

BISBEE JOTTINGS

FRIDAY, DEC. 27, 1899.

COPPERINGS.

Mild, almost warm weather has succeeded the wintry visitation of a few weeks ago. This weather is too fine.

The funeral of Wm. Fike took place today and was largely attended by friends and old timers.

Ernest Griffith & wife "Griffith Co." Edwin Larsen, LaSalle; Chas T Lavine, Nebraska; Ollan Starrs, Chicago; are guests of the Norton House.

Geo C Stayner, N Y; Louis Steinman, S F; Geo L Custer, El Paso; L L Treat, Nogales, are guests of the Besemer.

About 40 hoboes and Mexican drunks occupied quarters on and after Christmas in the local bastille.

Miss Louise Howe, who has been ill for some time with la grippe, is at present in good health again.

Griffith, the hypnotist gave his wonderful blind-fold drive through the streets this afternoon. He was successful in finding a knife hidden behind the cash register of the Brewery saloon.

Prof. Griffith, the famous hypnotist, drew a fair sized audience to night at the Opera House. The professor's work in hypnotism is marvelous and should be interesting to all. He and his company will be here until the 30th.

BISBEE, Dec 28, 1899,

COPPERINGS

Weather remains peculiarly warm for this period of the year, and also awfully dry.

The Fraternal Brotherhood intend to give an apron and necktie party on New Year's night.

B. A. Packard came in yesterday from a long drive over the mountains. He left for his ranch on this morning's train.

At the Besemer—Judge Teasdale and family, Fort Worth, Tex; Eugene Demier, Nogales; L K Chase, S F; Geo L Beaton, Los Angeles.

Lieut. Tom Rynning of the Rough Riders is reported as being ill at Wilcox.

At the Norton—Chas C Weaver, Detroit, Mich; G O Duncan, L A; Louis H Friend, Michael McMahon, San Francisco; and Thos G. Grant, Tucson.

A petition asking for the appointment of Hugh Conlon as supervisor to fill the vacancy in the board, is being numerously signed. It looks as if Bisbee is entitled to the position and Mr Conlon is a popular and representative citizen who would make an excellent supervisor. The petition will be forwarded tomorrow and it is confidently believed and hoped the Bisbee politicians request will be granted.

BISBEE, Dec. 29, 1899

COPPERINGS.

A slight rain visited our section today. Unfortunately its visit was of short duration.

Prof. Griffith the Hypnotist, owing to the small audience last night, refused to give an entertainment. The money was at the box office for the people who paid for an entrance. The Griffiths are genuine hypnotists and give a very interesting exhibition of the effects of hypnotism on the ordinary mind; and they certainly deserve a better recognition than they received here.

Evidently the frolics of the "Jeunees Joree" do not find favor with our Bisbee matrons. It is reported that lately two of our most interesting young ladies were requested to vacate their lodgings and seek other shelter by a landlady of puritanical ideas, for the simple reason that they maintained a certain amount of hilarity in their rooms, beyond the prescribed time of retiring. Verily, 'tis hard that the bubbling laughter of innocent young maidens should be checked, when the call "lights on" has been sounded.

OFF FOR YUMA

Wiley Morgan and a Mexican Taken to Yuma.

This morning Sheriff White left with two prisoners for Yuma who were sentenced to penal servitude at the territorial penitentiary at the recent session of court.

The prisoners were Wiley Morgan who was found guilty of the murder of John Duncan at Hookers Hot Springs. Morgan was sentenced to 20 years at Yuma. The jury returning the verdict of guilty in Morgan's case recommended the prisoner to the mercy of the court and a leniency was shown in the sentence. An appeal has been made to the supreme court for a new trial but meanwhile Morgan will be confined in the penitentiary.

The other prisoner taken was a Mexican named Helaro Dalgado who received a sentence of three years at Yuma for the crime of robbery committed at Bisbee. Morgan appeared quite haggard and worried but on leaving he bid his fellow prisoners in jail and the court house officials goodbye expressing the hope of a new trial and ultimate acquittal. The prisoners were securely handcuffed and guarded.

At the last annual examination of Oread Institute, Worcester, Mass., a school devoted to the promotion of scientific cookery and housekeeping economics, Arizona's representative in a class of several hundred young ladies, Miss Mabel Hoover, stood second. The leader of the class was a young woman from Idaho. Miss Hoover is a daughter of Mr J B Hoover of this county. She went to Oread about a year ago, having been appointed by Governor Murphy under an arrangement with the management of the institute admitting free one young lady from each state and territory.—Republican.

Says a Boston girl: "It is an incontrovertible factuality that the antiquary who appropriates the prematurely active vermilion specimen." She meant that the early bird catches the worm.—Chicago Daily News.

The Griffiths, hypnotists, are putting up a clever show in the line of hypnotism.

Things have quite a holiday aspect about town. Miners are enjoying a lay off and taking in the sights. Bisbee will soon boast of a new bank and the first one within its limits. Its appellation will be—The Bank of Bisbee. Wm. H. Brophy, President; James Douglas, Secretary; M. J. Cunningham, Cashier. The directors are Ben Williams, Wm. H. Brophy, James Douglas, J. B. Angus, M. J. Cunningham. Capital stock \$50,000, with \$25,000 subscribed. A general banking business will be conducted. The bank will open between the 10th and 15th of February and will occupy temporary quarters in the Angus Building, until its permanent quarters are ready in the new hotel building.

A SURE CURE FOR CROUP

Twenty-five Years' Constant Use Without a Failure

The first indication of croup is hoarseness, and in a child subject to that disease it may be taken as a sure sign of the approach of an attack. Following this hoarseness is a peculiar rough cough. If Chamberlain's Cough Remedy is given as soon as the child becomes hoarse, or even after the croupy cough appears, it will prevent the attack. It is used in many thousands of homes in this broad land and never disappoints the anxious mothers. We have yet to learn of a single instance in which it has not proved effectual. No other preparation can show such a record—twenty-five years' constant use without a failure. For sale by the Tombstone Drug Store.

He is enroute east and could not resist the temptation to visit his old stamping ground and shake hands with old friends.

About 5:30 o'clock this morning an unknown man was seen prowling about the residence of Ed Tarbell evidently with the intention of committing an incendiary or burglarizing the premises. Ed had just left home to look after the departing 6 o'clock stage and Mrs Tarbell being alone screamed an alarm. Miss Ethel Robertson resides next door with her sisters, and at once came to the rescue. She came with a pistol. The marauder still remained defiant and in an instant a shot rang out. The effect was magical the intruder beating such a hasty retreat that nothing but a streak in the early dawn was left by the fleeing object. It was impossible to identify the man but the plucky action of Miss Robertson saved the day and she distinguished herself as a brave and courageous heroine.

The West Baden, Ind. Journal is responsible for the following: Young men don't swear! There is no occasion for it outside of a printing office, where it is useful if the paper is being timed. It also comes in handy in proof reading and is indispensable when the ink works bad and the press begins to buck. It is sometimes brought in use when the foreman is mad, and it has been known to entirely remove that tired feeling of the editor when he looks over the paper after it is printed. Outside of a printing office it is a foolish habit.

LAWTON'S FUND

An Appeal for Contribution For the Family

The following communication was received at this office yesterday:

"Headquarters Department of California, "San Francisco, Dec. 23.

"The adjutant general of the army has appointed me, as the representative of the war department, to receive contributions from the people of the Pacific coast for the benefit of the widow and children of the late Major General Henry W. Lawton, killed in action before San Mateo, Philippine Islands, Dec. 29, 1899, and I respectfully solicit your assistance in making the donations from the coast a generous one.

"The history of General Lawton's splendid military career is too well known to require recounting here. His life has been one of devotion to the military service, and he fell in battle while defending his country's flag.

"His widow and four children will be left in strained circumstances unless the mortgage covering his orange grove at Redlands, California, be liquidated.

"I am confident that the patriotic and grateful people of the Pacific coast will respond generously to this most worthy object, and that enough money will be raised, not only to pay the mortgage, but leave a substantial margin in addition for the use of the family.

"Remittances should be sent to the undersigned at army headquarters, San Francisco, which will be acknowledged by letter and through the columns of the newspapers. The Nevada Bank of San Francisco has been designated as the depository for the fund.

"Very respectfully, "WM. R. SHAFER, "Major General U. S. Volunteers."

Prevented a Trage

Timely information given Mrs George Long, of New Straitsville, Ohio, prevented a dreadful tragedy and saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle wholly cured her, and she writes this marvelous medicine also cured Mr Long of a severe attack of Pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and \$1.00. Every bottle guaranteed. Story of Miss

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D Williams, of Marquette, Mich. tells how such a slave was made free.
