HEINZE WINS In His Long and Fierce Fight With the Amalgamated DISASTER TO MONTANA

The Defeated Company in Fear of the Local Courts Closes Down Throwing 20,000 Men Out of Employment.

Butte, Mont., Oct. 22.—The result of the handing down of a decision today by District Judge Clancy awarding the Minnie Healy mine, one of the richest properties in Butte and valued at \$10,000,000 to Augustus Heinze and then granting an injunction against the Boston and Montana company, the principal property of the Amalgamated company in Montana, all the properties of the Amalgamated Copper company in Montana tonight were ordered closed for an indefinite period.

It is estimated by the officials of the company tonight that at least 15,000 men will be made idle, and perhaps 20,000 more tomorrow night. The shut-down is the most important and extensive ever known in Montana. It is expected that the fires will be drawn from the Boston and Montana, Butte and Boston, Colorado and Washoe smelters at once.

The Washoe smelters at Anaconda are the largest in the world and employ 3,000 men. The effects of the shut-down will be felt in all parts of Montana, as there is hardly a county that the Anaconda company does not operate in, in one way or another. Woodchoppers and lumbermen will be idle and coal miners out of work in half a dozen counties. Much excitement exists in Butte and the city is thronged with idle miners, blocking the street corners discussing the situation.

The officials of the Amalgamated company are rather reticent in discussing the situation. Superintendent John Galle said: "The managers of the various companies met and discussed the situation and decided to close down, as there was no use trying to do business in Montana, while the local courts were so manifestly adverse to the company." No orders regarding the shut-down have been received from New York, the matter being left solely to the officials. Mr. Galle did not think the New York people knew the shut-down had been ordered, until tonight. President Wm. Scallon, of the Anaconda company, refused to be interviewed, saying he would issue a statement within eight hours.

The following properties are affected by the shut-down: In Butte: The Boston and Montana mines; the Anaconda mines; the Syndicate group; Butte and Boston mines; Parrot group; Colorado company mines; Washoe group; Colorado smelter; Butte and Boston smelter; Millmen on the Butte, Anaconda, and Pacific railroad.

Anaconda: Washoe smelter, lime-kilns, Anaconda foundry, brick yards. At Great Falls—Boston and Montana smelter. At Belt—Belt Coal and Coke Co. At Bonner—Blackfoot Lumber Co. At Horr—Horr Coal and Coke Co. Diamondville—Diamondville Coal Co., curtailing production; Pleasant Valley company.

In Jefferson county—Lime and Silica quarries. In Butte the company employs 6,500 men. In the smelters at Anaconda, Butte and Great Falls, 5,000 men, a pay roll of over \$50,000. A representative of the amalgamated company claims that by the decision rendered by Judge Clancy today in the Boston & Montana company case the Amalgamated company is practically wiped out of existence and cannot do business in Montana. The decision, they say, in effect brands the Amalgamated as an outlaw. Its stockholders are prevented from receiving dividends, although \$3,000,000 is tied up and awaiting distribution to stockholders. The Amalgamated people finding that they are barred from conducting their own business have ordered the suspension of all mining operations in Montana.

Mr. Heinze issued the following statement tonight: "The action of the Amalgamated Copper company in ordering a general shut down of all the mines of Butte controlled by their subsidiary company has no actual connection with the decisions rendered by Judge Clancy today. "His order does not necessitate a close down. As far as the receivership suit against the Butte company is concerned, there has been no change in conditions for over two years past. Application for the appointment of a receiver for their property has been pending that long and was today refused by Judge Clancy. The injunction against the payment of dividends has also been in force for the same length of time, and today's order simply puts that matter in shape for the supreme court to pass upon."

CAPTURED IN MEXICO

St. Louis, Oct. 22.—Chas. Kratz was arrested at Guadalajara, Mexico, today. He was formerly a member of the city council and was indicted February 5, 1902, by the grand jury on a charge of bribery in connection with the Suburban street railway franchise deal, in which \$125,000 was placed in a safety deposit vault to be used to pay for the passage through the council of a franchise asked for by the Suburban company. This money has been recovered and is now in the hands of Circuit Attorney Folk.

THE VERGE OF WAR Upon Which Russia and Japan Are Standing

The Expected Hitch in the Negotiations Has Occurred and Precautionary Preparations Are in Progress.

Yokohama, Oct. 22.—It is currently reported that a hitch in the negotiations has occurred and that it is due to the Japanese demand for equal railway rights in Manchuria, but it is believed that a more serious difficulty exists. Dispatches are expected here from Admiral Alexieff, the Russian viceroy. The feeling of popular unrest is growing. The Asahi of Tokio announced today that a preliminary mobilization order has been issued to the Thirteenth army division.

SILVER OUTLET CLOSED. No More Will Be Needed for the Philippines.

Washington, Oct. 22.—Governor Taft today cabled the bureau of insular affairs of the United States after several conferences had been held between Circuit Attorney Folk and Secretary Hay, in which Mr. Folk attempted to secure the return of the fugitive under the treaty recently signed by both governments. A heavy reward still stands for Kratz.

SURPRISED THE POLICE There Was No Riot at the Dowie Meeting.

New York, Oct. 22.—A great crowd filled Madison Square Garden tonight at the Dowie service, and a still greater crowd massed outside the big building. Two hundred and fifty police were gathered there to preserve order, but tonight their services were little required. The subject of Mr. Dowie's address was "The Claims of Christ, as Universal King."

RUSSIAN ATTITUDE. She Will Not Take the Offensive Against Japan.

Berlin, Oct. 22.—The German government takes a cheerful view of the Russo-Japanese differences. Russia had conveyed assurances to Germany that she will keep strictly on the defensive even if Japan occupies the Korean ports in force. Japan may act aggressively toward Korea without Russia being affronted thereby or making a counter stroke. The only limitation Russia places on Japanese action is that she must not cross the Yalu river. The impression that might be derived from the foregoing definition of the Russian policy, it is pointed out here is that the negotiations are nearing an end favorable to Japan.

HERO AT LAST.

The Spanish-American war veteran assisted yesterday in the obsequies of James Smith, lately of Jerome, and formerly a private of the Thirty-fourth volunteer infantry. He died of consumption at the sisters' hospital here. He was discharged from the army after performing honest and faithful service and his record for character was excellent. He participated in a large number of battles and skirmishes in action in the Saginaw mountains in Luzon. After his discharge he went to Jerome and spent much of his time in the hospital, coming here on September 17. The funeral services yesterday were conducted by Rev. Mr. Gibbon.

OUT AGAIN. What Powerful Food Can Do.

It is evidently a scientific and powerful food that can take confirmed invalids out of bed and make them well again. "After doctoring for two years for terrible stomach trouble I concluded that it was incurable," says a young woman of Filmore, Ill. "I was confined to my rooms all the time and expected to be an invalid the rest of my life, having given up all hope of ever being well again and yet I recovered entirely and quickly by eating a few spoonfuls of Grape-Nuts food every meal in place of the improper food that had ruined my stomach."

SMALL BANK FAILURE.

Lesueur, Minn., Oct. 22.—The Farmers and Merchants' Bank, a private institution owned by W. H. and W. A. Patton, father and son, closed its doors today. Neither of the co-partners would make a statement as to the cause of the failure, nor the financial condition of the bank further than to state that the liabilities would amount to \$50,000.

New York, Oct. 22.—Peace has been declared between the democrats of Brooklyn and the democratic organization of New York over the matter of the candidates for comptroller and president of the board of aldermen. Whether the result was brought about by the surrender of Hugh McLaughlin to McCarren and Murphy, or through concessions from Tammany in promises of patronage is not known, but whatever the basis of agreement may be McLaughlin and his campaign committee will now work in harmony with the Tammany committee.

Memphis, Tenn., Oct. 22.—A mile in 1:56 1-4 was made by Dan Patch today at the Memphis Trotting association track in a trial against time. The mile was paced without a wind shield and at the finish Dan Patch seemed fresh and vigorous. The demonstration that created the new world's new pacing champion as he flashed under the wire was a memorable one.

LIKE ANOTHER WAR The Way the Colorado Court Martial Looked

Denver, Colo., Oct. 22.—The court martial proceedings in the trial of General Chase were marked today by outbursts of passion and some rulings by the court, which are said to be novel in court martial hearings. Adjutant General Sherman M. Hall was on the stand and his wrathful objection to the interference of the attorney for the defense, Willis V. Elliott, and the defendant rejoined for a moment threatened to result in a personal encounter. Quickly the court room was cleared, and although it was not made an executive session, the hearing was continued behind closed doors, the members of the press as well as the public being excluded. Later the ruling was made that counsel for the defense must not interrupt the witnesses with objections.
