

The Copper Queen Store.

Gift Things of Leather.

Such an array of articles suitable for gift purposes as you'll find throughout the store—all of leather and for all kinds of uses.

If on the second floor stop a minute at the Dry Goods Department. There you'll find

Mexican Carved Leather.

Muslin rolls, \$5.00. Chatelaine bags, \$3.00, \$4.00 and \$6.00. With oxidized and French gray metal trimmings. Some are of gray and ox blood leathers. Belts for women, \$1.50 and \$1.75. Eye glass and spectacle cases, \$1.00 each.

Writing Cases

with compartments for paper and envelopes, non-leaking ink bottle, pen, sealing wax and die receptacle. All as compact and handy as can be. Imitation leather \$1.50; genuine leathers, \$3.25, \$4.00 and \$4.50.

Chatelaine Bags

\$1.75 and \$2.25. The Boston bags at \$2.50 and \$3.50 are not leather, but silk. Chatelaine purses from \$1.00, \$1.50, \$2.25 and up.

Music Rolls.

One serviceable, handsome roll is of gray suede, or undressed leather; price \$1.75. Cheaper ones at \$1.50 and down to 75c.

Traveling Sets.

A handy arrangement for keeping your comb and brush, tooth brush and such needful things right where you can easily get at them in the trunk or bag when traveling. Some sets for as little as \$2.00, from that up to \$6.50. Here's the contents of one case; nail file, scissors, brush, comb, tooth brush and tooth powder, bottle. This case is \$3.50.

Collar and Cuff Receptacles.

The round ones and the long, flat kinds that open at both ends. \$1.50 to \$5.00.

At the Drug Counter:

Finger purses \$2.50 and \$3.00; pocket books \$1.50 and \$3.00; cigar cases \$2.00—all of Mexican carved leather. Pocket books in all kinds of leathers, from \$1.00 to \$4.00, plain and sterling silver mounted.

Across the way in the Furniture Store:

Dress suit cases, \$3.75 to \$12.00. Traveling bags, \$1.50 to \$12.00.

A Young Woman Murdered in Pittsburg

Pittsburg, Dec. 17.—This city is much excited over a horrible murder which occurred here last night. Miss Harriet Murphy, socially prominent and well known in church circles, being treasurer of the Kingsley House fund, was found dead this morning in a room of her house in the fashionable section. A porch climber evidently entered her room. There was a struggle. Miss Murphy, who sleeps with a revolver under her pillow, possibly wounded the ruffian, who fled before he secured any booty, but not without murdering his victim. Owing to the prominence of the family the entire police force has been at work trying to ferret out the mystery, but as yet there is no clue.

Schley's Counsel Will Present Protest

Washington, Dec. 17.—Secretary Long today decided to grant an additional twenty-four hours to Schley's counsel to enable them to prepare their protest This brings it until Thursday evening. Two resolutions have been introduced in the house upholding and commending Schley and calling for an investigation as to his doings as admiral, also one to put him back again on active list.

Philippine Tariff Will Pass House

Washington, Dec. 17.—House chairman Payne brought up the Philippine tariff bill today and made an elaborate speech explaining in detail, section by section. Gains, of Tennessee, opposed the proposition and the debate continued until the close of the session. The vote will be taken tomorrow at four o'clock. The bill will undoubtedly pass.

Crime Increasing In Washington, D. C.

Washington, Dec. 17.—Crime against women are rapidly increasing in the national capital. Yesterday Mrs. Elizabeth Shannon was found dead in a field. Finger marks on her neck indicate a struggle and assault. This morning David Engle was arrested, but the evidence does not seem sufficient to hold him. Other women have been assaulted in the very heart of the town

Postmaster General Will Resign.

Washington, Dec. 17.—Announcement this afternoon was made that Postmaster General Smith has tendered his resignation and that it has been accepted. Henry Payne, national committeeman from Wisconsin, has been offered the position and has accepted it.

THE DISTRICT COURT

Jury in the Andrew Griffin Case Says Not Guilty.

Tombstone, Dec. 17.—The Andrew Griffin case was continued on Monday. Mr. and Mrs. Aston testified as to the distance from their place to Griffin's camp. Mrs. Aston testified that she knew both Powell and Griffin. That her home was about two and one-half miles from Griffin's camp. On the morning of the 2nd of October Powell came after his horse. This was between 8 and 9 o'clock.

George Aston was recalled, merely to corroborate his wife's statement as to the distance from his ranch to Griffin's camp. After this testimony was in both sides rested and the case was argued by Allen R. English for the prosecution, and Neale and Goodbody for the defense.

TUESDAY AFTERNOON SESSION. At the reopening of court Judge James Reilly, made inquiry of the Court as to the probability of the civil case of Marks vs. Castello, being heard on date set as per docket, Friday of this week. The court replied that Judge Reilly could assure the witnesses for the defense in this case, that they will not be needed this week and probably not at this term of court as there were twenty felony cases yet to be tried and night sessions would be the rule until they were disposed of, by which time the date set for adjournment will be reached.

At 2:05 p. m., the announcement was made to the Court that the grand jury was ready to make its final report. Report was received and ordered filed, (a full copy of which will be found in another column of this issue). The Court commended the members of the grand jury, as a body, for diligence and faithfulness and ordered that they be relieved of further attendance at this term of court.

In addition to their final report the grand jury reported having referred the case of J. N. Johnson to the next grand jury.

In the Griffin case, Mr. English soon closed his remarks and was followed by Mr. Goodbody.

The jury retired for deliberation at 3:20 p. m., and returned a verdict of "not guilty" at 9:30 p. m. Six ballots were taken, the first, second, third and fourth being eight for acquittal and four for conviction in a lesser degree than charged. The fifth ballot showed a gain of one for acquittal. This change seemed to have broken the conviction portion of the jury and soon after the remaining three joined in the verdict of acquittal.

When the jury in the Griffin case had gone out the case of Manuel Samola, charged with assault with intent to murder, having remained and out

with a razor, one Pedro Barolla, in the town of Bisbee. The following jury was selected: William Jones, Gus Gokschalk, Jasper Short, George M. Henry, Luke Short, J. H. Amalgam, G. W. Allaire, T. J. Lyon, E. L. Ash, Hood Porter, W. H. Foot and W. G. Goodman. Attorney C. T. Clark had been assigned by the Court to conduct the defense.

District Attorney Land prosecuted. No evidence was introduced by the defense and attorney Clark was apparently "up against it." However, by an address of twenty-five minutes to the jury he secured a verdict of "guilty of an assault with a deadly weapon." During the trial of Samola a recess till 7:30 had been taken and it was nearly nine o'clock before the verdict was rendered.

Sheriff Frank E. Murphy, sheriff of Pima county, had in the meantime reported to the court, having in charge J. B. Caveny, who had petitioned in Tucson for a hearing on his application for a writ of habeas corpus. Mr. English represented Caveny and after a brief examination Caveny was ordered discharged.

Will Build at Douglas.

The party of officials of the Calumet and Arizona Mining company left Bisbee yesterday in their private car attached to the regular train for El Paso and eastern points. Before leaving Bisbee a REVIEW reporter had a short talk with several of the party and was assured that the company would build their reduction works and smelter at Douglas.

"Yes, we have a nice location at Douglas and a well that has plenty of water for our own use," said Mr. Tenner, spokesman of the party, "and we hope to have machinery on the way before very long.

"Contracts will be let in a day or two and all work will be rushed with all possible haste. We have nothing but good reports to make back with us and our directors will be well satisfied with all the work that has been done so far, and a larger party of the stockholders will probably come back with us early next year. I predict for Douglas and Bisbee a bright future, and if you move the county seat over here it will add to this as they say it."

COUNTY'S CONDITION

Some Interesting Figures Concerning Cochise County

The REVIEW has recently secured some figures in relation to the finances of Cochise county which will be of interest to our readers. They are authentic and were taken from the books of the clerk of the board of supervisors.

The total bonded indebtedness, after a payment of \$19,000 last February, was \$118,000. In addition to this there is now outstanding a floating indebtedness, consisting of unpaid allowed demands, of \$35,000, making the total indebtedness of the county \$153,000.

The total current expense of the county for the first three months of the present year was \$26,467.59, and for the second quarter it was \$22,222.60. The items of expense included in the above totals were:

FIRST QUARTER.	
Office and general expense.....	\$1,809 40
Assessing and collecting.....	577 75
Election, 1900.....	9 67
District court.....	306 05
Sheriff's office and jail.....	2,949 75
District Attorney.....	527 40
Probate Judge.....	462 10
Justice courts.....	6,184 48
Indigents.....	1,787 99
Inquests.....	187 45
Roads and bridges.....	20 00
Hospital.....	2,509 64
Treasurer's office.....	683 23
Recorder's office.....	634 50
Schools.....	7,668 18
Total.....	\$26,467 59

SECOND QUARTER.	
Office and general expense.....	\$1,923 05
Assessing and collecting.....	655 97
District court.....	2,388 10
Sheriff's office and jail.....	4,026 14
District Attorney.....	713 80
Probate court.....	389 13
Justice courts.....	4,122 85
Indigents.....	1,319 64
Inquests.....	128 15
Roads.....	191 25
Hospital.....	2,446 48
Treasurer's office.....	550 00
Recorder's office.....	671 50
Schools.....	2,696 32
Total.....	\$22,222 60

Of the above \$7,969 41 was paid for coats incident to the justices' courts of Bisbee. At the same rate for the year the justice courts of Bisbee would cost nearly \$10,000, and the total expense of the county would be over \$97,278.

SAN CARLOS DAM.

Provision of the Bill Introduced For Its Construction.

The following is the bill introduced by Representative Reeder for the construction of the San Carlos reservoir: That the secretary of the interior be, and hereby is, authorized to enter upon the construction of the following described works for irrigation of arid and semi-arid lands:

For a reservoir on the Gila river in the territory of Arizona at a favorable point near the San Carlos Indian agency, for storing the flood waters of the Gila river, the water stored to be used first for the benefit of the Pima, Papago and Maricopa Indians for irrigating the lands of the Gila reservation, the stored waters in excess of the needs of the Indians to be used for reclaiming other vacant public lands; and also for acquiring and preparing the dam site and for continuing the measurement of the daily flow of water in the Gila river; for preparing detailed plans necessary for advertising for bids for various classes of work connected with the construction of the dam and its appurtenances, and for beginning the same; also for surveying, locating and preparing plans and estimates of cost of construction with Indian labor of the necessary canals for carrying the water from said reservoir to the lands to be irrigated; for examining, surveying and designating the vacant public lands which can be irrigated with the stored water from said reservoir in excess of the needs of the Indians, the sum of three hundred thousand dollars be appropriated.

Gathered up Stolen Cattle.

Sheriff Jim Parks and two of his deputies—John Clay and W. M. Spaw—of Graham county, accompanied by Captain Mowman, of the rangers, arrived in Bisbee yesterday from the Huachuca mountains, where they had been in search of cattle thieves and a bunch of cattle, recently stolen at Duncan, in Graham county, and driven to the Huachuca mountains.

After several days work in the mountains the officers succeeded in rounding up seven head of the stolen cattle, the original brands having been burned or blotted and new brands substituted. The stolen cattle belonged to parties residing at Duncan. No arrests were made, but the efforts to apprehend the thieves will not be abandoned by either Captain Mowman or Sheriff Parks.

The Graham county officers will return home this morning.

Complete Report of the Grand Jury

TO THE HON. GEO. R. DAVIS, Sir:—We, the grand jury, for the December, 1901, term, respectfully submit this our final report:

We have considered 42 charges, have found 25 true bills; have ignored 14 charges; and refused 3 charges. Our committee on county hospital and jail have reported and their report will be found annexed:

HOSPITAL REPORT.

We, the committee appointed to examine the county hospital, submit as follows:

That we found the county hospital in excellent condition and that all the inmates of the hospital speak in high terms of their treatment, both in medical attendance and care.

COUNTY JAIL REPORT.

We, the committee appointed to examine the county jail, submit as follows: That the said jail was found to be in a filthy and unsanitary condition and beds and bedding in a like condition. A little systematic labor and a trifling expense will correct both troubles. In the matter of the investigation of county officers and records, the grand jury find that the customary farcical examination has already been made for this year and they respectfully submit that in their opinion a careful and complete examination of the books, records and accounts of all the officers of the county cannot be properly carried out through committees from their own body. This is attested by reports of former grand juries. The present financial condition of Cochise county and the manner in which this grand jury now find it, illegal and erroneous claims against this county successfully running the gauntlet to the vaults of the treasury. The trouble is due mainly to an imperfect system of recording accounts, though diligence and care would, undoubtedly, overcome a great deal of it. No private business could stand the strain placed upon public business from the causes mentioned, and it is high time that the same principles governed the successful conduct of each. Believing it to be in the best interest of the county that an expert accountant be employed, as authorized by law, to thoroughly examine into the records of this year pertaining to the revenue, as well as to the character and amount of all claims and the reason and manner of their allowance.

This grand jury recommends that the next grand jury, at the first day's session, employ a competent accountant to make such examination and that said examination covers at least the year 1901. Your attention is respectfully called to the following claims improperly allowed, namely: 1. Fees of the sheriff during the third quarter of 1901, in the case of the territory vs. Baker and Nicholson, the same having already been allowed in

part to Constable Hudspeth, of Naco, in his bill for the second quarter.

2. Fees of the sheriff, dated June 8th, in the case of the territory vs. J. F. Woods, wherein mileage is charged twice. These items were discovered incidentally in the examination of another matter and it is safe to presume that there are many more similar charges. An examination of the report of the previous grand jury discloses the fact that their recommendations have been completely ignored as to the matters referred to and complained of, as they still exist in an aggravated form. This is not encouraging to further effort in similar directions by this body. Nevertheless it is imperative that attention be again called to pressing evils.

The sworn testimony of many witnesses and the personal knowledge of several grand jurors make it certain that the sub-jail at Bisbee is a hell of horror and a disgrace to this county. The keeper of said jail is either incompetent or grossly negligent in his duties, although it is also apparent that the jail accommodations at said place are insufficient and the jury earnestly recommend that immediate steps be taken for providing suitable jail room. Numerous criminal cases of a petty nature are sent from Bisbee to the grand jury, thereby entailing great expense to the county, and often unnecessary punishment to the offender. Petit larceny is often magnified into robbery, or battery becomes an attempt to murder. The arbitrary power often exercised by our justices of the peace might be turned in this direction, and whenever a doubt exists the county and the offender should reap the benefit and not the injury, no matter what may result in the master of fees in sight. A cursory inspection of the fee bills of constables and deputy sheriffs at Bisbee and Naco show excessive charges for the buggy hire and stage fares in the conveyance of prisoners to jail. Buggy hire is almost invariably charged at \$5 and stage fares at \$1.50 from Naco to Bisbee, besides mileage at 30 cents a mile. Prisoners taken to the county hospital should either be guarded or so closely confined as to render escape practically impossible. A guard should be used at least through convalescence of the prisoner so confined.

A suitable grand jury room should be furnished. All county records and books should be kept within fire proof vaults or safes.

Testimony before this body in relation to the conduct of the precinct officers and their business at Bisbee, discloses a deplorable state of affairs. Charges and counter charges came thick and fast, and occupied much valuable time. Many such complaints were ignored, not that they might not be well founded, but because of the anxiety of parties on both sides to wear flatly contradictory facts, thus involving the truth in doubt and obscurity.

However, it must be submitted in the interest of good government: The jury finds that S. K. Williams justice of the peace at Bisbee, from his own testimony, as well as that of sworn witnesses, has been guilty of gambling at roulette during his official term; said Williams furthermore has failed to turn over monthly to the county treasurer fines collected by himself as justice of the peace and has, from his own admission, appropriated all or a part of said fines to his own use. BEN HENRY, Foreman.

Territorial Notes.

Yuma will hold a city election on January 7th.

St. Monday's Tucson Citizen says: The university weather observer reports that last night was the coldest since weather observations have been taken here. In 1891 the thermometer went down to 11 degrees above zero, but the lowest temperature recorded last night was 10 2-5 degrees above, which breaks the record. According to observations taken at Fort Lowell and at the university since the observations at Fort Lowell were discontinued, last night was the coldest this section has experienced in 20 years.

Col. Wm. Herring returned to his home in Tucson last Saturday from Tombstone, where he had been engaged in the big tax cases.

The jury impaneled at Kingman to fix, into the Franconian wreck on the Santa Fe the morning of Nov. 20th and place the responsibility, has rendered a verdict holding the crew of the west bound flyer and the railroad company equally responsible for the wreck and the consequent loss of life.

A petition is being circulated at Jerome to have Governor Murphy pardon Richard Belk, who is serving a fifteen months sentence in Yuma for defrauding the Jerome miner's Union, of which he was treasurer. The petition was gotten up at the request of the prisoner's wife, who with her children, are in destitute circumstances in southern California.

Wm. Griffith, ex-United States Marshal for Arizona, who recently returned from a trip into the copper fields of Northern Sonora, Mexico, is fond in his picturing of the prosperous future of that district. At the Cananea mine the property owned by W. C. Greene, he says three smelters are running and over 5000 men are on the pay roll of Greene's companies.

A Wonderful Invention

An invention in which several Bisbee parties are interested promises to be one of the cheapest machines for power that has ever been brought before the attention of the patent office at Washington, and a patent was granted in a very short time after the machine had been fully tried and tested and proved its claims.

Mr. Sam Miller, who is well known in Bisbee as a mining man, is interested in the new invention with his brother, A. D. Miller and Jack McCormick of Pittsburgh, Pennsylvania.

"We have a machine that uses air for fuel," said Mr. Miller yesterday to a REVIEW reporter, "and you can see for yourself the principle on which we work. This is a copy of the drawing as given by the United States patent office, and it shows the workings of our machine. We use the air for fuel, and by a series of chambers use it over and over again continuously. With every nine cubic feet of carbonic gas we use one foot of air, and at a certain point when the air is used we let in a supply of fresh air and this gives our machine another start, and in this manner we have our machine going continually. When the machine was first shown to the authorities in Washington they thought we were applying for a perpetual motion machine, but we were not. We have a machine that uses a certain per cent of air and gas for fuel, and it is an improvement on the present gasoline engine, with a large saving for the owner in gasoline, oil or distillate. We are at present erecting a factory back in Pennsylvania for the manufacture of our machines and expect to put them on the market early next year. The cost will be very small and we are assured of a large sale of our machines all over the east, and I am satisfied we can dispose of a large number in the west also."

All your writing is visible on the "Underwood" typewriter: it received the Gold Medal at the Buffalo Exposition and first grand prize at Venice. Address C. W. Fisher, Agent, Bisbee. 12-18-21 p.

OLD NICK
wants to come to Bisbee.

SANTA CLAUSVILLE, Iceland, Dec. 12, 1901.
MR. A. P. SKINNER, Main St., Bisbee Arizona,
DEAR SIR:—In looking for a location as a distributing point, for my visit to the dear people of Bisbee. I find your store most central and I take the liberty of asking permission to make my annual display in your window.

The articles I have concluded to present this year to your townspeople, consists of good warm Underclothing, Socks and Shoes, as well as a nice collection of stylish Hats, pretty Shirts, and some of the most fetching Neckwear I have ever seen. I have about concluded to wear one of the ties myself, instead of my fur coat, THEY ARE SO WARM.

I will bring several dozen dress gloves, silk lined, that make you feel like a real Prince.

You know I never used to wear suspenders, but this year I have such pretty silk ones that I couldn't resist the temptation to put a pair on, and do you know I actually feel young again. Did I tell you about the fancy hose I am wearing. My goodness, I am getting too giddy for anything. OH, BUT THEY ARE WARM ONES; and of course I had to don a pair of those sky blue Boston garters you told me about.

Now, Mr. Skinner, I know this is imposing somewhat upon your good nature, but as there is no other location in Bisbee that suits me, I earnestly hope you will grant my request, and I will try and see that you do not regret it.

Very sincerely yours,
SANTA CLAUS.

P. S.—I would like to arrive between the 15th and 20th if agreeable with you.
