NEW BABBITT STORE AND THEATRE AT GRAND CANYON

Babbitt Brothers have obtained a 20-year concession from the U. S. government for store and amusement privileges at Grand Canyon, and Albert C. Martin, of Los Angeles, the architect who designed the Flagstaff post-office building, is drawing the plans. The building will be two stories high, of stone, but neither the size nor the exact location is known at the local Babbitt offices. P. J. Moran said that he believed David Babbitt Sr., who is now on the coast, knows the details, but they had not been decided upon until recently, waiting for the verdict of the landscape engineers in charge of Grand Canyon National park improvements.

The new building will include mercantile rooms and a theatre, the latter to be used mostly for moving pictures. It is likely that a refrigerating plant will be installed. The details are being worked out by George A. Spellmire, of Williams, who has general charge of the plans.—Coconino Sun.

The Chicago Tribune is being sued by Mayor Thompson on behalf of the City of Chicago, for a mere ten million dollars. Thompson claims the Tribune did the city that much damage financially by attacking it during a recent campaign. If the Trib. gets stung for the amount, me'n Editors Montross of St. Johns, Sims Ely of Holbrook and Root of the Winslow Mail will take the matter up, for we don't propose to have any members of the profesh short changed that way.—Coconino Sun

SCHOOL NOTES

The first regular meeting of the Parent-Teachers Association will be held at the High School Friday evening, tonight, to which all parents, patrons and friends of the schools are invited. A fine meeting is expected. The program is as follows:

Selection - Central School Girls Glee Club; Reading - Goldie Greer; Piano Duet - Fay Flanigan and Daisy Divelbess; Selection - High School Girls Glee Club; Violin Trio - Mrs. J. W. Bazell and Messrs Fischer and Carter; Address - Prof. J. F. Walker, Vice-pres., Northern Arizona Normal School.

Football has been occupying the spare time of the high school boys at present and they are hard at work getting ready for their first game with Emerson High School of Flagstaff at the latter place Saturday, Oct. 15th, other games have been scheduled with the following schools Flagstaff, Winslow, Gallup and Prescott.

An Armistice Memorial program is being arranged for the evening of November 10th. A prominent speaker has been secured for the occasion and it is urged that all turn out. Later announcements will be made.

The roof of the gymnasium is being assembled this week and it is hoped that the roof sheeting and siding will be finished by the middle of next week.

Miss Effie Scott of Minneapolis, Minn. arrived here last Friday to take up her duties as extra primary teacher.

In about two weeks the 2nd. grade will have school all day. Announcements will be made later.

The two cloak rooms in the high school are being remodeled and as soon as the

MR. AND MRS. D. J. THOMAS ENTERTAIN IN HONOR OF NEW BANK OFFICIAL

One of the largest and most successful social gatherings of this season was held at the residence of Mr. and Mrs. D. J. Thomas in honor of Mr. and Mrs. Holcomb last Friday evening. Auction bridge was played throughout the evening, and at eleven o'clock a dainty luncheon was served.

Following is a list of the invited guests, and one may be sure that all attended.

(All Mr. and Mrs.) HOLCOMB, James Scorse, Henry Scorse, Fred Wetzler, Geo. Hennessey, J. M. Patterson, L. C. Henning, W. E. Ferguson, John Flanigan, Sidney Sapp, C. H. Jordan, W. B. Woods, Jesse Hulet, L. Cadwell, W. J. Hookway, J. M. Lee, R Lee Newman, W. L. Chamberlain, Dr. and Mrs. Bazell, Mr. Chas. Coolery, Miss Cousins, Mr. Goodner, Prof. Brannigan, Miss Irene Whetstone and Miss Sapp.

LEAVE IT TO AN OLDTIMER

In less than twenty four hours, Judge D. W. Easley ventured into the hunting country, shot a two year old buck, two turkeys and was happily ensconced in his home again. The judge noticed the younger members of his party plunging through the brush in a sort of semi-circle, so he proceeds out in front to about where he guessed would be the centre of their operations and patiently waited. Pretty smooth guessing, Judge.

L. D. S. CHURCH PLANS

During the coming winter the L. D. S. Church have mapped out many good times for the younger people. The purchase of a good piano is an item which will add materially to their completion. Incidentally financing the aforementioned purchase is the reason for making any charge in connection with social affairs which are in prospect.

Tomorrow morning the ladies of the church will have on display in the windows of the meat markets in own a varied, and knowing their reputation as cooks we feel justified in saying full assortment of baked and cooked foods. Patronage worthy of the product will undoubtedly be accorded.

Saturday evening, starting at eight o'clock, a dance will be held in the church. The music will be furnished by the best of the local talent, the refreshments will be L. D. S. standard, and if the attendants do not enjoy themselves, well-----? A nominal charge of 50 cents is being made, and no sane person will grudge this amount.

material arrives they will be finished, and ready for the high school classes.

The Port of Missing Men

BONDS THAT YIELD MORE THAN 10 PERCENT

Staple Issues That Have Been Overlooked

General advice is no advice at all. What investors want is specified particulars. The stockmarket has now recorded about three weeks of advancing prices, and though prices in general are above recent quotations, there are still some issues which have not been favored. The stability in their prices is not indicative of unattractiveness; rather does it prove that investors prefer following a leader to being the pioneer.

We refer to bonds like the following:

	Price	Yield
Cuba Cane 's 1930	92	12.00 per cent
Chinese Rail-way 5s, 1951	45	10.70 "
Italian 6s, 1925	89	10.00 "
St. Louis & San Francisco, Inc., 6s, 1950	60	10.40 "
Sinclair Consolidated Oil Co. 7 1/2 per cent, 1925	93	9.63 "

The Bonds suggested above are all highly secured with the possible exception of the Cuba Cane 7s. This Bond, however, should soon begin to reflect the improving financial condition, not only of the company, but of Cuba as well. An investor who purchases this list should be well able to sit back and feel that he is receiving an average yield of 10.54 per cent on his investment and in addition the future should hold substantial enhancement in price, writes Sugarman's Indicator.

IMPORTANT FIELD WORK

Thomas C. Mills, the supervisor of drilling for the Taylor interests, has been actively engaged for the past week in making the necessary survey for the proposed wells, and also making preparations for the erection of the derrick, timbers for which have been ordered by telegraph from Los Angeles, through the Cooley Lumber Company, and are expected to arrive in about ten days.

COMPASS NEEDED

W. E. Ferguson and Ed. Foster took Edgar Loveridge of Prescott with them on the hunt for deer. Mr. Loveridge became separated from his companions and failed to put in an appearance at camp on Sunday evening. After waiting all night for him to return, "Fergy" phoned the sheriff's office. A posse was authorized from Snowflake to find the Receiver in Bankruptcy, not that Navajo County is likely to need him again, but he's a right nice man. Before the posse actually got started, the sheriff's office received a message stating that Mr. Loveridge had returned to the fold. Moral, city fellows bring guides.

FIRST DEER OF SEASON

To Henry Hays and Mike Kells we award the asbestos hot water bottles for bringing in the first deer of the season. It was of good size, about 110 pounds dressed, and had four pointed antlers. The deer was shot about a mile off the Payson road south of Winslow. The happy hunters returned to Holbrook Sunday evening last.

Frozen Credits Are Thawing Out!

J. Ogden Armour is quoted as saying, in a recent address, that the tide of business has, at last, turned for the better. This also seems to be the prevailing viewpoint in Metropolitan banking circles. Credit is once more being made available on terms attractive to business, and the whole country is definitely easing up from its long spell under "frozen" credits on fundamentally improved conditions that are positive evidence that we are approaching much better times.

FOSSIL BEDS OF LARGE AREA DISCOVERED BY SPORTSMAN

W. A. Rutter, one of the staunch friends of the Zuni Company, while hunting for deer and turkey this week, discovered a very large fossil bed. The important bearing which this geological feature has on the oil field so excited Mr. Rutter that he forgot the original purpose of his trip and gave all his time to tracing the extent of the deposit. Literally hundreds of acres in area and from 12 to 14 feet in depth is a very conservative estimate. Bill found shells of one kind or another buried in both shale and lime, and that he is no treader is proven by the samples he brought with him.

DR. AND MRS. TAYLOR ON THE COAST

Dr. S. Earl Taylor and wife left on Thursday for Los Angeles for a little outing and to look up certain business matters connected with the drilling of the proposed wells.

CAPTAIN CUSTAS TRANSFERRED

The many friends of Capt. Custas, formerly stationed at Ft. Apache, will be extremely sorry to learn that he has been transferred to the Ordnance Proving Ground near Baltimore, Md. The captain is to take a two year course in the school there. Completion of the course will probably mean promotion. We extend advance congratulations.

ROAD CHANGES

County Engineer West has been supervising the work on the Holbrook-Gallup road and on the Holbrook-Keams Canyon road. A slight change was made in the Gallup route, the road being shifted to the rim instead of on the flat, and the Keams Canyon road will be changed to go around the Salt Seeps instead of through.

MR. HAGER WILL RETURN

It is announced that Dorsey Hager will return to Holbrook within about two weeks, accompanied by his wife, and that while here he will proceed with further geological studies under the auspices of the Taylor interests.

SUCCESSFUL DANCE

Last Saturday night the Home Orchestra, under the direction of J. F. Fischer, again satisfied a large audience. The dance was thoroughly enjoyed by all.

the portrayal of desert are many. Success is granted to few, and success borne in the thankful spirit which is displayed by Mr. Eytel stamps him as one of large calibre. His appreciation of Holbrook is gratifying indeed and we have pride in having been at least partially his confidant.

REMAINS OF ONE OF NAVAJO COUNTY'S HEROES HONORED BY THE AMERICAN LEGION

The body of John R. Lewis was received on train No. 7 last Friday. The local American Legion Post turned out in full force, paying, as far as it is possible for a mortal, tribute to the memory of the brave boy who laid on the altar of his country the supreme sacrifice.

"How can man die better, than facing fearful odds For the ashes of his fathers, the temples of his gods?"

JOHN R. LEWIS

John R. Lewis was born at Kanab, Utah, the 26th day of Dec., 1895, the son of John and Emma J. Brewer Lewis. He joined the United States army Oct. 4th, 1917, leaving Holbrook Oct. 5th, in company with other Navajo County boys for Camp Funston. After training there for some little time, he was transferred to Camp Kearney, Cal. In June, 1918, he was sent to France, and the training he had gone through warranted his immediately being sent to the front line. The Rainbow division, of which he was a member, took part in five of the biggest battles in which the American Army engaged. St. Mihiel, Belle Wood the Argonne, Verdun, the assault on Chemin des Dames.

In the last named engagement, Lewis received the mortal wound to which he succumbed. He died in an American hospital, "Somewhere in France," Oct 9th., 1918. His remains are buried in the Taylor cemetery. "REQUIESCAT IN PACE"

ENTERTAINMENT

An opening Social of the M. I. A. will be held in L. D. S. Church, Friday Eve, Oct. 14, 1921 consisting of dancing and a short program as follows:

Male Quartet, Perry Carter, direction; Talk on M. I. A. work, W. B. Farr; Story, Mrs. C. H. Jordan; Ladies Quartette, Mrs. Vera Jennings, direction.

The winters work of the M. I. A. will commence Sunday Eve, Oct. 16th. A study for the advanced Senior Class of the M. I. A. Sources of Joy and Factors of Happiness. A cordial invitation is extended to everybody to join us in the winter's work.

Progress on the city water well is somewhat slow, but footage is being satisfactorily made.

Dave Thompson has been surveying some land for Dr. S. Earl Taylor. Whether or not the section-7,17,21- is to be the well site is still a matter of surmise.

B. B. Neel, vice-president of The Bank of Winslow, was a Holbrook visitor last Wednesday.

Atty. C. H. Jordan attended to legal business in his Winslow office this week.
