

## COST REVIEW BOARD TO OBSERVE SECRECY

Everett P. Teasdale, who has received credentials as a member of the Yuma Project Cost Review Board, has in that connection just to hand the following instructions:

Department of the Interior United States Reclamation Service, en Route, El Paso, Texas, June 4, 1915.  
Members of Boards of Review:

Your appointment from the secretary of the interior as member of the board of review is of the character which requires reports to be made to him only and that no information nor interviews concerning the work of the Board of Review should be made public nor copies be sent by you to other local boards except through him.

Secretary Lane requests that you act accordingly.

Yours truly,  
A. P. DAVIS.  
Director and Chief Engineer.

To which Mr. Teasdale has made reply as follows:

Yuma, Ariz., June 8, 1915.  
A. P. Davis, Director and Engineer  
U. S. Reclamation Service,  
Washington, D. C.

Your instructions, June 4, en route El Paso, Texas, members of board of review, relative to dissemination of the information, or interviews in the furnishing of reports to other local boards except through the secretary, which is made at his request duly received, and same will be followed.

Yours truly,  
EVERETT P. TEASDALE,  
Member Board of Cost Review, Yuma  
Project, California.

## YUMA EXAMINATION FOR A SCHOLARSHIP

Examinations for a county scholarship at the University of Arizona will be given in the office of the County Superintendent of schools, the last Saturday in June (June 26th).

The University requires that candidates for county scholarships be examined in but five subjects: 1—English 2—Algebra, 3—Science (Agriculture, Botany, Zoology, Physical Geography or Chemistry); and two subjects selected from the following: 4—History (American History and Civics, European History or Ancient History); 5—Foreign Language (Latin, French, German, Spanish) or Plane Geometry, or a second science.

The student making the highest average in this examination becomes the winner of the county scholarship. And this scholarship entitles the holder to One Hundred Fifty dollars (\$150.00), which shall be used by the holder for tuition, room and board at the University of Arizona during the academic year following the award. Should the holder fail to accept the scholarship others passing the examination may be appointed in the order of excellence.

The examination is open only to

persons, residents of the county, between the ages of sixteen and twenty-two, graduates of the Union High School

Any persons wishing to take this examination should make application to the county superintendent very promptly.

C. LOUISE BOEHRINGER,  
County Superintendent of Schools.

## "HOW TO LIVE ONE HUNDRED YEARS"

THIS IS THE NAME OF A NEW  
BOOK BY EUGENE CHRISTIAN,  
F. S. D.

Eugene Christian, F. S. D., the world's greatest Food Scientist, has just published a new book called "How to Live 100 Years."

This book tells you what to eat according to your age, your work and the time of the year. It teaches you how to select, how to combine and so as to establish perfect digestion and assimilation of food and perfect elimination of waste. In other words, it teaches you how to cure all stomach and intestinal disorders by removing their causes, which is wrong eating.

If you have indigestion, gas, fermentation, sour stomach or any such disorders after a meal, this book tells you how to put the remedy on your table at the next meal.

Dr. Christian shows that all animals how to proportion your food at meals except man live about eight times as long as it takes them to get their growth. If man should do this he would live nearly 200 years; but civilized man dies at the average age of 33. He begins to lose his teeth, his eyes and his hair, and drops into his grave only a few years after he is grown.

Dr. Christian shows that 22 per cent of all the human beings born into the world die before they are one year old. Twenty-five per cent more die before their fifth birthday, and more than half of the human race die before they are twenty-five.

All other animals on the globe live eight times as long as it takes them to get their growth. Man breathes the same air, drinks the same water, lives under the same sunshine, but differs from his brother animals only in his eating, therefore Dr. Christian shows conclusively that this appalling discrepancy must be on account of his eating habits and he has proved that his theory is true by curing over 23,000 people within the past ten years by teaching them what to eat and gives the secret of his methods.

This book does not disarrange or how to eat. "How to Live 100 Years," upset the family table. It teaches the housewife what foods the meal should be composed of, so as to make them chemically harmonious and perfectly digestible and healthy.

This book is beautifully bound in velum, and gold lettered. Send one dollar to Dr. Eugene Christian, 213 West 79th Street, New York City, and you will receive this life-saving book by return mail, and if it is not worth its weight in gold your money will be promptly refunded to you.
