## AN OPPORTUNITY IS SLIPPING AWAY

But the Door is Yet Open at Balke's Big Curio Store.

The time between now and Christmas is rapidly slipping away as well as the opportunity for buyers to get their choice of the best things in the shops. Assortments are getting lower and fewer every hour.

Balke's Big Curio Store is doing its best to aid the worried shopper and it is thronged with buyers all the time. Only its wonderful variety and great stocks have prevented depletion and even it cannot stand forever against the run.

Better go there today and have it over than the last week before Christmas may be a peaceful week. There are hundreds of things from which selections may be made, such as Navajo Indian jewelry, Mexican zepapes and Mexican drawn work, native Arizona ostrich plumes, Russian hammered brass, native Arizona stones, mounted or loose, but all very beautiful.

There are also the superb Navajo blankets and hundreds of other articles gathered from the four corners of the earth.

In order to afford shoppers the fullest opportunity, the Big Curio Store will be kept open nights from now until Christmas.

### COULD SHOUT FOR JOY.

"I want to thank you from the bottom of my heart," wrote C. B. Rader, of Lewisburg, W. Va., "for the wonderful double benefit I got from Electric Bitters, in curing me of both a severe case of stomach trouble and of rheumatism, from which I had been an almost helpless sufferer for ten years. It suited my case as though made just for me." For dyspepsia, indigestion, jaundice, and to rid the system of kidney poisons that cause rheumatism, Electric Bitters have no superior. Try them. Every bottle is guaranteed to satisfy. Only 50 cents at all druggists.—Advertisement.

## SICK MAN DIES IN THE CITY JAIL

James J. Duncan Succumbs To Attack of Tuberculosis.

James J. Duncan, who is believed to have come to Phoenix from St. Paul, Minn., died at 7:30 o'clock yesterday morning in the city jail where he had been given lodging, upon his representation that because of being afflicted with tuberculosis he had been refused a room at a number of places where he had applied for lodging. Evidently hoping to keep his real name from being entered upon the police records he registered as A. Richards, but papers found in his pockets revealed his real name as well as the fact that he was a member of the Eagles fraternity in good standing.

When Duncan appeared at the police station he not only manifested great weakness but admitted that he had been drinking heavily for the past few days. He had received money from home and the local lodge had helped him. The secretary of the Eagles upon learning of the presence of Duncan in the city jail undertook to find a suitable lodging place for him, but thought it best that he remain a day or two in the city jail until he had gained enough strength to warrant his removal.

Yesterday morning Duncan told City Jailor Perrin that he believed he could eat a little breakfast. Perrin hurried out and had a breakfast prepared that he felt would be appetizing to a sick man, but when he returned a few minutes later, Duncan was dead. Coroner Johnstone impelled a jury which returned a verdict in accordance with the facts.

The body was removed to the Easterling & Whitney undertaking parlors pending final disposition. In the event no relatives are found to take charge of the remains they will probably be buried by the Eagles.

### DRIVES OFF A TERROR.

The chief executioner of death in the winter and spring months is pneumonia. Its advance agents are colds and grip. In any attack by one of these maladies no time should be lost in taking the best medicine obtainable to drive it off. Countless thousands have found this to be Dr. King's New Discovery. "My husband believes it has kept him from having pneumonia three or four times," writes Mrs. George W. Place, Rawsonville, Vt., "and for coughs, colds and croup we have never found its dual." Guaranteed for all bronchial affections. Price 50c and \$1.00. Trial bottle free at All Druggists.—Advertisement.

## SUPREME COURT DENIES IT HAS JURISDICTION

Motions in Famous Zekendorf-Steinfeldt Case Dismissed.

Asserting that it had no jurisdiction in the matter, the supreme court of the state of Arizona yesterday refused to interfere in the now famous Zekendorf-Steinfeldt case that was recently decided by the supreme court of the United States, so that the motion of the defendants and appellees was denied and dismissed. This case has been prominently before the public for the past several years both on account of the prominence of the parties and of the amount involved in the suit.

It was remanded from the supreme court of the United States with instruction that the supreme court hear certain motions but the state supreme court denied that it had any jurisdiction in the case so that it will now go back to the trial court.

## SATISFIED FEELING

Can't help but be experienced your steaks are nice, juicy and tender when they come from the market. Such a steak we always send out. You never have to use a tenderer on our meats. We purchase stock that has been fed well and that will be the best for nice, tender cuts. Old hardened animals never can produce good tender meat. That's the reason we never tolerate for a moment the purchasing of any but young, carefully selected stock.
