Mr. Collier, Kirby and Kline, the last two gentlemen having arrived in our city from Indiana a day or two since, left to-day for their copper mines on Castle Creek. Mr. Kirby will leave for San Francisco in a few days, where he will purchase a smelter and steam hoisting works which will be erected at the works as soon as they can be brought to the mine. This company of gentlemen have been working quietly on a good property which will now be fully developed, their investment having been made with a view to permanent business. Their enterprise will make lively times on Castle Creek, and stimulate the development of other good mining property which is known to exist in that region and which is now in the hands of responsible parties who are arranging to work it largely. Castle Creek will no doubt be sending out bullion copper from a number of smelters before the close of the year.

On the Hip. This rather inelegant expression, used popularly to express that condition of things in which one person holds another securely by some circumstance, word or act, finds literal exemplification in the following narrative by Mr. John Rourke, of Ottawa, Canada. Mr. Rourke says: "I have been subject to hip disease for 8 or 9 years, and have tried all kinds of remedies, but found nothing to give me any relief until a friend advised me to try St. Jacobs Oil. I tried it and after using 1 1/2 bottles I am entirely relieved of pain, and have not been troubled since, now nearly six months. This is what people would call getting hip disease 'on the hip'."

The Overland for March. W. Morse, expert for the Agricultural Commission, has been carrying on an extensive series of investigations during the past two years concerning the phylloxera, which has become such a terror to our vineyards. He is the only one who has succeeded in finding the form of this insect in the vineyard, and one or two others have suggested them artificially. The results of his investigations will be published in the Overland Monthly, and will be the most important contribution on the subject published on this coast. "King Cephetus's Wife," a new serial by James Berry Benschel, whose anonymous novel last year met with such success, will be begun in the Overland for March, 1883. Prof. Martin Kellogg, in a sensible paper entitled "Our West," will try to correct some eastern misapprehensions. A careful historical paper will be contributed by Chas. H. Shinn. Poems by Millicent Washburn Shinn, Edmund Warren Russell and others; stories and sketches by Josephine Clifford, Mary K. Field and others, will also be found in the number, with all the usual departments, serials, reviews, &c.

Editorial Notes.

THE freights and fares bill has been defeated in the Council.

A TERRITORIAL poll tax on every male inhabitant between 21 and 60 years of age is provided for, by a bill introduced in the Legislature, to be used as a road, school and hospital fund.

COCHISE COUNTY is asking the Territory to support twenty special officers along the border to head off cattle thieves. Does Cochise suppose she can put men on the beat that can't be bought off with a bridled steer?

THE new Colorado Senator, Tabor, is spreading himself at Washington. He began by giving what is represented to be "one of the most elaborate banquets of the season at Willard's Hotel." It reminds one of Mark Twain's Californian in a New York omnibus.

REDELL, who is playing hob with the Star Routers by his disclosures, was formerly a private secretary of Dorsey, hence is on the inside of the ring. The Dorseys and Brady are cornered and the probabilities are that the Star Route cases will soon end by putting them where they deserve to be.

HON. A. D. LEMON very manfully opposed the freights and fares bill when it came up in the Council. He fully understands that our Territory is not now in a position to oppose railroads. The great interests of the Salt River valley would hardly be subserved by the passage of a bill that would lessen its chances for a road.

OUR Legislature has done one thing of importance to the whole Territory: it has headed off the attacks being made on our railroad interests. Scarcely a section of the Territory but is crying out for a railroad, and which must have a railroad before it can be fully developed, and yet an attempt has been made to throttle this interest just as it begins to live among us. Give the railroad interests a chance, we say, and when we find the country going backward under their influence, then it is time enough to war with them.

Elliott, David G. Power, Robert Hoare Kate Connors, Lizzie Angeline and Libbie A. Chiles." No other victims are mentioned. The other counts repeat the accusation in a different form. Schiller was taken from jail to court at four o'clock. After the reading of the indictment, the prisoner answered the question in a firm tone, "Not Guilty, sir." The court fixed bail at \$10,000, and he was taken back to jail. He was to be held for one hour bail was to be...

Young Porter Ashe and wife, who so miraculously escaped in the Te-hachepi railroad disaster, and passed through Tucson a few days later on their bridal tour, were the subjects of a small sensation in New Orleans the other day. They were taking a promenade up the boulevard, and Mrs. Ashe was carrying in her hand a portmanteau in which was no small amount of money and some jewelry. Suddenly a thief snatched the purse from her hand and made off with it. Porter followed and succeeded in overtaking the scoundrel who turned and drew a knife on him. Fortunately he was arrested and disarmed, and the purse recovered.—Citizen.

Bill Regulating Percentages

[Introduced by Hon. A. D. Lemon.] An Act regulating the percentages of County Treasurers and Collectors in the several Counties of this Territory, and to amend Section 22 of Chapter 33 of the Compiled Laws of the Territory of Arizona.

Be it enacted by the Legislative Assembly of the Territory of Arizona, Sec. 1. Section 22 of Chapter 33 of the Compiled Laws is hereby amended so as to read as follows:

Section 22. As soon as the Board of Supervisors shall have made the determination and estimate provided for in the preceding section for the year 1883, and every year thereafter, the County Assessor shall proceed to assess taxes for the amount as estimated, adding thereto, and to all other taxes required by law to be assessed by him not more than four per cent. in the counties of Graham, Gila, Pinal, Yuma, Maricopa, Mohave, and Apache, in said Territory, and not more than three per cent. in the counties of Cochise, Pima, and Yavapai, in said Territory, as shall be directed by the Board of Supervisors of the several counties herein mentioned, which percentage shall be in full of all charges and expenses in and about the collection of the taxes in the several counties of this Territory.

Sec. 2. That the County Treasurers of Graham, Gila, Pinal, Yuma, Maricopa, Mohave and Apache, Counties, in said Territory, shall be allowed three per cent. on all moneys received by them as such Treasurers; and the County Treasurers of the counties of Cochise, Pima and Yavapai shall receive two per cent. on all moneys received by them as such Treasurers, provided, that the provisions of this Act shall not apply to moneys received from former Treasurers or under special Acts providing for the construction of county buildings, where the percentage is fixed by such special Acts, and the percentage herein specified shall be in full compensation for all services rendered by such Treasurers under this Act.

Sec. 3. Section 1 of an Act entitled "an Act regulating the percentage of County Treasurers," approved February 8, 1877, and all other Acts and parts of Acts in conflict with the provisions of this Act, are hereby repealed.

Sec. 4. This Act shall take effect and be in force from and after its passage.
