RENEGADE APACHES

From the Reservation in Graham County

Attempt to Loot the Town of Pacheco, Mexico—Twelve Are Killed.

EL PASO, Texas, Nov. 20.—It is reported that a band of renegade Apaches from the reservation in Graham county, Arizona, attempted to loot the town of Pacheco, Mexico, last Thursday, and that a conflict ensued which lasted over an hour, when the Indians fled, which they did in a precipitate manner, leaving twelve of their number dead behind. The Mormons were fortunate in that they had but six or eight wounded and none killed, but it is reported that one man has since died.

It seems that a week ago the Mexican authorities received word that 20 or 30 White Mountain Apaches from near San Carlos, in Arizona, had gone south on a raiding expedition, with Mexico as their destination. The various towns on their possible line of march were warned and made preparations to receive them, so, when they approached Pacheco they were warned to go on. This precipitated a fight as above stated.

When the Indians fled the Mormons and Mexicans from Casa Grandes and other towns got together and quickly followed, but as the Indians knew the country well and are well mounted, there is but little hopes of catching any of them, and by this time they are well on their way home or to join the Yaquis.

It has been impossible to get any word from Capt. Tuttle, of the Indian police station at San Carlos, or from Major Nickelson, acting Indian agent at the post, but the country is well warned and no more trouble is feared. But the settlers will try hard to exterminate the vermin.

The town of Pecheco is in the Mormon settlement near Casa Grandes, in Chihuahua, to which point troops have been hurried.

General Miles' Report.

WASHINGTON, Nov. 20.—A feature of the annual report of Lieutenant General Miles, commanding the army, is a chapter dealing with the need of a reorganization of the military service. Miles points out that practical limitation of the service of volunteers to one year's service in the Philippines is a most expensive practice. He points out the need of a reserve force for the relief of the soldiers who serve in the tropics.

General Miles renews the recommendation that the permanent force should be one man for each 1,000 of the population. He submits a draft of a bill embodying his views. General Miles says the force in the United States has been so much reduced that at present there is not one-fourth enough troops on the sea coast. He mentions the gallantry of Col. E. S. Lusum and Captain Reiley, who were killed in action in China, and Major Jessie M. Lee. Miles claims that the fortification board developed a high explosive, superior in effectiveness to all known safe military explosives.

Texas Mules Wanted.

NEW ORLEANS, La., Nov. 20.—The buying of American mules and horses by the British army agents has been renewed in earnest. Orders have been let for 3,000 mules and 2,000 more horses, and four big transports are en route to this port. The new orders will be filled in Fort Worth, Kansas City and St. Louis. Some weeks ago the British army agents in this city folded their tents and were awaiting the tick of the cable instrument to call them home. They thought the stock purchasing business was ended and their work with American mules and horses was done.

Trouble for Irishmen.

LONDON, Nov. 20.—J. F. X. O'Brien, patriarch of the Irish party, says that before six months are over there will be 2,000 Irishmen in jail, and prophesies a return of the scenes of coercion days, besides some stormy sessions for parliament if the Irish party were united and had their way.

Boers Defeated.

BLOMFOUNTAIN, Nov. 17.—The Boers, on November 15, heavily attacked the railroad at Ebenburg. It is reported that the Boers were completely cut up and 75 were killed or wounded.

HANNA PUTS AWAY THE CROWN.

Tells a Republican League He is Not a Candidate for President.

CLEVELAND, Ohio, Nov. 20.—Face to face for the first time since it broke loose, Senator Hanna met his presidential boom the other day. It came into his private office in the guise of a committee of the American Loyal Republican League, bringing the handsomely embossed copy of the resolutions indorsing the senator for the presidency that the league adopted last Sunday night. The senator said: "I am glad to see you, gentlemen. I appreciate the honor you do me very highly, and I thank you and the league for the good work you did during the campaign, but there are three things I desire to say to you: First, I am not a candidate for the presidency of the United States; second, I will not be a candidate; third, I would not accept the nomination if it should be tendered to me."

TO FORM CATTLE TRUST.

It Is Said \$50,000,000 Will Be Required for Deal.

CLEVELAND, O., Nov. 20.—George B. Loving, of Fort Worth, Tex., passed through Cleveland on his way to New York, where, according to an afternoon paper, he will conclude negotiations for a \$50,000,000 cattle trust which will absorb fifty Texas ranches. Officers of the leather trust, it is said, will furnish the capital.

Caught in a Well.

SULLIVAN, Ind., Nov. 20.—Thomas McPheeters, of Palestine, Ill., a well digger, was imprisoned in a well on Charles Seelichter's farm, this county, for thirty-eight hours. He was finally rescued at 8 o'clock this morning. He was caught in quicksand, and given up for dead yesterday. The searchers left, then a voice was heard and a new well sunk beside him. Soup was sent down to him through a rubber tube. He will live.

Oppose Reapportionment.

WASHINGTON, Nov. 20.—Southern democrats are already at work to defeat the proposed plan of the republicans to pass a reapportionment bill which, if passed, would reduce the congressional representation in the house. It is felt that the republicans are likely to force this issue in the house. Southerners generally depend on the senate to talk the measure into its grave.

Hongkong Typhoon.

HONGKONG, Nov. 20.—The bodies of twenty-two more persons killed on the shore in the typhoon which struck Hongkong last Friday night have been recovered. More than fifty bodies now have been taken from the harbor. The damage to property and crops is enormous.

The Bisbee Improvement Company.

A corporation duly organized under the laws of the Territory of Arizona, for the purpose of manufacturing and selling Ice, Electricity and Telephone Service, desire to give the people of Bisbee an opportunity of becoming interested in the enterprise. Therefore, they offer for sale Five Thousand (5,000) shares of the Capital Stock of the Company at the par value of Ten Dollars per share.

Subscription book will be opened at the Bank of Bisbee on Wednesday, November 14th and will remain open until the 18th inst. Intending subscribers should call at the bank during the regular banking hours, 9 a. m. to 4 p. m. and sign the subscription book for the number of shares for which they wish to subscribe.

No subscription for less than ten shares will be considered, and the Company reserve the right to refuse, reduce or reject any or all subscriptions. Ten per cent of the value of the shares subscribed must be deposited with the Bank of Bisbee at the time of signing application.

The proceeds from the sale of the above mentioned stock will be applied to the acquiring and constructing the necessary plants for the manufacture of ice, electricity and telephone service, and such other uses as may be permitted under the Articles of Incorporation of this Company.

By order of the Board of Directors.
WALTER DOUGLAS,
JOHN B. ANGIUS,
SPENCER S. CLAWSON,
LEMUEL C. SHATTUCK,
WILLIAM H. BROPHY.

FOR RENT—A fine pasture ranch comprising 13,000 acres of fine feed, well watered by streams and springs, fenced, very early. Has railroad through it with station on premises making shipping easy. Correspondence solicited. HOLLISTER ESTATE, n17-2w Santa Barbara, Cal.

RICH ORE FOUND IN INDIANA.

Said to Assay \$15 Gold and \$3.60 in Silver a Ton.

EVANSVILLE, Ind., Nov. 20.—Deposits of gold and silver have been discovered on the farm of Dr. G. O. Wide, in Warrick county, north of Linville, thirty miles from Evansville. Specimens of the ore were sent to an assayer in Cincinnati, who made tests of it. It shows \$15 per ton, gold, and \$3.60 per ton silver.

Wide kept the matter quiet until today, when he came to the city and started to organize a stock company of \$100,000 to work the claim. He has a force guarding the farm to prevent any one from stealing the ore.

NEW MONTANA ASPIRANT.

H. L. Frank, a Large Mine-Owner, Wants to Go to the Senate.

BUTTE, Mont., Nov. 20.—H. L. Frank, one of the most prominent democrats in Montana, a representative business man and a large mine owner, has announced his intention to be the running mate of W. A. Clark for the office of United States senator. Mr. Frank was to be the governor of the state in the event of the refusal of Joseph K. Toole to run, and his candidacy for the senate overshadows the aspirations of F. Augustus Heinze. The announcement has caused a sensation.

Mining Notes.

The bottom of the Banner mine shaft, Butte county, Cal., is 500 feet below sea level.

Next to mismanagement, the most fruitful cause of failure in mine development is insufficient capital.

The Rio Tinto is Spain's biggest copper mine, and from about 1,500,000 tons of pyrites annually extracted about 20,000 tons of copper are produced. There is an annual profit of about \$800,000.

It is not uncommon to work over the same ore with cyanide two and even three times. Near Wizenburg, Arizona, tailings from the old Venture mine were recently treated for the third time at a profit.

Eastern physicians say that many returned Nome gold-seekers have developed symptoms of insanity. The fact of their going argued such development in some cases just prior to their departure. —Mining and Scientific Press.

School Notes.

The donations for the library began Monday. All persons interested in the school will have an opportunity to express their interest in a very practical way. The progress of the donations in the various rooms will be noted in Thursday's issue of the REVIEW.

The Tombstone Public School library has 700 volumes for circulation, while our library has less than 300 volumes.

In accordance with the suggestion of one of the members of the school board, a fire drill will be instituted in our school. The purpose of the drill is to enable the teachers, in case of fire, to get the children out of the building quickly and without confusion. There will also be an organized effort to extinguish the fire, should one occur.

Thanksgiving Dance.

On Thanksgiving night, the 29th, the Cemetery Committee will give their grand dance for the benefit of the cemetery. Elaborate preparations are being made to insure a success. The following committees have been chosen:

Reception Committee—Tom Devine, Hank Woodgrass, Emil Marks, Alie Sowles, M. Cunningham, V. R. Stiles.
Floor Committee—N. Nichols, H. Barkdol, G. M. Porter, James Allison, M. W. Merrill, T. J. Woods.
Prompter, J. W. Sheppard.

A Celebrated Painting.

Anthony Berger's celebrated oil painting of Abraham Lincoln, which is now exhibited at the Frankfort Art gallery, is soon to have a place in the United States consulate at Berlin. Mr. Berger estimates the value of the picture at \$3,000. The artist was born in Frankfort and studied in the city's art schools. He lived forty-nine years in the United States.

Attention!

Lodges, Societies and Parties will be well pleased to know that Henry Collmann, of the Brewery Cafe, will take their orders for Banquets, Balls and other entertainments on short notice.

Notice.

Spanish and English lessons by correspondence of Shell's Seminars, Oakland, Cal. Address: Mrs. Edward Rammert, Post Office, Bisbee, Ariz. 04-11

CHINA MAY BE DISMEMBERED

Silver Republicans Will Unite Under Bryan.

A BIG TUNNEL SCHEME.

Plague at Cape Town—America's Firm Stand—Other Items From All Parts.

LIKES AMERICA'S FIRM STAND.

BREMEN, Nov. 20.—The United States' firm position in regard to the murder of an American citizen at Morocco last June greatly pleases everybody here. It is believed that this attitude will strengthen the demands which Germany has now made on the sultan of Morocco in regard to certain commercial matters. It is ardently hoped that the United States will carry the indemnity matter to an issue.

WASHINGTON, Nov. 20.—Again there is serious danger of the dismemberment of China. Great anxiety now prevails in official circles here. It is believed certain powers—namely, Germany and Great Britain—are determined to demand such heavy indemnity that China cannot pay, and then, the money not being forthcoming, territory will be seized for security.

In this spoliation the United States will not join. The United States government is not able to prevent the dismemberment of China if the European powers are determined upon that course for the United States is not in position to use force to secure compliance with its demands. All this government can do is to protest and to use its moral force to the utmost in preventing the catastrophe.

While there is great anxiety as to the intentions of Germany and Great Britain, hope is not abandoned, and the state department will continue its efforts in behalf of preservation of China's political and territorial unity.

TOWNE TO BECOME DEMOCRAT.

MINNEAPOLIS, Nov. 20.—Leaders of the "Lincoln Republican" party, better known as silver Republicans who have been in conference in Minneapolis for the last two days, have decided that union with the democratic party is their wisest course. George H. Shibley, national committeeman from Illinois, Charles A. Towne, chairman, and E. S. Corser, treasurer and diplomatic agent of the party, have so agreed, and a letter to that effect, addressed to the silver Republicans of the country, is now under consideration.

This address will take the ground that henceforth "the great issue in American politics is the struggle between democracy and plutocracy, imperialism and anti-imperialism," and that the "new Democratic party, under William Jennings Bryan, is the most available rallying place for all opponents of plutocracy."

One of the leaders said the silver Republicans want no reorganization of the democratic party, except in the "direction of strengthening the hold on the party organization of such men as Mr. Bryan and his followers."

A BIG TUNNEL.

The biggest tunnel scheme ever undertaken in New Mexico has been started in the Elizabethtown district. It will be under Baldy mountain, and will be 3,000 feet long, and will attain a depth of 1,800 feet. It will be driven by hand power during the winter, but a full plant of machine drills will be installed in the spring. It will open a hillside that is well marked with good crops.

MINERS TO BE STOCKHOLDERS.

PITTSBURG, Nov. 20.—The Pittsburg Coal company has inaugurated a plan whereby its 20,000 employes are not only to become stockholders in the company, but will have an accident and death fund, to be followed later by a system of pensioning all those employed by the company in any capacity.

PLAGUE APPEARS AT CAPE TOWN. CAPE TOWN, Nov. 20.—Eight cases of bubonic plague and three deaths from the disease are reported from the densely populated quarter occupied by natives.
