TOOK A WEEK TO KILL 100

Rebels Finally Defeated in Sonora

WERE OUT OF AMMUNITION

Not Heard of After the Retreat From San Rafael—The Air Filled With Rumors of Things About to Happen.

El Paso, Tex., March 31.—The most important battle of the Mexican revolution fought so far in the state of Sonora has ended after stubborn fighting which began on Monday near the towns of Ures and San Rafael. Although the rebels outnumbered the federals their federals were able to obtain reinforcements and additional ammunition at Hermosillo and the insurgents were compelled to abandon the field. The losses on both sides were heavy but the reports of the killed and injured were greatly exaggerated. It is not known that more than 100 were killed on both sides.

Reports by the Mexican authorities that federals gained a decisive victory in the first day's fight is denied by mail advices from Hermosillo, to which town the federal wounded and been taken. The movements of the insurgents after the battle are unknown. The rumor that they captured the town of San Benito is denied officially by Governor Cuellar at Hermosillo, who also states that no fighting occurred at the town of Ures itself. The report that Hermosillo is threatened by a rebel force is also unconfirmed. There are persistent rumors of a rebel force which is expected to be attacked soon.

Numerous bands of insurgents have crossed the border near El Paso from the American side recently. Juan N. Medina, former officer of the Mexican army, is said to be in command of one of these bands.

Mail advices from Torreon report engagements at Cuernavaca and Castan, near Mexico, and that the Santa Inez ranch, thirty-five miles of Napim, has been raided the second time. The railroad bridge at Torreon and Durango had not been repaired to Tuesday night. According to Lieutenant Hall of the fourth United States cavalry, Lawrence Converse and William Blatt were not only arrested on American soil but were taken back to American territory to await trial. Repairs were completed today on the Mexican Northwestern and freight traffic will be resumed on Saturday.

RUMORS REACHED NOGALES.

Nogales, March 31.—Scouts under Hermosillo here of a movement on Hermosillo to be made by the insurgents before Sunday. In accomplishing this it is admitted, its success will largely depend upon keeping the federal forces occupied at Ures.

It is acknowledged that the insurgents have a force near San Benito, a few miles from Hermosillo, and there are also rumors that they have been driven from the mill at San Rafael which was dynamited. No advices in regard to the reported capture of San Benito have been received.

OBSTRUCTING ROAD TO MEXICALI.
Mexicali, March 31.—Scouts under Francisco Quijada were busy all day blowing up the Picoacho trail with dynamite in anticipation of the immediate approach of the Mexican federals from Tecate under Colonel Mayol. Full explosions could be heard all afternoon from points along the boundary, thirteen miles away.

NOGALES TRAGEDY A POISONING CASE

THE VICTIM A WEALTHY KANSAS MAN

A Woman Claiming to be His Contract Wife, Held
Nogales, Mar. 31.—A coroner's jury in the case of Gillette Wheatley, a reputed wealthy Wellington, Kansas man, who died here suddenly on Saturday, returned a verdict that death was the result of a large quantity of morphine administered by parties unknown. A woman, claiming to be the contract wife of Wheatley, testified that she heard the latter snoring loudly, and failing to arouse him when she tried, summoned a physician, who pronounced the man dead.

The woman's actions aroused suspicion and she was placed under arrest and is still held in jail. It was learned later that the name of the woman is L. Bertiss Gillette, and that she first met Wheatley on a train from Portland to San Francisco in October, 1909. Later they corresponded, and in November, 1910, they met again in Williams, Ariz., and have been together ever since.

FUTURE BRIGHTER THAN THE PRESENT

Dun's Estimate of the Business Outlook

New York, Mar. 31.—Dun's Review tomorrow will say:
Business looks better in prospect than in performance, for confidence in the future is greater than the present activity.
Some lull appears in the demand for pig iron and in markets for the finished products. However, business, as a whole, is satisfactory.
Reduced operations are in effect in plate mills, which are now running 55 to 60 per cent capacity.
Equipment orders from the railroads came out strong. One bridge project will require about sixty thousand tons and considerable other work pending.
Jobbers report limited trade with retailers, who are especially cautious in cotton goods lines and the same feeling is noted among buyers of woollens and worsteds. Some dress goods mills have been releasing employees.
There is some increase in the demand for domestic packer hides, though no activity exists.

MADE A MONKEY OF AN ASPIRANT

CHAMPION WOLGAST DEFEATED LA GRAVE.

San Francisco Youth Frightened From the Outset.
San Francisco, March 31.—Light weight champion Ad Wolgast made short work of Anton La Grave, a local fighter, here tonight. Wolgast battered his opponent about very roughly, landing whenever and wherever he chose.

Round One—Wolgast crouched low and tapped his man lightly several times. The champion drove a solid left to the jaw and the mixer at close range. Wolgast landing a right and left to the body and head. The champion covered up cleverly, and landed almost all his blows on the opponent's head and jaw. La Grave appeared very nervous and made no showing whatever.

Round Two—The Cadillac boy rushed "the Butchered Idol" from one end of the ring to the other, planting solid lefts and rights to the body and head. He drove La Grave almost through the ropes with a left hook to the jaw, and a moment later sent his man prone with a similar punch in the same place. When the champion got on his feet Wolgast waded in bombarding the now practically defeated local with a variety of blows.

Round Three—La Grave came up trembling like a leaf. Wolgast drove his man against the ropes with a rain of glows and all but sent him to the floor. La Grave then found shelter in a welcome clinch. The respite was short-lived as the champion kept up a ceaseless tattoo. La Grave went to his corner wobbling.

Round Four—Wolgast chased his opponent around the ring and sent him to the floor with a left hook to the jaw. La Grave took the count on each occasion. The spectators began to yell "stop it, stop it." La Grave went down for the fourth time but the round drew to a close with the champion still on his feet.

EMPIRE STATE MADE CHOICE

Justice O'Gorman Elected United States Senator

SURPRISE BY MURPHY

The Insurgents Balked, Finally Divided and All But Ten Capitulated—A General Feeling of Relief at End of the Long Contest.

Albany, March 31.—Supreme Court Justice James Aloysius O'Gorman of New York city was elected United States senator tonight by the legislature after the most protracted struggle over this position ever held in the Empire state. On the final ballot, the sixty-fourth, he received 112 votes to 86 cast for Chauncey M. Depew, whose term expired March 4 last.

At the close of a day of almost continuous negotiations the insurgents capitulated and Justice O'Gorman was elected. A few minutes before the ballot was cast Justice O'Gorman's resignation from the bench was filed in the office of the secretary of state, as a constitutional provision would have prevented his election while holding as justice of the supreme court. Applause marked the end of the long contest and the legislators driven from the state capital by Wednesday's fire quickly adopted a resolution adjourning until April 11.

Governor Dix tonight expressed gratification at the result. Charles F. Murphy, leader of Tammany Hall, who for weeks was striving to bring about the election of Mr. Sheehan, expressed himself as highly pleased at the outcome.

Last night it was understood that a senator was to be elected today from a list of eleven submitted by the insurgents. Early this morning Murphy came to Albany and coincidentally reports spread that Justice O'Gorman had been selected as the choice of the democratic organization.

The insurgents, who had about made up their minds to enter the caucus upon the assurance that no names would be submitted outside their list of eleven, balked at this changed program. They failed to appear at the morning caucus and a postponement was had until 3 o'clock.

Meanwhile a committee representing the regulars was urging with the insurgents who were in conference at the home of their leader, Senator Roosevelt, and finally fourteen of them voted to put an end to the struggle by accepting Justice O'Gorman. One did not vote, and the other eight were recorded against him.

Senators Roosevelt and Bird followed by other insurgents who had not participated in the caucus filed into the chamber amid cheers and jeers.

The former record of 28:51 held by Fletcher was established with a Detroit machine, at Daytona, Fla., January 1, 1905. Dishrow's time for 200 miles was 2 hours 34 minutes and 12 seconds, establishing a new high mark for that distance straightaway. The record established was made by Dohynoly in a Stoddard Dayton, 3 hours, 2 minutes and 22 seconds at Galveston, August 5, 1910. Dishrow's time for 250 miles was 3 hours, 14 minutes and 55 seconds which is the record as no time for that distance straightaway has been recorded.

EXCITING CHASE AFTER KIDNAPERS

A STIMULUS IS A REWARD OF \$20,000.

They Stole the Baby of a Las Vegas Attorney.

Las Vegas, N. M., March 31.—Headed for the so-called "Bad Lands" near the Oklahoma line, four bandits, who kidnaped the two year old son of A. T. Rogers Jr., a prominent attorney of this city to compel the payment of a \$12,000 ransom are tonight closely pursued by a posse. There is a prospect of a conflict before morning.

Bloodhounds being used in the chase have been kept closely on the trail. A telephone message from Bell ranch, sixty miles northeast, said tonight that four men believed to be the bandits, passed near the ranch riding at full gallop in a desperate effort to elude the posse.

The cowboys of the Bell ranch upon learning of the kidnaping immediately organized a posse and started trailing the fugitives. They sent back word that they had no prisoners, but for a lynching in case the kidnapers were captured. The kidnapers from the description are believed to be members of a desperate gang of post office bank robbers, all ex-convicts, who will sell their lives dearly. A reward of \$20,000 has been offered for the capture of the kidnapers, dead or alive.

ARBITRATION CONFERENCE

Progress Being Made With Anglo-American Treaty

TO BE MODEL FOR WORLD

Will Be in Shape to Be Presented to Senate at Special Session—Denial That England's Japanese Relations Interfere.

Washington, D. C., March 31.—James Bryce, British ambassador, held a conference today with Secretary Knox regarding the proposed arbitration treaty between United States and Great Britain. The negotiations are still in the tentative stage. It is said that no hitch has yet been encountered and that reasonable progress is being made.

This treaty, the forerunner of its kind will be presented to the world as a model for lessening strife among nations. There is no reason for haste it was pointed out, and because of the mammoth task which its importance involves, the negotiations will proceed with deliberation. The administration will endeavor to have it completed in form for presentation to the senate before the adjournment of the approaching session of congress.

As far as negotiations have proceeded it has developed that while the treaty will provide for the arbitration of practically all disputes that may arise between the two countries, including matters relating to questions of honor, it does not provide the machinery for the arbitration of each specific controversy. That will be arranged by special agreements under the general treaty in each instance.

It can be said on authority that the question of an alliance between Great Britain and Japan, causing an obstacle to the successful conclusion of the treaty, has not been mentioned in the conference between Messrs. Knox and Bryce. Reports that this alliance had halted the negotiations were denied today.

Burbank of Los Angeles, the boy's mother. Deputy sheriffs in their search for him found that he had settled his account at his hotel and removed his baggage.

HE STOLE GOLD FROM ARIZONA MINE

Accidental Discovery of Theft From the Gold Road

San Francisco, Mar. 31.—William Kellogg, an assayer, recently employed by the Gold Road Mining company, operating near Kingman, Arizona, was arrested today, and according to the police, admitted that he had taken \$1,555 worth of gold precipitates from the company's cyanide plant. The finding of the gold in the shop of A. Gracley, a San Francisco dealer in precious metals, by detectives, led to Kellogg's arrest.

The detectives entered Gracley's place in search of gold stolen from the steamer Humboldt last August, for which theft a number of men are now held on suspicion in San Francisco. Suspecting that the gold precipitates had been stolen, the detectives obtained a description of Kellogg, later arresting him at a downtown street intersection. He at first denied the theft, but in response to prolonged questioning said he had taken the gold and come to San Francisco, after fifteen years service with the Gold Road company.
