

# THE HOLBROOK NEWS

Official Paper of Navajo County and the Holbrook Oil Field

SINGLE COPIES TEN CENTS

HOLBROOK, NAVAJO COUNTY, ARIZONA, FRIDAY, MARCH 25, 1921.

VOL. 12, NO. 49.

## LIVESTOCK REPORT-K.C.

Livestock Prices Higher  
Receipts Fairly Liberal

Moderate receipts today overcome some of the adverse conditions in the market and prices ruled higher, under a fairly active demand. Because of the probable strike among packing house employees, expected by the middle of the next week, there was some hesitancy among buyers early but as trade advanced demand assumed fairly large proportions. Cattle were quoted strong to 25 cents higher, hogs up to 40 and 70 cents, and lambs 25 higher.

### TODAY'S RECEIPTS

Receipts today were 5500 cattle, 5000 hogs, and 8500 sheep, compared with the 14,000 cattle, 15,500 hogs, and 12,000 sheep a week ago, and 13,900 cattle, 21,500 hogs and 3,450 sheep a year ago.

### Beef Cattle

The bulk of the fat cattle here were medium to good grades that sold at \$8.75 to \$9.50. Nothing was offered in choice or prime and the latter class would have brought \$10 or better. Plain steers were quoted at \$8.00 to \$8.50 and prices for practically all the fat cattle were 15 to 25 cents higher. Cows were mostly 15 cents higher and heifers mostly 25 cents up. Veal calves were very steady. If strimming does not materialize the market will rule sharply higher late in the week as commission men at all markets have advised against shipping fat cattle that will arrive later than Wednesday.

### Stockers and Feeders

Demand for stockers and feeders was active at strong prices. Labor conditions will have no effect in this division of the market as the country outlet is large. Good grazing steers are in active demand, and a good many flesh feeders are moving into feed lots.

### Hogs

Hog prices started 25 higher and closed 75 cents higher with the top \$10.50 and bulk of sales \$9.75 to \$10.35. Compared with a week ago, prices are 40 to 50 cents net lower. Shippers were back in the market and packers seemed anxious for supplies. Combined receipts at the five Western markets were less than 500,000 hogs, or about one-half as many as a week ago. Pigs were strong, top \$11.60 and the price range \$10 to \$11.60.

### Sheep and Lambs

Lamb prices were 25 cents higher, and sheep were steady. The best lambs here were 85 pound grades, wet fleeces that brought \$9.50 to \$9.70. Choice dry lambs would have brought \$9.85. Ewes are quoted at \$5.25 to \$6.00. Yearlings \$7.50 to \$8.25, and wethers \$6.00 to \$6.50.

### Horses and Mules

Receipts at the horse barns were 450 head. Trade was quiet with prices quoted about steady.

CHARLES M. PIPKIN,  
Market Correspondent.

A girl of fourteen years of age was brought before a New York court as a truant from school. The girl proved that she was married and the court ruled that a housewife is not required to attend any school regardless of her age.

The President of the United States has a special flag used on occasions when the President appears in his ex-officio function as commander-in-chief of the Army and Navy. The flag consists of the coat of arms as they appear on the President's seal, against a blue background and flanked with four stars.

THE AMERICAN RED CROSS IN PEACE TIME  
Teaching First Aid

Every person mentally and physically able to do so should take the American Red Cross Instruction in First Aid Treatment. It's a life-saver and a pain-saver on the farm, in the factory, on the street, at the office, in the home, wherever accidents may occur. Here's a young wife who ineptly wielded a can-opener and received an ugly gash across her wrist from the jagged can lid. Mother was there, however, with the First Aid kit and Red Cross Instruction, and probably prevented a case of blood poison by giving prompt and proper treatment before the doctor arrived.

## NEW ATTITUDE TOWARD RUSSIA

Washington, March 24.—Early consideration is to be given to relations between the United States and Soviet Russia, it was indicated today at the state department.

Formal announcement of any alteration in the relations between the two countries or in any of the ruling by the Wilson administration, may not be made for some time, but it was made clear that already certain modifications of these rulings either are under consideration or have been made.

These decisions were reached independent of the appeal from the white house and sent to the state department without being called to the attention of President Harding, and it was first announced that it had not been received. A similar announcement also was made at the state department, but this subsequently was corrected.

### Appeal Is Received

The appeal was received at the white house and sent to the state department without being called to the attention of President Harding, and it was first announced that it had not been received. A similar announcement also was made at the state department, but this subsequently was corrected.

In the event of an agreement by the U. S. to treat with the Soviets, it was indicated that no technical bars would be placed against the entry into the United States of a delegation which the Moscow wireless dispatch to London said the Soviet proposed to send here to negotiate a trade agreement.

It also developed that a slightly broader view has been taken by the department regarding the issuance of passports and visas. While there has been no indication of any material relaxation of the regulations it became known that in certain exceptional cases visas and passports would be authorized. The announcement in press dispatches from Stockholm that a quantity of Russian gold now is on its way from that place to the United States. It also developed that the American government would not raise the question of the metal's origin. It was explained however, that the parties to whom it was consigned would accept it at their own risk.

The official view is that its status cannot be properly impugned if it bears the mint mark of any recognized government such as that of Sweden, which is reported to have been placed on the consignment. If, after it is received and accepted, a claim as to its origin or ownership is made, the question would be one for the courts to decide.

### Lenine Seeks Capital

The attitude adopted toward the importation of gold, it was explained is not different from that assumed in Great Britain.

It was also learned that official confirmation of Lenine's declaration of his renunciation of many principles of bolshevism, have been received and will be made one of the bases upon which American officials will build their study of the Russian question. It was made clear however, that Lenine's declarations were not accepted as definite proof that the Russian leader actually was contemplating and material alteration of his methods. The department has no doubt that he made the statements credited to him in which he declared that many of the principles of bolshevism had proved failures and that they must look to capitalism for rehabilitation and stabilization, but officials are not unmindful of the statements many times officially made in Russia that the revolutionary leaders would not hesitate to act and speak in any way deemed expedient to further the general plan of world wide revolution.

## Flavor!

No cigarette has the same delicious flavor as Lucky Strike. Because—

It's toasted  
LUCKY STRIKE CIGARETTE

## NAVAJO COUNTY PRESIDENT ISSUES CALL FOR NEW CONGRESS

The following figures are taken from the government census bulletin just issued for the month of March. The totals will no doubt be a little disappointing to all of the towns of the county, after an unbridled license for several years, in making boasting claims as to their population. The principal objection to the federal census is its aptitude to squeeze the water out of the inflated population claims of over-enthusiastic communities.

## ADMINISTRATION DRY OR WAS DISPUTED

Washington, March 23.—Definite announcement that former Attorney General Palmer's opinion, permitting persons to prescribe beer for medical purposes, would stand unless Secretary Mellon should ask for a review, was made today by Attorney General Daugherty.

The attorney general reiterated that except on request for a review by the head of the department, the department of justice could not hand down reviews of its own opinions in this way.

In connection with the possible transfer of the prohibition enforcement bureau from the treasury building to the department of justice, as a part of a general reorganization of government departments, the attorney general said he was not seeking any additional authority but would accept such responsibilities as congress might place upon him. Creation of a single intelligence department to do the investigation work of the government was advocated by the attorney general.

More than double the average amount spent annually for ten years in building the Panama Canal, was spent last year in constructing highways by Federal aid within these United States.

As a result of the record-breaking cross-continent trip completed by postal airplanes recently a continuous day and night air-mail service between San Francisco and New York City will be established May 1.

### PEOPLE OF OUR TOWN

The Easy Talker is all Warned Up and is going So Good that he has forgotten All About the Speaker of the Evening, whom he is introducing. Every town has a Self-Made Orator who can Go to the Mat with the Dictionary on short notice and Comes in Handy when the Regular Speaker can't Get There.

## SENATE IS BUSY IN LAST HOUSE

Phoenix, March 21.—With only two days of the session remaining, both houses worked hard and late yesterday in an attempt to get thru as much legislation as possible before the sound of the final gavel. The house spent the entire day in considering the general appropriation bill, while the senate put thru a number of important measures. Legislators are now beginning to see daylight through the maze of consideration with the prospect that their duties will be pretty well rounded out tomorrow the closing day.

The civil administration bill calling for a reorganization of state officers and departments was passed by the senate by a strictly party vote.

**TAX LEVY BILL CUT**

Senate bill 83 providing a tax levy for common and high schools sufficient to raise \$30 for every school child as shown by daily average attendance records was amended by Senator Woodward to cut the allowance to \$25 per pupil and send back to the enrolling and engrossing committee to incorporate the amendment.

**PROMPT ACTION ON SOME**

A record for prompt action was the action taken on a new bill by Senator Woodward regarding the banking of state funds. The bill was introduced in the morning and under suspension of the rules rushed through to third reading and final action and was carried by a vote of 17 to 1.

## THE CHURCHES

### EASTER SERVICES IN THE METHODIST CHURCH

Sunday School on Easter Sunday will open at 10:15 A. M., instead of at 10:00 o'clock, the usual hour. Subject of Lesson: "The Risen Christ."

At 11:00 o'clock instead of the regular preaching service, the Sunday School pupils, assisted by the Church Choir, will present the cantata: "My Jesus, I Love Thee." This is a beautiful service of choruses, duets, and solos, and speaking exercises by the little folks. The Pastor will give a short talk on the Easter Lesson.

At 7:30 P. M., instead of the usual Epworth League meeting there will be an Easter Evening Service with the following special features:

Vocal Solo, "I Know That My Redeemer Liveth," Miss Isla Gard.  
Violin Solo, "Souspirs," Mr. J. P. Fisher.  
Vocal Solo, Mr. H. Perry Carter.  
Anthem, by the Choir, "O, Holy Father."  
Sermon, "What Christ Means to Man."

If we are not disappointed in receiving the slides that are ordered, our hymns for this service will be illustrated by a number of beautifully colored pictures. Everyone, present on last Sunday evening were pleased with the illustrated song service.

The committee in charge of the Easter Egg Hunt, are planning a good time for the children of the school next Saturday afternoon. Be at the Court House lawn at 2:30 and see who finds the largest next.

### EASTER SERVICES AT THE EPISCOPAL CHURCH

Easter Service will be held at the Girls' Friendly Hall at 4:30 Sunday afternoon.

There will be Communion Service at the church at Winslow at 7:30, and at 11:00 A. M., to which we hope the members may find it convenient to attend.

THE AMERICAN RED CROSS IN PEACE TIME  
Eastern Europe

Americans who contribute to the Red Cross would feel amply repaid for their generosity if they could see what it means to hundreds of thousands of war weary sufferers in the Balkans. Here is a widowed Roumanian mother with her five children just after a visit to a Red Cross relief station. All are barefoot and the boy at the left is wearing clothes made of scraps from the battlefields. They have just received winter clothing, food and condensed milk for the baby. Similar work is being done for Russian refugees driven from home.

## RUSSIAN ARMY IN TURMOIL

London, March 23.—Newspaper reports from Riga state that the fifteenth and sixteenth soviet armies stationed in the vicinity of Pskov, are in open disorder and deserting in crowds, says an Exchange dispatch from Copenhagen today.

The soviet government is reported to have declared martial law in 16 provinces, the report says.

## HAMON VERDICT WAS PREMEDITATED

Ardmore, Okla., March 23.—Clara Smith Hamon, acquitted last week on a charge of murdering Jake L. Hamon, Republican national committeeman and reputed millionaire oil man, spent today resting from the eight days in court, and reading a hundred letters and telegrams from sympathizers. She had two conferences with attorneys, who later said nothing had been arrived at regarding the possibility of a suit against the Hamon estate, while Clara had before her a number of high salaried offers, she was not considering their acceptance.

She said herself that she was more interested in making a new start in life and establishing herself with respect to the people of Ardmore, where she will remain for the present. In a few days she said she will probably go to El Paso, Texas, where her father is very ill, and later go to California where a married sister lives.

At the office of the county attorney of Carter county late today it was said there was no intention to prosecute Clara on the statutory charge filed against her and Hamon, with whom she lived for ten years at the hotel where she shot him.

It also was said at the county attorney's office that information against Frank Ketch, formerly Hamon's business manager, now administrator of his estate, charging him with being an accessory after the fact of Hamon's murder, would probably remain in the pigeon hole, never to be served. Ketch testified that he gave Clara Hamon \$5000 and told her to leave Ardmore and remain away.

At the county building today the district clerk was busy paying the expense of the Hamon trial. He said that the cost would probably run between thirty-four and thirty-five thousand dollars.

Jurors who rendered the verdict for acquittal yesterday reiterated that only one ballot was taken and that it was confirmed by a rising vote. W. A. Jolly of Ardmore, a member of the jury, said that when the jury retired he said to those around him by way of feeling out sentiment, "Well men, I favor a first degree murder verdict." "Then," he continued, "one of the others replied: 'I favor letting her go and doing it quickly,' and I added 'so do I.'"

## EX-SERVICE MEN COULD USE CAST-OFF CARDS

Can you gather together a few decks of cards that have been cast aside because the edges are turned or bent, or because they have been used more than once? Can you get a half dozen or a dozen decks of cards from your club, or your friends?

Ex-service men in the six United States Public Health Service Hospitals in the Pacific Division of the American Red Cross (want to play cards to help pass the long hours. They won't mind if the edges are torn, turned or ragged, or if the spots are neatly concealed with some smudge.

Will you send all of your discarded decks to Miss Hilda Steinhart, Supervisor of Hospital Service, Pacific Division Headquarters of the American Red Cross, San Francisco. She will forward them to the hospital patients. If you have any games, victrola records or musical instruments that are not in use, will you include them also.

with being interested in the removal of the county seat from Globe to Miami.

"No, I was not interested in Miami at all," he said: "but I do not want to see anything placed in the way of the town of Claypool becoming the county seat of Gila county."

It was then moved to amend by striking out the 15-mile clause. Eddy voted no, but before the vote was announced, changed his vote to aye, with the final vote ten to seven favoring the bill.

The bill was sent back to the enrolling and engrossing committee to incorporate the amendment.

## SAVINGS ORGANIZATION PROVES SUCCESS

Philadelphia, March 23.—University of Pennsylvania boys have taken the lead in a movement which economists agree is one of prime importance for the financial and mental welfare of the United States. They are aiding to educate both foreign and native born residents of Philadelphia in sound principles of personal finance, thrift and safe and profitable investment.

These workers have realized that instruction in these subjects without effect and many of them are taking regular canvassing trips throughout the more densely populated districts of the city, inducing the purchase of Government Savings Securities, as Saving Stamps and Savings Certificates. Regular trips are made to encourage the regular buying, laying aside of a certain amount of each week's pay envelope, and the canvasser travels from door to door, overlooking no opportunity.

The results of this work have been most helpful and satisfactory and have been reflected strongly in the attitude of those addressed, both in the purchase of securities and the piling up of saving funds.

## COWBOYS TO GET UNIFORM WAGES

A uniform salary for cowboys will henceforth be the rule among Arizona cattle outfits, according to a decision made by the Arizona Cattle Growers' Association, at its recent conference in Phoenix.

Instead of wages varying from \$40 a month to as high as \$60, there will henceforth be a uniform rate of \$45 a month on all ranches. A similar agreement to pay \$45 a month to sheep herders was reached by the Arizona sheepmen recently.

The new wage scale of \$45 a month was adopted on account of difficulties which the cattle growers are facing at this time.

Due to the fact that there is practically no market for cattle at present, the cattle grower finds himself in a poor condition to pay good wages.

This of course, is small consolation for the cowboy, who finds that in comparison with the wages of domestic servants in the cities his \$45 a month is a very slender stipend.

With servants pay in Los Angeles and other coast cities ranging from \$35 for average help to over \$100 a month for Japanese help, the Arizona cowboy naturally feels that the chance of his calling will have to be given very high valuation in order to make up for the uniform wage of \$45.

It is reported that an immediate result of the announcement of the new wage scale for cowboys has been a marked increase in the number of letters received each morning by Tom Mix from buckaroos aching to break into the movie game.

The rainiest spot on earth is the Waipo Valley in Hawaii. The precipitation averages one inch a day.

Two thousand five hundred and three oil wells were completed east of the Rocky Mountains during January.

The money that American women spend on jewelry, feminine fobies, and beautifiers in general during one year would pay either half the interest on the national debt or the entire appropriation for the Navy, including new ship construction.

THE AMERICAN RED CROSS IN PEACE TIME  
Child Welfare

Boys and girls who learn early to take proper care of their teeth, throats, eyes, ears and stomachs, have made a long step toward healthy manhood and womanhood. Through its public health and nursing services, the American Red Cross aims eventually to reach all school children with teachings regarding disease prevention and health promotion. Here's a school nurse treating a little girl for sore mouth, at the same time implanting a valuable lesson in tooth-brushing and proper diet.
