

# The Oasis

THURSDAY, OCTOBER 26, 1893.

## TOWN & COUNTY.

Doctor W. T. Barry is expected to come from Florence today.

They say that Stevens eats tamales without shucking them.

Mr. Frank Higgins, of Otis, was a visitor at Arizola last Friday.

Last week Mr. G. E. Angulo of Casa Grande, was a visitor at Florence.

Last week Mr. John Reiss was up from Gold Camp, visiting Casa Grande and Florence.

THE OASIS folks are under many obligations to Simon West for a supply of fine watermelons.

Hay for sale.—In ten and twenty ton lots. Apply to Mr. Calvert Wilson Arizola.

Yesterday Mr. C. S. LeBaron and Reverend H. A. Thompson went to Florence together.

Mr. George Morse has laid THE OASIS under obligations for favors shown during the past week.

Mrs. S. R. Cooley of Arizola, went to Florence last week for a short visit. She returned Monday.

Mr. W. H. McQueen is doing considerable improvement work on his homestead near Arizola.

Steps are being taken looking toward the institution of a lodge of Good Templars at Arizola.

Union Sabbath School every Sunday morning at 10 o'clock, at Casa Grande. Everyone cordially invited.

Take note of the change in the advertisement of Mr. Albert Grover, the pioneer merchant of Arizola.

Judge C. M. Marshall and Mr. Brown, of Casa Grande, were callers on THE OASIS Friday of last week.

Last Friday evening Mr. G. E. Angulo, of Casa Grande, treated THE OASIS force to a liberal supply of tamales.

Thursday night of last week Mr. and Mrs. C. E. Perkins, of Florence, returned from Tucson, and Friday morning went home.

Visitors at Tucson should patronize the Aldridge Hotel, a well-kept house, (American plan), rooms all newly furnished and table the best.

Mr. Barbour is clearing some eighty acres on the Bogart & De Golyer ranche, west of Arizola, which will be planted in alfalfa the coming season.

Mr. W. L. Herbert is building a house and putting other improvements on his homestead near Lieutenant Bryan's place northeast of Arizola.

Mrs. McKenzie, who formerly kept hotel at Casa Grande, was reported at Tucson last week, negotiating for a place in which to open a lodging house.

Last Sabbath Reverend Thompson announced that he had made definite arrangements by which he will be at Arizola and hold services regularly the second and fourth Sundays in each month.

Judge C. M. Marshall has cleared about forty acres of land on his homestead a mile northwest of Arizola, and contemplates planting an almond orchard there.

Last week Doctor Thos. F. Suleeba, a graduate of the Rush Medical college at Chicago, arrived at Florence, where he will remain as assistant to Doctor W. T. Barry.

### Notice:

On and after this date all credit for meat will be refused, and settlement of all outstanding accounts is requested.

G. E. ANGULO,  
CASA GRANDE, October 1st, 1893.

### A Corral and Livery Stable at Arizola.

Tuesday a contract was closed by which Mr. Felix Mayhew will establish at Arizola a corral and livery stable. Work will at once be commenced on the necessary buildings, and stock and vehicles put in-right away. By this enterprising move Mr. Mayhew is meeting a long-felt and rapidly growing want that will yield him a handsome and very profitable business. Numerous parties wanting conveyances have been at Arizola, and all the winter such parties will be very frequent. It is the intention of Mr. Mayhew to make a specialty of serving travelers between the railroad and Florence. By coming to Arizola all going to the county seat will find a first-class hotel at which to stop, and Mr. Mayhew will convey them to their destination over a shorter and better road, on quicker time, and just as cheap or a little cheaper than the regular stage will do it. Parties desiring to go to the southern mines will also find it advantageous to come to Arizola and take conveyances. Those coming with their own conveyances will find ample stable accommodations and good feed. Excursion parties to the Casa Grande ruins, Cuajate (the Indian village) and the Pima Agency at Sacaton, will receive special attention.

### Notice:

On and after October 1st all credit for goods will be refused except on good security. All owing are requested to settle their accounts.

A. GROVER.

ARIZOLA, September 28, 1893.

The Florence Tribune says Colonel Robert Williams has engaged the Collingwood building, immediately across the street from the recently burned Florence Hotel, and will remove all his furniture into it, and is fitting it up to continue the hotel business therein. A new bar and fixtures have been ordered, and very shortly everything will be in order and the wants of the public receive every attention as of yore. The public are to be congratulated upon Colonel Williams' determination to remain in the hotel business at Florence, and his promptness in again starting.

Mr. J. L. Stowe has laid THE OASIS under many obligations by sending in a copy of the paper of August 31st. It was wanted for the territorial library, to complete the file that is kept there. Librarian Bruce writes that he has had bound all the Arizona newspapers on file there up to July 1st, making 140 bound volumes. Those subsequent to that date will be bound separately.

Thursday of last week Mr. John T. Newman, of Batesville—the new mining district on the Gila, above Riverside—visited Tempe where he deposited with a bank a six-pound bar of gold bullion from the Bates mine. This mine is turning out a fine producer. Mr. Newman is preparing to double the capacity of his mill.

Those intending to plant trees in any quantity should write to Frank M. Hammon, at Phoenix, for prices on trees. He is special agent for the well-known and reliable Alexander & Hammon's Rio Bonito Nurseries, of Biggs, Butte Co., Cal.

Mr. Elwood Hadley has growing on the Pogue place several tree tomato vines that are laden with the delicious vegetable-fruit just ripening. They are several feet in height and are well called "the tree tomato."

Doctor C. H. Jones, of Tempe, is a distinguished marksman of the territorial militia, and at Florence the other day, he had a little shoot with the boys of Company "E," beating them all.

Next Sunday evening Colonel Geo. A. Mauk goes to Yuma as a witness in a trial. He will return to Arizola on Tuesday night.

### Wanted.

To sell 100 or 150 fat steers and cows. For particulars, inquire of PETER FORBACK, Casa Grande, A. T.

Sunday of last week Messrs C. B. Atwood, of Tempe, and Fletcher M. Doane, of Aztec, were visitors at Arizola. Mr. Atwood has a land claim in the vicinity he came to look over, and Mr. Doane came to spy out the country. They were chaperoned by General T. F. Wilson. Monday Mr. Atwood went to Tucson to make annual proof on his desert claim, Messrs G. W. and George Saunders going along as witnesses. Mr. Doane remained here several days.

Last Saturday Mr. W. E. Guild, of Florence, was prostrated by a severe attack of typhoid fever, and his son, who is in attendance at territorial normal school at Tempe, was telegraphed to come home. Doctor C. H. Jones, of Tempe, was also summoned to prescribe. Sunday Doctor Jones returned to Tempe, leaving his patient better, but was again called to his bedside Monday by another telegram.

Attention is called to the advertisement, in another column, of R. E. Farrington, of the Phoenix Pioneer Nurseries. Mr. Farrington offers a great variety of Arizona grown fruit stock, especially adapted to this climate. Those intending to plant trees will do well to send for his catalogue and consult with him about varieties to plant and methods in planting.

The mill proposition at Arizola is beginning to assume form, and it is very likely that the next issue of THE OASIS will announce that all preliminaries have been arranged and construction work in course of preparation. It is now definitely known that the parties who contemplate erecting the mill will visit Arizola early next week for the purpose of closing the deal.

In the probate court at Florence last week, a motion was made for appointment of P. R. Brady as administrator of the Walker estate. The Tempe News states the motion was granted—the statement being on the authority of the attorneys making the motion.

Mrs. C. M. Marshall, of Casa Grande, is expected home from California shortly. Her daughters will probably remain, as they are both in lucrative employment, Miss Bessie as a teacher, and Miss Minnie as book-keeper and cashier in a business house.

The Novelty Manufacturing Co. of Los Angeles, makes a patent tree protector that is just the thing to shelter young and growing trees from the sun and depredation by rabbits and other animals. An illustrated advertisement will shortly appear in THE OASIS.

Monday of the present week Mr. F. H. Barbour returned from a two months' visit at the World's Fair, and his old home in Michigan. He had a very pleasant trip and returns to Arizona well rested and prepared for another season's work.

Information received yesterday conveys the intelligence that the Weather Bureau at Washington has established a station at Arizola with THE OASIS editor as observer. The instruments will arrive this week and the service begins November 1st.

Monday Mr. B. B. DeNure, roadmaster, and Mr. Albert Grover went up the new road from Arizola to Florence, to take account of the work to be done to put it in good order, which will be done right away.

The ton of paper for THE OASIS arrived last Saturday, and the office has a good supply—sufficient to last three or four months.

Who got stuck in the mud at the residence?

### Wanted:

An active and responsible organizer for the order of the KNIGHTS OF THE GOLDEN CROSS. Liberal commission to the right man. Address 729, Banning Street, Los Angeles, Cal.

CAPT. M. M. CHASE,  
Grand Secretary.

Tuesday a very pleasant party of Arizola and Casa Grande people went to the reservoir for a day's outing. There were Reverend H. A. Thompson, Miss Maggie Megson, Mr. W. L. Herbert and Miss Julia Stoddard Thomas. They took guns, ammunition and fishing tackle, and made the feathery wanderers of the air and the finny denizens of the deep suffer greatly. They returned at evening well pleased with the day's outing.

## NURSERIES.

### NURSERY,

Fruit and Ornamental Trees,

### Home-Grown

On Stock that is Perfectly

Adapted to this Climate

If You Want

Peach, Plum, Apricot, or

Chinese Umbrella
