossoms their hoarded sweets
to yield. The small boy goes a-
swimming and down the wet bank
slides, while the lurking chigger in
his epidermis hides. The ladies of

the churches hold their picnics in
the wood and rob the household
larder of everything that's good.
The minister elucidates a sermon to
the choir, but ceases when a yellow
jacket punctures his tire, and the
teacher of the infant class gets
daubed with deyleid egg, while a
horrid, hungry wood tick burrows
in her tender—limb.

The chinch bug and the tater bug,
the cut worm and the fly, the
squash bug and the cabbage worm,
this month are livin' high; the oat
louse and the army worm, the cur-
rant slug and such, have seized the
vegetation and hold it in their
clutch. The busy little coddling
moth emerges from the sod, and
stings the baby apples and pears
just for a cod. And the devilish
curculio deposits now its germ, and
in the plums and cherries it lays its
little worm. The caterpillars nest
again up in the apple trees, and
their kittens eat the foliage, rocked
by the gentle breeze. The ants are
in the cupboard, and they revel in
the jam, while the roaches cock
their noses and don't seem to care a

Troublesome to the Army.

During the civil war, as well as in
our late war with Spain, diarrhoea
was one of the most troublesome
diseases the army had to contend
with. In many instances it became
chronic and the old soldiers still suf-
fer from it. Mr. David Taylor, of
Wind Ridge, Greene Co., Pa., is one
of those. He uses Chamberlain's
Colic, Cholera and Diarrhoea Remedy,
and says he never found any-
thing that would give him such
quick relief. Is for sale by W. L.
Dewoody & Co., Druggists.

STATE UNIVERSITY BOYS.

The Helena World says:
"A fact well worth noting and in-
dicating the efficiency of the training
received at the University of Arkan-
sas is that in recent competitive ex-
aminations for one cadetship for
West Point and two for Annapolis,
C. N. Bell, of Pine Bluff, who won the
Annapolis appointment at the ex-
amination held at Hot Springs, was a
U. of A. boy, and that of five ap-
plicants for the examinations held at
Nettleton (two aspiring to Annapo-
lis and three to West Point) three
were U. of A. boys and one of them,
Henderson, of Imboden, won the
Annapolis appointment and another,
Govun, of Helena, was appointed
alternate to West Point. So that
out of the three appointments, two
U. of A. boys won first place and an-
other got second place with a good
chance of winning yet."

A negro freight brakeman named
Snodgrass employed on the Iron
Mountain road was arrested this
morning by the police. A section
hand boarded the freight four miles
north of this city Thursday after-
noon to come here and get some
medicine and gave Snodgrass, the
brakeman, a dollar to deduct his
fare. Snodgrass kept the money and
refused to turn it over to the
section hand, who had a warrant
issued for him when the freight
reached Pine Bluff.

Mr. W. L. Banks, one of the most
widely known and popular traveling
men on the road, came in last night
from a successful trip over the state.
He represents a large liquor house of
Paducah, Ky., and reports the finest
trade that he has enjoyed for several
years. He says the people seem to
think that Bryan is going to be
elected, and knowing the prosperity
that will follow, are stocking up.
He says he would give half his year's
salary to have Bill Bryan elected.

A special came over the Board of
Trade wire this afternoon stating
that the allied forces had entered
Pekin without any resistance.

The soothing and healing prop-
erties of Chamberlain's Cough Remedy,
its pleasant taste and prompt and
permanent cures, have made it a
great favorite with the public every-
where. For sale by W. L. Dewoody
& Co., Druggists.

The Graphic has received from Mr.
J. G. Love, the genial commercial
agent of the Chicago, Milwaukee &
St. Paul Railway, with headquar-
ters at St. Louis, a very neat and
useful booklet, in which is some val-
uable information. Mr. Love repre-
sents one of the best roads in the
country and he knows how to ad-
vertise it. He is a hustler and enjoys
a large acquaintance in this section.

Former Senator John J. Ingalls, of
Kansas, died at Las Vegas, N. M.,
Thursday morning of throat trouble.
He was one of the most widely
known public men in this country,
and his life was one of great activ-
ity. He was 67 years of age. John
J. Ingalls was a native of Massachu-
setts, but he has been so closely
identified with western affairs for
more than forty years that he is gen-
erally believed to be a native of
Kansas.

Mr. Ed Bernard, of Fayetteville,
who is interested in several short
telephone lines in this section of the
state and Northern Louisiana, passed
through Pine Bluff Thursday after-
noon. He was en route to Little
Rock, where he will engage in the
cotton brokerage business with Mr.
Worth Duncan, a cotton factor late
from Paris, France.
