Do not think you are profane when
you say that you "don't care a dam."
The truth is that a dam was the smallest
Hindu coin at a time when the
English were invading India, and the
expression that one "didn't give a dam"
naturally sprang up to mean that a
matter was of next to no importance.

**Holbrook News
Notes**

'Twas a fine exhibition of
the national sport.

R. E. Margesson was in
town the fore part of the
week.

The Big Carnival certainly
has a lot of attractions. At-
tend and be entertained.

St. Johns rooters were
much in evidence last Sun-
day, and they were ladies
and gentlemen.

The Orman Construction
Company is going ahead with
the sewer and water project
in a business like manner.

Mr. Lowry, brother of one
of the young men involved
in the automobile scrape, is
here from Iowa.

City school closes this week
after a very successful year.
Everyone connected with our
schools is to be commended.

Mr. Fleming of Phoenix is
again with us. Holbrook is
quite a lure for everybody.
They go away but they come
back.

William Morgan is in town
again after a winter in Phoen-
ix. Mr. Morgan is one of
our biggest sheep men, and
usually winters his sheep in
Phoenix.

Mr. Pincetl, manager for
Babbitt's, reports steady in-
crease in business at this
branch. He is very optimistic
of business for the sum-
mer.

Flagstaff Normal base ball
team journeyed to our town
last Saturday with the avowed
intention of taking the
scalp of our High School
boys, but they returned home
with the losers end of the
deal. The score was 28 to
19, in favor of our boys.

Rev. Frank R. Speck un-
ited in marriage on Wednes-
day of this week. Charles H.
Wolf and Eva R. Van Horn.
Mr. Wolf gave his address
as Holbrook, but we were
unable to ascertain the home
town of the lady.

W. D. Bailey and wife of
Cedar Springs were noticed
at the carnival. Wallace
says that the poem "Lo, the
poor Indian, whose untutor-
ed mind" is the bunk. To be
a successful Indian trader to-
day, one must be something
out of the ordinary as a met-
aphysician.

Even the best teams lose
occasionally. Thirteen sure-
ly proved unlucky for our
High School boys; that being
Winslows end of last
Wednesdays ball game while
the Holbrook lads were only
able to tally six times. The
boys offered no excuse but
we happen to know that the
team was badly crippled.

Don't fail to attend the
ball game on Sunday. If
you feel speculative, bet on
the home team, and ROOT
for them.

They say that Hula Hula
girl shakes a mean hip.

Herewith we advance our
claim to having the most
popular pump in town. At
that, nothing but good wa-
ter comes out from it.

If one can judge from the
business transacted at the
local agency, Lizzie is extra-
ordinarily popular.

Some Chicago slickers are
selling shares in the League
of Nations. Judging from
the outlay of member coun-
tries it will be an appreci-
able time before stockhold-
ers draw a dividend.

That Carnival motor cycle
rider is sure careless with
his person.

Doesn't this weather make
you glad to be here?

The baseball club heartily
appreciated the efforts ex-
pended on their behalf by
the musicians at the dance.

Girls, if you want to have
a real good time this sum-
mer, join the Beehive girls.
Come and be a Queen Bee.
Be a worker. They will
swarm at the L. D. S.
Church Wed. May 18th a
8 p. m. This invitation is
extended to all girls over
thirteen years of age.

HE SURE WILL

"Doctor, can't you help
my husband?"

"Oh, he worries so."

"About what?"

"About his money. Can't
you please do something for
him, Doctor?"

"I think I can. Send him
to me, I'll relieve him of, at
least some of his trouble."

—Yonkers Statesman.

Some FACTS About

Here are authentic figures from the Ford Factory at Detroit.
They show you just how many Ford cars and trucks have been
built each month since January 1, 1921 and how many have been
sold to retail customers, in the United States.

	Produced	Delivered to Retail Customers
JANUARY	29,883	57,208
FEBRUARY	35,305	63,603
MARCH	61,886	87,221
Total production	127,074	Total Retail Sales 208,032

showing that actual sales for the first three months of 1921 ex-
ceeded production by 80,958 Ford cars and trucks!

April requisitions already specify 107,719 additional cars and
trucks and the estimated April output of the factory and assem-
bly plants combined calls for only 90,000!

These facts clearly show that the demand for Ford products
is growing much faster than manufacturing facilities to produce
and were it not for the dealers' limited stocks, which are now be-
ing rapidly depleted, many more customers would have been
compelled to wait for their cars. It will be only a matter of
weeks, therefore, until a big surplus of orders will prevent any-
thing like prompt deliveries.

If you would be sure of having your Ford car or truck when
you want it, you should place your order now. Don't delay.

A LITTLE BUYS IT

A GOOD INVESTMENT

A Little Maintains It

Therein lies the phenomenal success of the
Overland. Its price presents no difficulties
now. Its maintenance doesn't develop any,
later. It is just as economical on the road as
it is in the showroom, and there are no ex-
cessive bills for gas or tires to mar its use-
fulness or cloud its pleasures. There are 75,000
Overland owners who will bear testimony to
its economy!
