

HE'S TYPICAL LEGION WORKER

Connecticut Man is Chosen Department Adjutant for Period of Three Years.

Thomas J. Bannigan has received the unique distinction of being elected adjutant of the Connecticut department of the American Legion for a period of three years.

Mr. Bannigan was born in Utica, N. Y. He received his education in schools of that city and in Georgetown Academy. He came to New Britain, Conn., 25 years ago and in 1911 moved to Hartford where he is engaged in the wholesale and retail cigar business.

During the war Mr. Bannigan served as a captain. Returning to Hartford at the end of the war, he gave his ef-

orts to revitalizing his business. In February, 1919, when the city of Hartford needed a capable man to direct its Soldiers, Sailors and Marines' club, Mr. Bannigan was asked to take the job. Despite the call of his business, he abandoned it again, through patriotic motives, to supervise the club. A record-maker in the formation and organization of Rau-Locke post No. 8, Mr. Bannigan soon became one of the most prominent Legionnaires in the state and was elected as the first state adjutant. Department headquarters had been without a permanent location, using a room in the Service club as quarters. Mr. Bannigan prevailed upon the city authorities to turn the building over to the Legion.

Mr. Bannigan is also a member of the national committee on war risk insurance and compensation and is chairman of the Hartford Elks' national soldiers' fund committee.

TO TURN HOSPITAL TO STATE

Texas Department of American Legion to Relinquish Control of Kerrville Institution.

The Texas department of the American Legion is completing arrangements to turn the Legion Memorial hospital at Kerrville over to the state, in order that the provisions of the bill appropriating \$1,500,000 to expand the institution to a capacity of 600 tubercular patients, passed by the state legislature, may be carried out.

The Legion will maintain its hospital organization, which will co-operate with the state health officer, the superintendent of the state tuberculosis sanitarium and the chairman of the state board of control, the officers designated to supervise the expenditure of the appropriation.

Charles W. Scroggs, state adjutant of the Legion, has expressed the appreciation of the ex-service men as follows: "The governor of the great State of Texas has met our expectations and I am firmly convinced has only consummated the sentiment of the people of Texas by signing the Legion Memorial hospital bill. The Legion is proud to share with the governor and with the legislature our inordinate pride in the consummation of this splendid endeavor and fulfillment of our fundamental duty to Texas' disabled ex-service men."

Kansas Passes Laws for Legion.

That the voice of the ex-service men of Kansas, as represented by the American Legion, has been heard is manifested by the generous enactment of legislation beneficial to veterans of the World-war. The legislature of that state has passed the following bills affecting ex-service men: An adjusted compensation bill, in the form of an enabling act; an act granting to all ex-service men of the World war the same rights, privileges and immunities granted to veterans of other wars; an appropriation of \$1,000 a year for general expenses of state headquarters of the Legion; an act protecting the Legion and Auxiliary emblems from unauthorized use; exemption from taxation of all property held in the name of the Legion; an act placing under the care of Legion posts erring young boys paroled from industrial schools; and a boxing bill.

Eight Bars on Victory Medal. George Leander, a member of Argentine Post of the American Legion at Des Moines, Ia., has eight bars on his Victory medal.

Anything is Possible. "While one man says of a thing: 'It is impossible!' and contents himself with saying so, another one passes him and does it. This has been the history of the world's progress ever since time began. We cannot say of anything that it is impossible in this marvelous world of invention and endeavor. We can only say: 'It has never yet been done.'"

NEW GOWN FOR DEBUTANTE

This evening gown for the debutante is of shell pink faille, trimmed with silver lace. The apron front is wired out in hoop effect.

CLOTHES FOR STOUT WOMEN

Black, Navy Blue and All Extremely Dark Shades Will Attract Less Attention.

While the slender women may occasionally indulge in bargain corsets, a purchase of this kind with its hazardous fit is to be avoided by the woman inclining toward stoutness, for it is by means of a properly constructed and properly adjusted corset that the figure foundation is made.

The choice of fabrics for gowns is also very important when a slender appearance is desired. There are certain materials and colors that have a tendency to magnify the figure, while others have the opposite effect. Rough surfaces should be avoided by large women. Brilliant colors can be used successfully only in very small touches.

Certain colors are generally known to apparently diminish size, among them being black, navy blue and all the extremely dark shades, while white and the light colors are apt to be expansive.

Stripes cut off the width and emphasize the length, but a woman even verging on stoutness cannot consider a plaid. Fabrics woven or printed in large figures are not to be thought of, although small figures may be considered. A one-color scheme of dress-making is good for the stout woman. In dress designs long ones should be cultivated, as they break up the width of the figure. Horizontal or cross lines should be studiously avoided. Tunics and draperies are good if they are long. Tightness is a mistake. A gown that is tight fitting will attract attention to size. The lines should be easy, no compression in one place to cause a bulge in another, for flesh must go somewhere. Plain girdles and narrow crushed girdles may be used with one or two narrow sash ends.

Soft, indefinite colors suit an older woman. She should avoid bright, harsh shades that call for a young, fresh complexion on the one hand, and the drab tones and dull blacks that suggest the old lady on the other hand. Pearl, silver, opal-gray, emerald, wistaria, pearly color and black and white are the best colors for her. For street suits older women should keep pretty close to very dark blues, blacks and dark greys.

USE COLORS IN HAIR NETS

Hair Dresser Advises Certain Shades to Add Colorful Glints to the Tresses.

A well-known hairdresser advises the use of hairnets of certain colors to add colorful glints to the hair.

If the hair is a dull mouse color and the eyes are blue, use a gold-yellow hairnet.

If the eyes are brown, a red net should be tried.

Of course, the very best nets must be purchased, and not those of artificial hair, poorly colored.

If gray hair is inclined to be yellow, a very fine, dark blue hair net, worn over the coiffure, will take all tinge of yellow out of it.

As blue hairnets cannot be purchased, a white one will have to be dyed in one of the bluing prepared.

The net should be of the best quality so as to give the right effect.

Patent Leather Hat. A smart hat worn by a woman who knows how to dress is made of black patent leather of a fine, thin quality, with tiny colored wooden beads, sewed on at regular intervals all over its surface.

Beltless Jackets. Jackets are generally beltless and single buttoned.

Intelligent Apes. At the foot of Mount Kowang, in North Manchuria, there live strange animals called "faru-nanban-kau." They are larger than ordinary apes and the spacious caverns in the rocky sides of the hills. During the spring and summer they store up sufficient food for the winter.
