## EXPOSE FRAUD AT NAVY YARD

### 22 MEN JAILED FOR WHOLESALE THEFT FROM U. S. NAVAL BASE.

## BIG PLOT IS BARED

### GOVERNMENT PROPERTY SOLD TO OUTSIDERS BY CHANGING REQUISITIONS.

New York.—Details of an alleged big conspiracy to loot the Brooklyn navy base were revealed here with the arrest of twenty-two civilian employes. Twenty-three persons were indicted recently by a federal grand jury after a long investigation in which the Navy Intelligence Service Department of Justice, and New York police joined.

The men were arraigned before Federal Judge Gavin and held in \$5,000 bail each. None could furnish this amount and the court indicated it might reduce bail if an early date for trial could not be fixed at the next hearing Jan. 3.

Although authorities at the Navy Department in Washington declared their reports of the thefts in Brooklyn indicated a total of only \$12,200 involved, the indictments returned against the twenty-three persons arrested charge thefts totaling \$2,100 under three headings, of \$500, \$600 and \$1,000.

Navy intelligence officers undertook to find out the cause for the discrepancies between the inventories and the stock supposed to be on hand, but the thieves were too cunning for the regular naval detective force, the members of which were apparently well known to those who were doing the stealing.

William J. Burns, chief of the bureau of investigation of the department of justice, was then asked for help and ordered Edward J. Brennan, head of the bureau's New York office to assign operatives.

Brennan consulted Police Commissioner Enright and borrowed the services of Detective Francis Finnor.

Under the direction of federal agents Robert Walsh and Ralph Navarro and Lieutenant Trainor men were put into the warehouse as checkers, laborers, watchmen and bookkeepers. These detectives found themselves watched narrowly until they took advantage of opportunities obviously put in their way of stealing small articles such as wrist watches and marine glasses. Not until they actually concealed these articles and attempted to steal them were they able to get any evidence against the men now in custody.

They then learned that government property was being stolen by the truckload, including great boxes of clothing, paint by the barrel, crates of glass and commercial alcohol by the gallon. The federal agents said the thefts were worked through "doctored" requisitions. For instance, when an invoice was presented for shipment of 400 pieces of any article, the number was raised to 1,400. The extra thousand was sold to outside contractors and concerns by the "fraud ring" it was alleged.

## Government Will Sue Aircraft Firm.

Washington.—The Department of Justice is preparing to file suit against the Wright-Martin Aircraft Corporation for recovery of a war claim amounting to \$3,001,715. Mount Holly, N. Y.—Mrs. Doris Brunen was acquitted and her brother, Harry C. Mohr, was found guilty of murder in the first degree in connection with the slaying of the former's husband, "Honest" John T. Brunen circus owner. The jury recommended that Mohr be sentenced to life imprisonment at hard labor. Charles N. Powell, confessed slayer, said he shot Brunen at his home in Rivetside, N. J., on March 10 at the instigation of Mrs. Brunen and Mohr.

## \$70,000 Shortage in Chicago Bank.

Chicago.—National bank examiners have discovered a shortage of \$70,000 on the First National bank of Chicago, the second largest banking institution in the city. ## INDORSE MARKET PLAN

### AGRICULTURAL BLOC HOPES FOR SPEEDY ACTION.

### CO-OPERATIVE ACTION OF FARMERS' ASSOCIATIONS TERMED GREAT BENEFIT.

Washington.—Co-operative marketing of farm crops received assurances of support from members of administrative, executive and congressional branches of the government. Secretary of Commerce Hoover, Eugene Meyer, Jr., managing director of the War Finance Corporation, and Ralph C. Miller, member of the Federal Reserve Board, told delegates to the first national council of farmers' co-operative marketing associations that commodity associations had done more toward restoring financial stability in the United States than any other factor, and Senator Capper of Kansas, leader of the Senate farm bloc, declared the prospects were growing better daily for action on rural credits legislation.

Secretary Hoover said the farmer had every right to demand relief from the depression into which his industry had fallen, because it had suffered more than any other. He expressed the opinion that the farmers' greatest hope for relief lay in co-operative marketing and he predicted that the sentiment of the country would guarantee them the constructive measures they needed. Lack of transportation facilities, Mr. Hoover said, has caused the farmer greater loss than high rates.

Senator Capper declared the "co-operative idea offers more encouragement in pulling the farmer out of the hole in which he finds himself, due to financial and industrial conditions, than any other factor."

Mr. Meyer joined Mr. Hoover and Senator Capper in praising the work of the several hundred associations represented by the delegates from thirty-six states. Mr. Meyer said he believed all credit facilities of the federal reserve board should be extended to farmers, and intimated that he thought the finance corporation should cease to exist after expiration of the present authorization from Congress, and that its financing of farmers should be taken over by local banks.

## Governor's Parley Ends.

White Sulphur Springs, W. Va.—The fourteenth annual conference of governors ended with a spirited discussion of the Ku Klux Klan. Many of the executives then left for Washington to accept President Harding's invitation to discuss prohibition enforcement. An executive committee consisting of Governors Cox of Massachusetts, Hardee of Florida and McCray of Indiana, was elected; former Governor Townsend of Delaware was re-elected treasurer, and Miles C. Riley of Madison, Wis., secretary.

## Urge Water Project Undertaken.

New York.—Development of a water project, designed to produce 1,200,000 horsepower by harnessing the sources of energy in Lake St. John and the Saguenay river in the province of Quebec has been undertaken by American and Canadian interests. The project's principal backers, it was said, are James B. Duke of New York, holder of large tobacco interests, and Sir William Price, head of Price Brothers, Ltd., a large Canadian print paper manufacturing firm. A corporation capitalized in Canada at \$25,000,000 has been formed.

## Claims Arms Conference Failed.

Wichita, Kan.—What he termed the failure of the disarmament conference held in Washington some time ago was stressed here by Josephus Daniels, former secretary of the navy. "Recent events," Mr. Daniels said, "demonstrate that the disarmament conference failed in its purpose. England and Japan, it would appear, got the best of the United States in the agreement to scrap capital ships, placing no restrictions upon construction of light vessels and aircraft."

## Food Prices are Higher.

Washington.—Both retail and wholesale food prices increased 2 per cent or more during November, according to figures made public here by the Department of Labor. Notwithstanding the increase, the department said there was a decrease of 5 per cent for the year ending Nov. 15 in retail food prices, while wholesale food prices increased about 1 1/2 per cent during the year.

## First Successful Mint Holdup.

Washington.—The successful holdup of the United States mint in Denver, and the loss of \$200,000 in cash, was said by officials here to be the first in its kind in history. There have been cases of petty thefts from government mints, but never an organized holdup on so grand and successful a scale, according to mint authorities.

## Abandon Hope for Flyers.

Nogales, Ariz.—All hope of finding Col. Francis C. Marshall and Lieut. C. L. Webber, missing aviators, or their bodies, virtually has been abandoned by flyers and officers at Camp Stephen D. Little, from which the search is being conducted. Experienced flyers doubt strongly if the missing aviators flew as far south as the border or over into Mexico. They hold that it is illogical to believe that there had been engine trouble.

## Ten Years for Stealing Thirteen Cents.

Chicago.—Stealing thirteen cents proved unlukey for William Horn and James Matthews, who must stay in the penitentiary for ten years. Both are hold-up robbers. They were convicted of holding up Ruth Korbitz, 18 years old, threatening her with death if she made an outcry, and stealing thirteen cents, all the money she had. The pair had committed other robberies the same night, but the Korbitz holdup was the only one that could be traced unmistakably to them.

## OUTLAWS KILL FEDERAL GUARD

### BANK GUARD KILLED AND \$200,000 STOLEN FROM DENVER MINT.

## U. S. MINT IS ROBBED

### FIFTY EMPLOYEES EXCHANGE SHOTS WITH BANDITS; ONE ROBBER WOUNDED.

Denver.—Four bandits held up a federal reserve bank automobile in front of the United States mint here, and after a terrific gun battle with mint employees, made their escape with \$200,000 in \$5 bills.

Charles T. Linton, federal reserve guard and widely known politician, was fatally wounded at the first onrush of the bandits. He died later at the county hospital.

One of the bandits was shot through the jaw, but was loaded into the bandits' automobile by his companions and carried away.

The bandits' car sped away up West Coitax avenue amid a hail of bullets, flew through teeming traffic and shot out past the state capitol building toward Aurora.

The robbery was the most gigantic in Denver's history and one of the boldest crimes ever perpetrated in this country.

With sawed-off shotguns, two of the bandits bombarded the front door of the mint as they leaped from their car. Fifty employes of the mint were summoned by an electric alarm bell, grasped shotguns and ran to give battle to the outlaws.

Furledflashes of shots ripped their way through buildings across from the mint and spat against the granite sides of the big government building, plunging the neighborhood into a frenzy of excitement. The \$200,000 in eight boxes had just been loaded into the federal reserve truck when the bandit car drove up beside it and stopped.

Three bandits leaped from the machine. One wore a handkerchief over his face. The others were unmasked. A fourth bandit remained at the wheel.

As the bandits hit the ground, they began to shoot. Linton, standing near the rear of the truck, was plugged through the abdomen, but managed to shoot first and hit one of the outlaws.

Concealed behind the government car, which is enclosed and heavily wired, the bandits smashed open a window, lifted out the bags and shifted them with almost incredible rapidity into their own car.

Four federal reserve employes were assigned to the truck bearing the cash. Employes of the mint were handicapped in battling the bandits by the fear that they might hit one of the government men.

Robert J. Grant and federal reserve officials announced the government carried full insurance and will not lose anything by the robbery. The officials have numbers of all the bills and these have been sent to every bank in the country.

## Admit Wrecking Train.

St. Joseph, Mo.—Alvin Marion Clark of Easton, Mo., and William Kramer, no address, both 19 years old, were arrested here and confessed, according to the local police, to wrecking Burlington passenger train No. 16, east of Saxton. The train, St. Joseph to St. Louis, was derailed when a rail was removed and seven coaches and the engine left the track. The boys planned to rush in after the derailment and rob the mail car, they said.

## Fined for Beating Child.

Quincy, Ill.—Five dollars a lash for twenty lashes inflicted on her 5-year-old son, whose back and arms bore evidence of a beating, and three months in jail, was the penalty prescribed by County Judge Charles Nauert on Mrs. Jake Hunsaker, mother of the lad. So severely was the boy punished he had to be taken to a hospital for treatment. "I only wish," said the court, "that the law permitted tying you to a post and treating you the same as you did your little son."

## CIVIL WAR IN POLAND

### ARMY CHIEF BECOMES PROVISIONAL PRESIDENT.

### ARTIST SHOTS EXECUTIVE WHILE DELIVERING ADDRESS TO PEOPLE.

Warsaw.—Gabriel Narutowicz, first president of the Polish republic, fell before an assassin's bullet here.

The tragedy occurred at an exhibition of paintings, and the assassin is an artist, one Nelwadomski, long regarded by his associates as mentally deranged.

The president had just concluded a brief address, and accompanied by his aide-de-camp and two of the members of his cabinet, was entering the first hall of the exhibition to view the paintings, when Nelwadomski joined the throng, eagerly pressing about the chief executive to shake his hand.

Instead of stopping in front of M. Narutowicz, however, the assassin circled the crowd to a position in the rear. Then, working his way so close to his victim that there was no chance of missing, he drew a revolver and fired three times, all the bullets piercing the president's back.

M. Narutowicz, terribly wounded, collapsed to the floor and died within a few moments.

The slayer turned for flight, but was immediately captured and beaten unmercifully. He was taken to the police station under exceptionally heavy guard.

Marshal Joseph Pilsudski, former provisional president of Poland, has been appointed chief of staff of the Polish army. He replaces General Sikorski, who has assumed the premiership.

The assassination of President Narutowicz has aroused the sense of patriotic duty among all the political parties and the formation within a few hours of a new cabinet, through the efforts of M. Rataj, who automatically became president when Narutowicz was assassinated, and of General Sikorski, who was called to the premiership, has given the people a feeling of security. The immediate summoning of Parliament to elect a new president, has strengthened this feeling.

Poland stands tonight on the brink of civil war. The assassination of President Gabriel Narutowicz precipitated a crisis so grave that martial law was proclaimed.

President Narutowicz was shot down just one week after being elected Poland's first president of the national assembly. Bands of Polish fascists are gathering and threatening vigorous measures to gain control of the government.

On the other hand, the Socialists are arming for conflict, meanwhile muttering threats of a war against the Polish Nationalists.

## Herrin Witnesses Organize.

Marion, Ill.—Sworn to protect the lives of their members who have testified for the prosecution at the trial of five men charged with murder in connection with the Herrin mine riots, a secret organization of farmers was reported to have been formed in Williamson and Johnson counties. "For the life of every farmer taken as the result of his testimony in the trial we will exact a toll of ten lives of his attackers," was said to have been the words spread broadcast over the countryside.

## Rewards for Capture of Bandits.

Denver.—The city of Denver, through Mayor Dewey C. Bailey, offered a reward of \$10,000 for the capture, dead or alive, of the bandits who held up messengers of the Federal Reserve bank in front of the mint and escaped with \$200,000 after killing Charles T. Linton, one of the guards. The city also offers \$2,500 for information leading to the apprehension of any one of the gang. The Federal Reserve bank of Kansas City has offered a reward of \$1,000.

## Martial Law in Poland.

Warsaw.—Martial law became effective in Warsaw by proclamation of the cabinet. Captain Niewadomski, the crazed artist who assassinated President Narutowicz, has been held for trial by court-martial. At his preliminary examination he declared he had acted on his own initiative in shooting the president and that he had no accomplices. The declaration of martial law has added to the sense of security felt by the Polish people.

## IRISH EXECUTE SEVEN REBELS

### IRREGULARS RECEIVE DEATH PENALTY FOR INTERFERING WITH TRAINS.

## GIVEN DEATH PENALTY

### RUMOR SAYS EAMON DE VALERA HAS BEEN ARRESTED.

Dublin.—Four railway men and three laborers were executed here for interfering with trains in County Kildare.

The seven men executed were captured Nov. 13 by Free State troops in a house, the location of which was not learned. With them a quantity of stolen goods, rifles and ammunition was found.

The men were tried by a military committee and sentenced to death on the charge of train wrecking.

The official army report of the executions gives the names of the men as Stephen White and Patrick Bagnel of Kildare, laborers; Joseph Johnston and Patrick Mangan of Kildare, railway workers; James O'Connor of Bansha, Tipperary, and Patrick Nolan of Rathbride, railway workers, and Brian Moore of Rathbride, laborer.

They were arrested, with others, at Rathbride, County Kildare, says the official report, which adds that they were found guilty by a military committee of possessing, without proper authority, ten rifles, 200 rounds of ammunition, four bombs with detonators and one exploder.

The executed men were part of a gang which was held responsible for troop train attacks, ambushes and looting in the region of Kildare.

The Rev. Father Donnelly attended the executions and prayed with the condemned men had been allowed to communicate with relatives.

Republican irregulars recently made attacks on both Dublin and Cork. In Dublin they attempted to raid the home of the son of Lord Glenavry, president of the Senate. The house was set on fire, but not destroyed. The plant of the Dublin Independent, a newspaper, was bombed during the night.

The Free State barracks were attacked at Cork.

Eamonn de Valera is reported to have been depised by the Republicans, who claim he is not sufficiently aggressive. A rumor that De Valera had been arrested has been circulated here.

## Dump Carloads of Apples in River.

Washington.—Ten thousand carloads of apples are to be dumped into the Columbia river by the farmers of Washington state, while consumers in Eastern cities are now paying 10 cents apiece for the same fruit, according to a telegram from John Quincey Adams, president of the Farmers' Union of that state, which was read in the Senate by Senator Smith W. Brookhart, member of the progressive Republican group.

## Unmanned Ship is Found.

West Palm Beach, Fla.—Local customs officials have a runaway sloop on their hands at Lake Worth. The vessel, registering thirty-five tons, was brought into port by two negro fishermen, who reported they found it under full sail in the Gulf stream, fourteen miles off Jupiter. The vessel was unmanned, although a good supply of provisions was aboard and there was evidence that it had only recently been abandoned.

## Orders Liquor Taken Back.

Philadelphia.—Declaring that United States prohibition agents violated the fourth amendment of the constitution in making raids without proper search warrants, Judge Thompson, in the United States District Court, dismissed two liquor cases involving several hundred thousand dollars. Liquor and wines valued at \$300,000 were ordered returned to the warehouse of J. L. Lipschutz, where it had been seized by dry agents.

## I. W. W. Favor General Strike.

Chicago.—Agitation for a general strike of all workers in the principal industries of the United States to force the release of the sixty-four remaining war-captive prisoners is planned by the general defense committee of the Industrial Workers of the World, it was learned here. The new tactics were mapped out at a special meeting of all delegates to the recent I. W. W. convention here.

## Two Banks Robbed in Los Angeles.

Los Angeles.—Bandits obtained between \$3,000 and \$4,000 in robberies at two banks in Los Angeles and vicinity, and missed \$15,000 at a cafeteria when they became frightened by the screaming of a girl employe. A single robber obtained \$1,000 at the Western State bank, in the western residential district of Los Angeles. At the Walnut State bank at Walnut Park, a suburb, three bandits held up two tellers and escaped with from \$2,000 to \$3,000.

## Girl Shot by Auto Bandits.

Salt Lake City, Utah.—One 19-year-old girl was shot and perhaps fatally wounded, two automobiles were riddled with bullets, and four others stolen, and a mad three-mile race ensued here as the result of the operations of two youthful bandits. The girl is Miss Roylance Fitzgerald of Draper, Utah. She was driving with Rodney Cushing, a friend, when they were ordered to halt by the bandits. Cushing put on speed; a dozen bullets were pumped into the back of the machine.
