### LIVESTOCK REPORT-K.C.

Live Stock Prices Decline Moderately  
Receipts Fairly Liberal

Kansas City Stock Yards,  
March 14th, 1921.

Liberal receipts of cattle at all the principal markets today turned prices down. However, there was active demand for beef in the east and the weakness in live cattle is thought to be only temporary. Here prices were off 15 to 25 cents. Hog prices steady. Fifty thousand arrived in Chicago, and fairly liberal supplies elsewhere. Sheep and lambs were quoted weak to 25 cents lower. Demand was fairly active at the decline.

### Today's Receipts

Receipts today were 14,000 cattle, 14,500 hogs, and 8500 sheep, compared with 13,500 cattle, 12,500 sheep last week, and 16,800 cattle, 19,750 hogs and 13,900 sheep a year ago.

### Beef Cattle

Liberal receipts together with a rather unsettled labor outlook caused a weaker tone in the cattle market. In most cases, prices were down 15 to 25 cents. Indications are that packing house labor will accept a wage reduction without a strike. The Lenten season will end with Easter Sunday, and this is expected to increase demand for beef. Yearlings and weighty steers sold up to \$10.00 and the bulk of the fat steers sold at \$9.00 to \$9.75. Cows and heifers were steady to 25 cents lower. Most of the handy weight heifers were steady, and rough weight kinds showed the decline. Veal calves were quoted steady.

### Stockers and Feeders

Some common to plain stockers and feeders were quoted weak to 25 cents lower. There was an active demand for the better classes, at fully steady prices. Demand for fleshy feeders was active.

### Hogs

Opening bids for hogs were 15 to 25 cents lower, but the buyers were anxious for supplies, and before many sales were made the market rallied to last week's closing level. Actual sales showed the market averaged steady. The top price was \$10.50, and bulk \$10.00 to \$10.80. Pigs were fully steady and in active demand. The top price was \$11.50. Prices for pork in the East were advanced \$2.00 to \$3.00 a hundred pounds so that the hog market is in a position to stand liberal supplies.

### Sheep and Lambs

Sheep and lamb prices were weak to 25 cents lower. After the decline was established trade became fairly active. Best handy weight lambs sold at \$10.00 to \$10.25, and ewes \$5.50 to \$6.00. Yearlings and wethers were lacking. Trade in feeding lambs and breeding ewes was quiet.

### Horses and Mules

Demand for the better classes of horses and mules improved moderately, but the ordinary and common kinds sold slowly. Prices were not notably changed.

Charles M. Pipkin,  
Market correspondent.
