

BE WARNED IN TIME! DON'T BE HUMBUGGED!

Buying Trash or Prison Made Stuff

By flaring advertisements thrown out by fakirs to hoodwink the unsuspecting public. Remember the late *Gold Brick Swindle*. They look well and bring good prices, but the purchaser has no recourse. Watch! Yes, we say watch, and watch with both eyes. Don't be dragged into some dark hole and have some old goods that may have been woven or made in some prison palmed off on you as brand new goods made for this season's trade.

Why buy TRASH when you can buy good, honest goods for less money?
