LOCAL NOTES.

The brand of W D Martinez of Benson was recorded today.

Lige Connor is on the street again. His fine was paid last night.

A. Bauer shipped one trainload of cattle, and not two, to Kansas City, last month.

The raffle for the harness at Patton's will take place at 3 o'clock on Saturday afternoon.

A Joerger came in today from his mountain brewery in the Huachuca mountains, bringing a large load of bottled beer.

Will Bayless, formerly of Tombstone, is matched to run a hundred yards at Prescott to-morrow.

San Diego is getting worked up over the possibility of getting cheap coal from the Sonora coal fields.

The table at the Can Can will be supplied to-morrow with every good thing that can be had on the coast.

Judge Berry and wife have gone to San Diego and will remain there a month or so before returning to Tombstone.

Unless more care is given to the hair, the coming man is liable to be a hairless animal, hence, to prevent the hair from falling, use Hall's Hair Renewer.

The report is in Tucson that Col. Wier of the Salero mines has made a million dollars in New York this summer on a mining deal.

Choice, fat chickens, fresh fruit of all kinds and ice cream will be but a small part of the bill of fare at the Can Can to-morrow and Sunday.

Cesar's famous "Veni, vidi, vici," "I came, I saw, I conquered"—might be an appropriate motto for Ayer's Sarsaparilla. We charge nothing for the suggestion. This great blood purifier conquers wherever it comes and is now absolutely without equal in the world.

Visitors should remember that there is a spot in town that is cool and comfortable in the hottest day; it is the Can Can restaurant.

Allen English asked today for a leave of absence for sixty days. He will visit his parents in California. His father is 80 years of age and he has not seen him in ten years.

As an Emergency Medicine, for sudden colds, Ayer's Cherry Pectoral takes the lead of all remedies, a dose or two generally sufficing to stop ordinary coughs and ease the worst. For the cure of throat and lung disorders, this preparation is unequalled.

Another old timer has been heard of. The Lower Californian, among other notes of interest from Alamo says that Dan Leuch is burning 70,000 brick and will build the best house in town, on his lot between Frenchy's saloon and Tom West's shop.

Council Doings.

The City council met last night for the first time in their new quarters in the Recorder's court room on the lower floor of the city hall. Councilman Hare was the only absent member.

The reports of the officers were received and filed. A few bills were presented and referred to the finance committee and the following bills were allowed and warrants ordered drawn on the Salary fund:

Table with 2 columns: Name and Amount. Includes C H & T Co, oil \$1.90; S B Hart, keys 1.75; A H Emanuel, minute book 12.00; A H Emanuel, court costs 13.00; E Gres, supplies 6.40; T A Atchison, repairs 7.50; B Whiston, repairs 1.00.

The bill of the Huachuca Water Co \$14 and the City Water Co \$4 were ordered paid by warrants on the general fund.

The clerk was instructed to advertise the notice to taxpayers of time when taxes become delinquent and the council adjourned.

Are You Interested?

The following frank statement from J. E. Hare of Trenton, Texas, will be of interest to many of our citizens. "My little boy was very bad off for two months with diarrhoea. We used various medicines, also called in two doctors but nothing did him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave immediate relief and soon cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine. For sale by H. J. Peto.

Lake News.

Wm. Bartholmew returned today from San Jose. He brings additional information from the desert lake. He came through there night before last and states that the theory that the water comes from the Colorado River is scouted there and the facts are becoming plain that the water is from the Gulf of California. The water is rising slowly from day to day and a watch of its action shows that it rises and falls with a continual wave motion which is considered nothing more or less than the tide. The water now contains 25 per cent salt. A sailboat is prospecting the lake, but without any discovery as yet. The theory is strengthened by the fact that the Colorado is still rising above and at Yuma which would not be the case if the water came from the river. Old timers assert that if this vast body of water had come from the river that the river would have run dry in 24 hours after the first sign of water made its appearance.

FOR OVER FIFTY YEARS.

An old well-tried remedy.—Mrs Winslow's Soothing Syrup has been used for over fifty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for Diarrhoea. It is pleasant to the taste. Sold by Druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

Professor Church, formerly of the T. M. & M. Co of this camp, has returned to the United States after seven years residence in China.

The Atchison, Topeka & Santa Fe company began on Jan. 1st a new system of making payments to its station agents by allowing them commissions on ticket sales instead of giving them stated salaries. This plan, though not in operation long enough to determine its actual merit is said to be quite successful, inasmuch as it offers agents the inducement to secure increased business.

Branch 2 Out.

The San Diego Union is authority for the statement that the citizens who went to Los Angeles last week to assist in perfecting plans for the American Colored Men's Mexican Colonization company, report that the papers were signed on Thursday for the first 100,000 acres of land. G. Andrade of San Francisco, who was accompanied by his attorney, turned over the patent to his tract, beginning on the Sonora side of the Gulf of California, some twenty miles below Yuma, and where a remnant of the Lerdo colony, surrounded by the former owner, still remains.

The papers were also signed for a second 100,000 acre tract adjoining, to be purchased a year from now on the same liberal terms. The attorney for the company was given sixty days in which to make investigation of the title at the City of Mexico, and if this is satisfactory, the work of colonizing will at once begin. There were about sixty colored men at the subsequent meeting, and the eastern delegates said that the people of their race in both Mississippi and Tennessee were most anxious for the migration.

The Pulpit and Stage.

Rev. F. M. Shroul, pastor United States Methodist Church, also Methodist. Kan. says: "I feel it my duty to tell what we know of Dr. King's New Discovery has done for me. My lungs were badly diseased, and my parishioners thought I would live only a few weeks. I took five bottles of Dr. King's New Discovery and am now well and strong as ever."

Col. Herring will deliver the oration to-morrow at Bisbee. From Bisbee the colonel will go to southern California to enjoy the sea breeze with his daughters, Miss Sarah and Miss Bertha, at Redondo beach.

Our Night Out.

On Thursday night July 9th, the Bijou Dramatic Co. of this city, will produce, for the benefit of the cemetery, that ever popular drama, Fielding Manor, or the False Friend, with the following cast of characters:

- LUCIEN GUYER (an adventurer). Dr. C. P. Gillespie. Cuthbert Fielding (the lost heir) Dan Hennessy. Cyril Garland, a (subaltern) Ralph Smith. General Stanley M. Hennessy Abercrombie Courtwell (in love with Rebecca) Fred Storer. Andrew (a servant) John Blewitt. Bailiff Leon Aubrey. EDITH FIELDING (the heiress) Kate Walsh. Nina Chauncey (a divorced wife) Nellie Yaple. Lady Ogden (a baroness) Nettie Rafferty. Rebecca Stanley (sweet on Abbie) Nellie Walsh. Eugenia Maitland (of uncertain Margaretta Maitland) age.

The decorations for the 4th are very elaborate and are being generally displayed throughout the city. About thirty men will come over from the post to see the sights and play ball. The Engine Co's ball at the Schiefelin hall in the evening and many private displays of fireworks will not make the day a lifeless one.

The First Symptoms of Death.

Tired feeling, dull headache, pain in various parts of the body, sinking at the pit of the stomach, loss of appetite, feverishness, pimples or sores, are all positive evidence of poisoned blood. No matter how it became poisoned it must be purified to avoid death. Dr. Acker's English Blood Elixir has never failed to remove scurvy or syphilitic poison. Sold under a positive guarantee.

"I hear you intend naming your new paper The Record, Faber?" "I had thought of that name with favor, Pennibus." "Don't do it, I implore you." "Why?" "The record is so easily broken now." —Munsey's Weekly.

Not Much of an Error. Sometimes a typographical error adds zest, as one "local," which began: "Dr. Smith, who is widely known as one of the most skillful of our physicians," the "s" having disappeared, with the usual depravity of inanimate things—or shall we say with a divination of the truth wholly unusual?

Their Use. Mrs. Fangle (looking up from the paper)—I wonder what air brakes are used for? Mrs. Dense—To stop wind-mills, I suppose.—West Shore.

The Flowers of Europe. Of the 4,200 kinds of flowers which grow in Europe, only 420 are odoriferous. The white flower is the most common, there being 1,194 kinds of that color. Less than one-fifth of these are fragrant. Of the 951 kinds of yellow flowers 77 are odoriferous; of the 823 red kinds, 31; of the 308 violet-blue kinds, 13. Of the 140 kinds with combined colors, 28 are fragrant.
