FORMER TEMPE MAN FATALLY INJURED AT RAY

Edward Wesson Hurt in Runaway Accident—Auto Party Leaves for Scene.

Word was received in Tempe shortly after noon yesterday from Ray, Ariz., that Edward Wesson, a former resident of Tempe, was not expected to live but a few hours as the result of a runaway accident the previous day.

Details of the accident are lacking, but from what could be gathered Mr. Wesson was freighting between Ray and some nearby mining camp when he received the injury. The team which he was driving became suddenly frightened while at the top of a hill and bolted. But a short distance had been covered when it ran off the road grade. It is rumored that the horses were killed. Upon receipt of the wire, it being impossible to make train connections, the auto party left immediately for the scene of the accident to do what they could. If anything, for the injured man.

Mr. Wesson was a well-known resident of Tempe until about two years ago, when he moved to Ray and took up the occupation of freighting. And during the greater part of that time he was employed by Mr. Fogal, which consequently accounts for the intimate friendship existing between the two men.

FAMOUS STAGE BEAUTIES look with horror on Skin Eruptions, Blisters, Sores or Pimples. They don't have them. For all such troubles use Bucklen's Arnica Salve. It glorifies the face. Excellent for Eczema or Salt Rheum, it cures sores, chapped hands, chilblains; heals burrs, cuts and bruises. Unsurpassed pills. 25c at all druggists.—Advertisement.

DISCUSSION OF HIGHWAYS. The route of the ocean-to-ocean highway as approved by Col. Deit M. Potter, national organizer and vice-president of the Ocean-to-Ocean Highway Association, has been unanimously endorsed by the members of the Tempe board of trade. Action on this feature was taken last Saturday evening, when the organization met in the office of President A. Nielsen to consider that and other matters. The resolutions, which were presented to the board, were endorsed and forwarded to Col. Potter in Los Angeles yesterday morning.

FOILS A FOUL PLOT. When a shameful plot exists between liver and bowels to cause distress by refusing to act, take Dr. King's New Life Pills, and end such abuse of your system. They gently compel right action of stomach, liver and bowels, and restore your health and all good feelings. 25c at all druggists.—Advertisement.

FINISHING TOUCHES COMPLETE. Work which has been progressing for the past three months on the consolidation of the Overland and Arizona Telephone Company systems in Tempe was brought to a close last Saturday evening. The finishing touches have been added and the early part of the week a new number book will be issued to the patrons of the Mountain States Telephone and Telegraph Company at this place. Every business house and residence within a mile of the main office is now equipped with a private line, a feature that has been almost entirely lacking in Tempe in the past. Patrons outside of that district are furnished with the party line, there being not over three or four phones on any one line. The force of men which have been employed in Tempe will be transferred to Mesa this morning, where operations will be resumed on the consolidation of the two systems at that place.

TO CHANDLER. Druggist A. M. Harmer and wife

made a trip to Chandler yesterday to look over the work being done on their ranch located in that district.

RETURNED TO LIBERTY. Miss Lena Cole and Miss Flossie Dines, who have been spending the week-end in Tempe visiting their parents, returned to Liberty last evening to resume their work in the public school at that place.

BACK TO CANADA. The mother and sister of Dr. F. G. Waide of this place left last evening for their home in London, Canada, after having spent several months in Tempe enjoying the contrasting weather to that of their home country.

OVER SUNDAY. C. M. Spangler, formerly a resident of this place, but now of Gilbert, Ariz., was a visitor over Sunday with his family in Tempe. Mr. Spangler is in charge of the skimming station maintained by the Pacific Creamery Company in that district.

FROM PHOENIX. C. M. Zander of the tax commission, spent yesterday in Tempe visiting relatives.

APRON SALE A SUCCESS. The apron sale held at the Brown Mercantile Company store Saturday in aid of the Ladies Aid of the Christian Church, was a distinct success. Aside from the money derived in this way the proprietors of the store aided the ladies by donating them five per cent of the day's sales in the store.

THE BUSY WOMAN'S DAY. It begins early, ends late, and is full of work. She often has kidney trouble without knowing it. Her back aches, and she is tired and worn out. Sleeps poorly, is nervous, no appetite. Her bladder gives her trouble, too. Foley Kidney Pills will cure all that and make her strong and well. They are the best medicine made for kidney and bladder disorders.—Elvey & Hulet—Advertisement.

Manager William Goodwin of the local opera house, has laid upon a plan whereby he hopes to boost the Tempe business houses in connection with his own interests. The proposition was put up to him by E. Wilbur, a cartoonist, who makes a business of sign painting, and so good did it look that Mr. Goodwin promptly entered into negotiations with the advertising expert.

Mr. Wilbur has had life-long experience in this kind of work and comes to Tempe after having satisfactorily treated ninety opera houses in different parts of the United States, just as he is now fixing the local play house. His plan is to place upon the two walls, one each side of the building, a series of advertisements surrounding a large landscape scene. These ads are to consist of little ditties written in a rhythmic poetic style, included in which will appear the various advantages offered by the different business houses. This is only a part of the business. Mr. Wilbur has behind this a scheme which will attract attention to every letter printed on either wall of the house. He will give twenty-five dollars to the first party finding ten misspelled words which are to appear in the twenty-five written ditties.

Some Good Investments. The money of the past and future has been realized upon increased valuation of real estate. Our business is to guide you to good, reliable properties that can be bought cheap, and That Will Increase in Value. We now have opened several excellent opportunities, including city, suburban and farm properties. Our representative will call if you are interested. We solicit the agency for selling and leasing. Our commissions are reasonable.

VERTISEMENTS have been solicited and are now ready awaiting their placement upon the wall. It is the intention of Mr. Wilbur, if possible, to conclude his work by the first of the year in order that the fun may start on the evening of the third of January, when the company playing "The City" will be in Tempe.

RETURNED FROM LOS ANGELES. A. A. Walsworth is home from a ten-days' visit to Los Angeles and surrounding coast towns.

HERE FROM THE COAST. Joe Teeter, a relative of Teeter brothers of this place, has arrived in Tempe from Los Angeles to spend a short time. Mr. Teeter is taking a short vacation from the Los Angeles school of osteopathy, which he is now attending.

REAL ESTATE SALES ARE INCREASING

Dealers Report Quite a Lively Demand for Farm Holdings in the Vicinity of Mesa.

Within the past week there has been increased activity in the real estate market. All the dealers have been rushed with applications for the cultivation of citrus fruits. The cold wave in California came early this season and has been remarkably severe. Every day brings men from that state who are looking for locations here, believing that both the soil and climate and freedom from insect pests are destined to make the Salt River Valley an ideal section for the growth of all kinds of citrus fruits. As a result several big deals are now under way and are expected to be consummated before the first of the year. While there is no dearth of suitable land, the realty dealers are pushed to find cultivated lands that the owners are willing to part with. Several offers, which carried prices above the average, have been turned down. Reports from Chandler are to the effect that that section is also doing a lively business in the transfer of realty holdings. The sales are increasing daily and are fully double what they were during the summer months. In Mesa the transfer of town lots has also enjoyed a small boom; a great deal of building is going on and contracts for a number of creditable residences are being left. At present it is a difficult matter to locate all the strangers who seek winter homes within the town. Farms and tent houses are becoming numerous as makeshifts and the lodging houses are generally kept well filled.

THEY ALWAYS HELP ELDERLY PEOPLE. Foley Kidney Pills give just the help elderly people need to tone and strengthen their kidneys and bladder and regulate their action. John McMasters, Streater, Ill., says: "I feel better and stronger than I have for many years, and Foley Kidney Pills did it."—Advertisement.

A QUIET DAY. Sunday was a quiet day in Mesa. People generally rested from the strenuous activities of the week past, attending church, or took quiet drives over the surrounding country. The merchants had the busy week of the year, during the six days closing Saturday night. There appears to be a disposition on the part of a large portion of the population to do their Christmas shopping early. This sensible move is no doubt largely due to the frequent appeals in The Republican to shop early and thus give some consideration to the clerks, who are at best overworked during the holiday season.

RED CROSS STAMPS. Red Cross Christmas Seals are now on sale in Mesa at the following places: The J. M. Barnett drug store, Everybody's drug store, Crescent drug store, The Popular Store, The Torgery, Mesa Furniture store, Conger's Emporium, Holland's bakery, Allison-Davis hardware store, E. P. Grover's, Lesueur & Co's.

These seals are sold for the placing on Christmas packages and on the back of envelopes containing gifts and greetings to relatives and friends during the Christmas season. They sell for a penny each and the money goes to the aid of tubercular work. The buying of these seals is a work of charity that no one should overlook. Millions of dollars are spent annually in an effort to check the ravages of the great white plague and to aid those who are its victims. It is a work of true christianity and broad humanity, and should be aided by all who are in sympathy with those who suffer and by all who truly love their fellow man.

THEIR FIRST SON. Dr. J. E. Drane, Jr., returned late Saturday night from a call to Chandler town, and reports the arrival at the home of Mr. and Mrs. M. J. McDougal of a fine son and heir, the first in the family. Everybody well and happy.

COUGHING AT NIGHT. One bad cough can keep the whole family awake at night. Phil Disoreau, Schaffer, Mich., says: "I could not sleep on account of a bad cough, and I was very weak. I used Foley's Honey and Tar Compound, and soon the cough left and I sleep soundly at night." Elvey & Hulet—Advertisement.

DOUBLE FUNERAL. The Tabernacle was filled to its utmost capacity yesterday afternoon by relatives and friends of La Fayette Dana and Charles Sumner Sellers, whose deaths occurred Saturday morning. The services were very impressive. A number of speakers testified to the clean lives and sterling qualities of the two men who had been so suddenly called from this life to enter that beyond. Very few in the vast assemblage but shed tears of sympathy for the families left behind and regret at the closing of the career of valued members of the community. The bodies were interred in the Mesa cemetery, a long line of mourners following the remains to their last resting place. It was a day of sorrow to many, as both Mr. Sellers and Mr. Dana had been long time residents of the com-

munity and leave many relatives who reside here.

NEWS IN BRIEF. A. M. Tong was in from the government camp at "Battery A," a well being sunk south of Chandler, yesterday. Mr. Tong says they will be through there soon and then have some work to do at "Battery C."

The annual meeting of the stockholders of the Mesa City Bank has been called for January 14. The merchants have exceeded all previous efforts in the holiday window displays this season. James Miller, Jr., clerk of the board of supervisors, spent Sunday in Mesa with his family. "Neiska Wawa" is the name adopted by the freshman class of the Mesa high school for its society. The name is taken from two Indian words and means "great talk." No doubt the members will try to live up to the name. "Life's Golden Day" will be the (Continued on Page Seven)
