LOCAL NOTES.

There will be no services in the Catholic church tomorrow.

FOR RENT—First class baker shop. Apply to J. B. Angus, Bisbee. 27

Geo. H. Stratton has received the appointment of Indian trader at San Carlos. Mr. Stratton is a resident of Wilcox.

S. M. Barrow was an incoming passenger today from Wacoville, Cal., where he has been visiting his aged mother.

Rev. C. R. Nugent returned home today from Washington, D. C., where he has been in attendance at the Presbyterian assembly.

Just as we go to press the merry-go-round, opposite the PROSPECTOR office, starts up to the rhythmic measure of Tar-ra-ra-boom-de-ay.

When the scalp is atrophied or shiny-bald, no preparation will restore the hair; in all other cases Hall's Hair Renewer will start the growth. 19

Mrs. Mae Walsh has removed her private school to the room in the public school building recently occupied by Miss Hill and her scholars.

Denver is to receive recognition as the center of western activity by the transfer of headquarters of the department of Arizona from Los Angeles to Fort Logan.

Another drive of fat Chiricahua mountain sheep was received yesterday, and fine mutton now graces the block ready for the cleaver and knife at Overlock & Cummings.

The EPITAPH is published semi-weekly, Wednesday and Sunday. It is the newest paper in Arizona. Every man in Cochise county should take it. Only \$1 for three months.

Some newspaper man started the report that a Brooklyn girl kneads bread with her gloves on. An exchange answers: "We also need bread with our shoes on, with our pants on and with our clothes on. We need it badly, too, and if our delinquents do not soon pay up we shall need it without any pants at all."

Judge J. A. Rockefeller of Wilcox has sent in his resignation as justice of the peace of that district. His office will be filled by appointment by the board of supervisors at their meeting in July.

The ball to be given by Engine Co. No. 1 promises to be an enjoyable affair. Those having the matter in charge have been untiring in their efforts to make the occasion peculiarly attractive.

Effectually yet gently, when constive or bilious or when the blood is impure or sluggish, to permanently cure habitual constipation, to awaken the kidneys and liver to healthy activity without weakening or irritating them, to dispel headaches, colds or fevers use Syrup of Figs.

Two Mexicans fought a duel in Tucson yesterday. The trouble arose over a woman, the injured husband coming out victorious, killing his antagonist. The weapons used were Mexican pistols.

Miss Maggie Hill left on this morning's stage for a brief visit to her sister, Mrs. C. L. Beckwith, at Bisbee. Miss Hill has given up her private school and in a few days will leave for the east to remain a couple months.

An incipient fire was discovered among some debris in the rear of a Mexican residence on Fremont street this morning. The flames were extinguished before any damage was done or the fire department called out.

When the blood is loaded with impurities the whole system becomes disordered. This condition of things cannot last long without serious results. In such cases a powerful alterative is needed, such as Ayer's Sarsaparilla. It never fails, and has no equal. 19

A drive of twenty-five head of Salt River alfalfa fattened beef was taken to Bisbee last night from the corral of Overlock & Cummings for Harrington & Duffy, who will hereafter be regularly supplied with this beef by Overlock & Cummings.

The young ladies of the Methodist Sunday School will give a dime social in the church next Wednesday evening. Refreshments will be served and a great many new features will be introduced. Speaking and singing will be rendered by the young ladies.

All stations on the S. P. are draped in mourning out of respect to the memory of Leland Stanford. The Benson depot is draped and will remain so until after the funeral of the dead senator.

"It has cured others and will cure you" is true only of Ayer's Sarsaparilla. The motto suits the medicine and the medicine the motto. What better assurance could you have that a remedy will cure you than the fact that it has cured such multitudes of others. 19

Today the annual election for school trustee was held. W. A. Harwood was the only candidate in the field and was elected to the office made vacant by the expiration of the term of trustee Patton. Mr. Harwood is deeply interested in the welfare and prosperity of our public schools and will worthily fill the office vacated by his predecessor.

A fine placer gold field is told of sixty miles north from Tucson. Gold has been found for scores of years along a stream there. Near is a basin, higher than the stream, which has never been worked over. This is believed to contain great quantities of the precious metal. It is planned to turn the stream on the basin.

A SANITARIUM.

Capitalists to Build a \$35,000 Sanitarium in Tombstone for Asthma Sufferers.

A suggestion which was recently published in the PROSPECTOR by Mr. F. Herrera regarding a sanitarium for asthma sufferers and extolling the wonderful curative powers of our healthful climate, is being agitated by parties in San Francisco.

Mr. Herrera is in correspondence with some capitalists in California in regard to the establishment of a sanitarium here. The gentlemen have already built several sanitariums at different points in California with satisfactory results, and the establishment of a sanitarium for asthma sufferers, for which this noted climate is known to give relief, is looked upon by them as a favorable investment.

They inquire what inducements, if any, this city will offer, as the expense to carry out such an undertaking will require from \$25,000 to \$40,000. Thus far one or two citizens have offered to help in this enterprise, and no doubt others having the welfare of this county at heart will take deep interest in the matter.

Mr. Herrera will furnish the parties full statistics. He knows well of he speaks as after a nine months residence in Tombstone he declares it the only place where he has experienced relief from the asthma, from which he has suffered for more than twenty-five years. He has traveled all over California, Texas, Colorado and Arizona, spending a small fortune in his search for health, but not until he came to Tombstone has he obtained relief.

The capitalists are very favorably impressed and there seems no reason to doubt but that a \$35,000 sanitarium will be erected here in the near future.

Tribute.

While it is over thirty years ago since ALCOCK'S POROUS PLASTERS were first introduced to the medical profession and public, the marked success and unprecedented popularity which they met with not only continues but is steadily increasing. No other plasters have been produced which gain so many testimonials of high value as those continuously accorded to ALCOCK'S POROUS PLASTERS, and the only motive for these exceptional tributes lies in the fact of their being a medicinal and pharmaceutical preparation of superior value. Additional proof of the true value of ALCOCK'S POROUS PLASTERS lies in the fact that they are largely imitated by unscrupulous persons, who seek to deceive the public by offering plasters which they claim to be the "same," "equal," "as good," "better," "best porous plaster," etc., while it is in general appearance only that they resemble ALCOCK'S. Every one of the so-called porous plasters are imitations of ALCOCK'S POROUS PLASTERS.

Avoid dealers who attempt to palm off inferior and worthless plasters that are purchased by them at low rates for the purpose of substitution. 19

Today is San Juan day and is being observed by the Tombstone Mexican population generally. It invariably rains on this particular day or following day. A few clouds made their appearance this afternoon. May they become so laden with the life giving fluid that the clerk of the weather will be obliged to open the sluice gates.

The celebration at Kimball's grove on July 4th will bring a large gathering from Tombstone. It will be so arranged that Tombstoners will return home in time to attend the Engine Co. hall in the evening. Bisbee is to have a ball in that city in the evening also, and the special train which will bring the picnickers over will return in time to allow them to participate in the dance.

The news was received today of the death of Mrs. Demartini, wife of Paul Demartini of Fairbank. She had been seriously ill for some time and was removed to Tucson last week and given all medical attention possible, but she became steadily weaker and died last night. Her body will be embalmed and shipped east to her relatives. Mr. Demartini has the sympathy of the entire community.

KNOWLEDGE
Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adopting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.
Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.
Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

COUNTY RECORDS.

LOCATIONS.
North Extension, Yellowstone district—B. F. Persons, L. D. Redfield.

While on a visit to her sister, Mrs. F. F. Titus, who lives near Tempe, Mrs. Dr. Hyde had a fierce encounter with a monster rattlesnake. The lady showed wonderful calmness and nerve and it was but a short while before the reptile lay at her feet dead. The snake measured nearly sixteen feet in length and had fourteen rattles and a button, which were carried away by Mrs. Hyde as a trophy.—Phoenix Gazette.

There is nothing I have ever used for muscular rheumatism that gives me as much relief as Chamberlain's Pain Balm does. I have been using it for about two years—four bottles in all—as occasion required, and always keep a bottle of it in my home. I believe I know a good thing when I get hold of it and Pain Balm is the best liniment I ever met with. W. R. Denny, dairyman, New Lexington, Ohio. 50 cent bottles for sale by druggists.

INFLUENZA,

Or La Grippe, though occasionally epidemic, is always more or less prevalent. The best remedy for this complaint is Ayer's Cherry Pectoral.
—Last spring I was taken down with La Grippe. At times I was completely prostrated, and so difficult was my breathing that my breath seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I begun taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete. It is truly a wonderful medicine.—W. H. WILLIAMS, COOK CITY, S. D.
