J. W. Taylor and wife, Chicago, are guests at Hotel Angius.

George T. Cline, of Woodburn, Oregon, has quarters at the Angius.

A. H. Mosly, of Naco, is circulating among his Bisbee friends today.

Scott White of the Greene Consolidated Copper Mines at Cananea, is in town.

N. J. Cook, representing the Dalmatian company, of Chicago, is visiting Bisbee.

George Mitchell of the Greene Consolidated Copper company, arrived in Bisbee yesterday.

The many friends of Miss Lou Howe will regret to learn that the young lady's condition is unimproved.

Otto Von Kanel is in the City of Mexico, where he went several days ago to transact mining business.

Pete Larson, an old time smelter man with the Copper Queen company, has returned to Bisbee from Globe.

Sid Mullins returned from the Cananea yesterday where he has been recuperating for several days past.

Miss Lillian Burr has accepted a position at the telephone headquarters, where she will eventually learn to say "hello."

There are only eight patients in the company hospital, all of whom are suffering from small contusions. There are no fever cases up to date.

Alfred Nyman, wears a smile of contentment this morning. Mrs. Nyman presented her lord with a fine boy last night. The mother is doing well.

S. W. Clawson, of Bisbee and Gordon McLean, of Morenci, who have been visiting Nacosari for several days past, are expected to return tomorrow.

W. Wolff, a popular clerk in the grocery department of the Copper Queen store, took his departure this morning for Los Angeles, where he will remain indefinitely.

The Fashion saloon evidently believes in the admittance to lay by for a rainy day. Six carloads of wines, liquors and cigars, were stored in the Fashion cellar today.

Dan Barnes, a veteran of the civil war, and an old time miner in this camp, will take his departure tomorrow for Santa Monica, whither he goes to enter the Soldiers' Home.

Mayor O'Reilly was a visitor to Bisbee last evening. He brought with him a very tempting sample of garden truck garnered yesterday from O'Reilly park at Naco. Johnny Twomey was the recipient of the first crop grown in Naco park.

Julius Goldbaum, the enterprising liquor dealer of Tucson, arrived in Bisbee yesterday and is circulating among a host of friends in the copper camp. Mr. Goldbaum is one of the most substantial business men of the old pueblo and maintains his popularity through the class of goods he handles and the honorable methods pursued while dealing with his numerous customers.

P. S. Clark and A. B. Thomas, both of Hardwick, Vermont, are sojourning in Bisbee. Mr. Thomas is secretary of the Vermont and Arizona Mining company, whose properties are situated in the Flagstaff mountains, and where the two gentlemen have been visiting for the past several days. They are thoroughly convinced the Vermont and Arizona properties will develop into a mine.

Dr. J. Zimmerman, the well known chiropodist of Tucson, is paying a professional visit to Bisbee and will remain in camp about three or four days. He is likely to be called to his home at any moment. To those who are suffering with corns, bunions, ingrowing toenails or any disease of the feet would do well to consult the doctor at the Bessmer house. Dr. Zimmerman has had an active experience of sixteen years in his profession and stands at the head throughout America and Europe.

Bisbee is known far and wide as the quietest mining camp on the Pacific coast, a fact that is due to the efficiency of the officers and the rapidity with which the court deals with delinquents. We had commenced an article in praise of this model camp this morning, when Iomania Hernandez, through the assistance of Justice Williams and Date Graham, broke into the tanks. He had looked upon the wine when it was red, and for having imbibed too freely the court assessed him \$10, failing to pay which Iomania will assist in improving the county roads.

To Whom it May Concern.

Brophy, manager of the store of the Copper Queen Mining Co., and settle the same immediately, as all accounts have been assigned to him for collection, and he is the only person legally authorized by me to receive the same.
(Signed) A. NYMAN.

MINING NOTES.

A congress of mining and metallurgy will be held in Paris from June 18th to 23rd. Particulars may be had from the secretary, Mons. Gruner 55 rue de Dhateaudon, Paris.

Fourteen thousand five hundred dollars was paid into the Arizona Central Bank last week, being the last payment on the Ramrod and Gunbarrel gold mines, belonging to Cook Bros. & Blythe. Frank Rockefeller and others were the purchasers. The mines are well developed and the ore perfectly free milling. A mill will probably be erected.—Kingman Wealth.

"Eastern capitalists have their eyes on the Pearce mine, located at Pearce station, sixteen miles south of Cochise, Ariz.," said Colonel L. F. Wentermark of Phoenix yesterday. "It is a good property, which sold for \$275,000 as a prospect. One of the largest interests held in the Pearce mine is Mr. R. A. F. Penrose of my town, who is a brother of Senator Boise Penrose of Pennsylvania, and who is prominently spoken of as a republican candidate for delegate from Arizona. The information is that two experts, who have been at the mine for the past two weeks, represent eastern capitalists, and the story goes, intend to purchase."—El Paso Times.

During the period of sixty days of advertising the application for a patent which follows the approval of the survey of a mining claim, any one believing that he has a better title to the ground than the applicant may bring an adverse suit against the claimant by filing adverse papers in the U. S. Land Office for the district in which the survey is located. One of the essential things in such a suit is an adverse plat, which must be made by a United States deputy mineral surveyor. It must be made from an actual survey on the ground, and so certified to by him. The survey must describe the conflict said to exist, and must be a description by metes and bounds, and the area of the conflict must be stated. The calculations are made in exactly the same way as if for patent.

The officers of the Shannon Copper company have sent out a report on the progress of development of the Shannon mine to the stockholders of the company, and in that report recommended that the capital stock be increased 100,000 shares. A meeting of the stockholders will be held in New York on the 16th inst. when the proposition of increasing the stock will be considered. Concluding, the report reads: "Taking everything into consideration, the mine has so far developed beyond our reasonable expectations, and we can see no reason why, with the proper facilities for handling and treating the ore, such as is contemplated, we should not have a large and profitable property. The ore bodies now being explored seem to fully warrant the erection of a larger and more expensive plant than was originally planned, and in order to provide the necessary funds for these larger works, the increase of the capital stock of the company is recommended."—Copper Era.

Thomas Mitchell, who lived in Tombstone twelve years ago, and for the past few years a resident of Denver, has returned to Arizona and become the partner of Col. Wm. Herring, says the Star, represents at least a dozen corporations, enough to take up the time of two capable and energetic attorneys.

The Jerome Reporter has a \$5,000 libel suit on its hands. The alleged libelous article was published last May. David Connors is "co-respondent" in the case, the objectionable article having been written by him and published in the Reporter as a communication. The Reporter editor says he will prove all that was said in the article.

The Prospector publishes some very interesting extracts from letters from Mr. Wm. Nash, first editor of the Prospector, who also ran a paper at Benson in the early days. Mr. Nash is now at Haines, Alaska, where he is doing very well, having some valuable mining claims.

Recently two or three Jerome ladies interested in church work in Jerome addressed a letter to Miss Helen Gould, requesting aid to carry on work in which they were interested. Miss Gould replied that her means would not permit her to assist all of those asking her aid. An explanatory printed list of requests made was inclosed in the reply, which gives the startling total of 1303 between the dates of January 15 and 22, 1900.

MEDIGOVICH & NOBLE

Very Unusual

It is very unusual for a regular physician of good reputation to publicly endorse a proprietary remedy. We have often heard of cases where doctors have secretly prescribed Acker's English Remedy, but it is most gratifying to receive the following voluntary letter from C. F. Smith, M. D., the most successful physician of Olean, N. Y.:
"Messrs. W. H. Hooker & Co., New York City: I wish to add my professional testimony to the value of your English preparation known as Acker's English Remedy for Asthma, etc. In several instances, after I have tried my utmost to give even relief, I have prescribed your remedy, and it has acted almost like a miracle, not only relieving, but permanently curing every one of the patients. I endorse the preparation as one of the most valuable additions to the practice of medicine."
Such a frank endorsement as the above is phenomenal. Coming from so distinguished a member of the medical profession, it carries with it an assurance which the public will be sure to avail themselves of. It is recommended like this which make it possible to give the broad guaranty that is a part of every sale of Acker's English Remedy for Coughs, Colds, Asthma, Bronchitis and Consumption. It must either do all that is claimed for it, or your money will be refunded. Do you know of any other medicine sold on those terms? Do you know of any other medicines which prominent doctors regularly prescribe in their own practice as being better than prescriptions they write themselves? These facts are well worth considering. They are of special interest to those with sore throats and weak lungs.

Sold at 50c. and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 3d. and 2s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.
We authorize the above guaranty. W. H. HOOKER & CO., Proprietors, New York.
