Republican Territorial Platform.

**FINANCIAL PLANK.**  
We assert that we are for the free and un-  
limited coinage of silver at the ratio of 16 to 1  
and we hereby instruct the delegates to the  
National convention to use every means in  
their power to secure a clause in the National  
platform favoring the free and unlimited coin-  
age of silver.

**TIT FOR TAT.**

A number of the New York newspa-  
pers appear to be very indignant over  
the fact that Mrs. Lease in her Cooper  
union speech saw fit to apply uncomplimentary  
language and even epithets to  
some of Gotham's most prominent citi-  
zens. It is true that Mrs. Lease has not  
evinced the spirit of the meek and lowly  
Nazarene to any marked degree in  
dealing with the New Yorkers. Having  
been struck upon one cheek she has  
not in this particular instance felt called  
upon to present the other one to her  
enemy.

Having seen the people of the west  
herself included, made the objects of  
all the abuse and opprobrious epithets  
which the New York daily press could  
command, she rather chose to resent  
it, and in the language of the "wild and  
wooly" western "anarchist" "give it  
right back to them."

Whatever may be thought of this  
fighting woman from Kansas person-  
ally or politically, she is entitled to take  
the bold stand she took in what Mr.  
Bryan not altogether inappropriately  
termed "the enemy's country."

The New Yorkers' idea of the west  
is plainly that it is of no consequence  
except as a place to get money out of.  
Their sensibilities are greatly out-  
raged that the people who have been  
their patient servants for so many  
years should now rebel and assume  
to have ideas and to express them.

As long as the people of the west  
would without complaint yield up the  
bulk of their earnings to the class re-  
presented by the individuals whom Mrs.  
Lease mentioned by name, little atten-  
tion was given to them or what they  
said or thought. As soon, however, as  
a protest was made, these same west-  
ern people became suddenly anarchists,  
reputationists, assassins of the Na-  
tion's credit, lunatics and everything  
else that is usually considered inimical  
to a prosperous and well regulated  
nation.

Gothamites may hear yet other un-  
pleasant truths about themselves be-  
fore the campaign closes.

The New York Tribune in defend-  
ing Gould and Rockefeller says that  
they have "accumulated property hon-  
estly," and then as if seeing the ab-  
surdity of the assertion adds "under  
the law."

The editor of the Leavenworth Times  
was annoyed by the Salvation Army  
codoodinating in front of his sanctum,  
and he kicked in the head of the big  
bass drum. The lads and lassies  
scolded him and hauled him and other-  
wise made it unpleasant for him until  
the rescue band of hope came from

his office and with shooting sticks,  
mallets and leading editorials suc-  
ceeded in saving his life. The Kan-  
sas City Times reported the occur-  
rence and now the Leavenworth Times  
in the following delicate manner in-  
imates that the Kansas City report was  
not correct. "In its report of the Sal-  
vation Army trouble which took place  
on Tuesday evening, the Kansas City  
Times was guilty of lying in nearly  
every important point mentioned. The  
report only shows the work of an in-  
famous lying scoundrel."

Not a single paper in this entire sec-  
tion of the world said a word about the  
coming of the eclipse of the moon last  
Saturday night. We had written an  
editorial about it in which we laid  
great stress upon the fact that the  
penumbra would be entered at about  
9 of the clock. We emphasized the re-  
lation of the entrance of the shadow  
and the time thereof which we fixed at  
10:24 1/4 per clock. Our best and most  
vigorous work was put in as to the  
greatest obscuration to occur at  
11:57 1/4. Somehow our manuscript  
mislaid itself and rather than be  
charged with the dense ignorance dis-  
played by the tenth rate sheets in this  
vicinity we take this time to display  
our knowledge of eclipses.

A bicycle carrying beside the rider a  
small child in a basket in front struck  
an obstruction in Philadelphia the  
other day, and the child was thrown  
forward on its head and killed. The  
accident has again called attention to  
a practice that is getting more or less  
common among fathers of families who  
take their little children out for an air-  
ing on their bicycles. The way the  
Philadelphia authorities look upon this  
practice may be inferred from the fact  
that it is seriously proposed to hold  
the father in this case for manslaughter.  
This may be a rather severe way of  
treating it, but it is an offense that  
comes very close to criminal carelessness.

Just previous to the nomination of  
McKinley the San Francisco Call,  
which is now a pronounced goldbug  
paper, had the following editorial:  
"The principle of economics that  
makes gold money has in the past and  
can again confer the same office upon  
silver, and California wants the dele-  
gates from this state to the St. Louis  
convention to see to it that whoever  
is nominated is nominated under  
pledges to open the mints to silver and  
to gold without any discrimination  
whatever for or against either metal."

Chas. R. Drake of Tucson is one of  
the wisest known and most thoroughly  
appreciated citizens of Arizona. This  
evening at the Cosmopolitan hotel in  
Tucson he will celebrate the 25th an-  
niversary of his arrival in that city.  
An old time Mexican dinner will be  
served and there will be an inter-  
change of reminiscences with his old  
friends that will be worth traveling  
far to hear. The Republican sincerely  
wishes Mr. Drake another twenty-five  
years of prosperity and happiness.

Bourke Cochran was ushered before  
his audience in New York while the  
band played "The Star Spangled Ban-  
ner," and the crowd gave three cheers  
for McKinley. Two weeks before his  
audience in Ireland received him  
with three cheers for St. Patrick, the  
band playing "The Wind That Shook  
the Barley." Later on he will have  
occasion to sing, "Why Turn Away  
When I Draw Near?" while the band  
will play, "Croppie Lie Down."

A man in Maine went into a bath-  
house one day last week, disrobed and  
donned a bathing suit. He went forth  
into the briny. While he was cleans-  
ing himself in this way thieves entered  
his bath-house and stole "two gold  
watches and seven diamond rings, ag-  
gregating in value \$1,000." This item  
invites cross-examination, but inas-  
much as we cannot work up a feeling  
of pain over the loss under the cir-  
cumstances, we let it go.

Bourke Cochran says: "It requires  
the labor of man and the labor of man  
alone to create wealth." When the  
farmer raises dollar wheat and sells it  
for 45 cents, or 25 cent corn and  
sells it for 10 cents, how much wealth  
is he creating? How much wealth is  
the laborer and mechanic creating  
while he stands around anxiously  
looking and waiting for the job that  
does not come?

Col. Pat Donan, in that unique pub-  
lication, the Salt Lake Utahian, gives  
this explanation of the recent hot  
spell: "Every semi-roasted down-  
easter is asking some explanation of  
the unprecedentedly hot season. That  
is an easy one. It is because, under  
goldbugger and monopoly rule, the  
whole country has gotten so much  
nearer hell than it used to be."

In the midst of all this heat a fur  
factory in Danbury, Connecticut, closed

**Great Sales** proved by the statements of lead-  
ing druggists everywhere, show  
that the people have an abiding confidence  
in Hood's Sarsaparilla. Great  
**Cures** proved by the voluntary state-  
ments of thousands of men and  
women show that Hood's Sarsaparilla ac-  
tually does possess  
**Power** over disease by purifying, en-  
riching and invigorating the  
blood, upon which not only health but life  
itself depends. The great  
**Success** of Hood's Sarsaparilla in  
curing others warrants  
you in believing that a faithful use of Hood's  
Sarsaparilla will cure you if you suffer from  
any trouble caused by impure blood.

down, and its managers say that the  
free silver scare is responsible for the  
failure. Now then let some one allege  
that the free silver scare is responsible  
for the failure of Nansen to reach the  
north pole.

In all the world, in coinage or avail-  
able for coinage, there is less than a  
troy pound (12 ounces) of silver to each  
ounce of gold. Free coinage of silver  
at 16 to 1 is therefore at a ratio un-  
favorable rather than favorable to sil-  
ver in comparison with gold.

The Los Angeles Times says: "W.  
P. C. Preckenridge of Kentucky has  
entered the field in opposition to  
Bryan and Sewall. This is the most  
respectable act of his life since his  
Madeline Pollard act." And we  
agree with The Times.

The west is not the only locality  
where the farming interests have been  
made to suffer by Wall street rule. Be-  
tween 1880 and 1890 there was a fall in  
value of farms in all New England of  
\$90,000,000. The state of Vermont has  
alone lost \$30,000,000.

"You can't chew plug tobacco and  
talk free silver in this store." If you  
see a sign of this character in a store  
walk out quickly because you may as-  
sure yourself that you have struck a  
plutoocrat and that he is forinst pople.

The First Congregational church of  
Los Angeles has been closed since the  
downfall of Rev. C. O. Brown, and  
now it is putting on a new coat of  
paint and a \$10,000 mortgage.

In Philadelphia last week 222,124  
bathers took advantage of the free  
baths provided by the city. Phoenix  
has no free bath, but the usefulness  
of them cannot be denied.

A Pittsburg paper is howling its  
loudest for the maintenance of the  
gold standard, and the same day prints  
ten solid pages of delinquent tax sales.

Another aeronaut went up Saturday.  
Two thousand feet. Three thousand  
people. Parachute failed to open. Aero-  
naut came down. No more ascents.

Spain is having additional difficul-  
ties heaped upon her. The Philippine  
islands are in revolt and insist upon  
independence.

**THE SPIRIT OF THE PRESS.**

Arizona Silver Belt: Oscar Rogers  
is now confined in the Pinal county  
lockup awaiting the 11th of September,  
the day on which Judge Rouse ad-  
judged that he shall expiate the crime  
of train robbery with his life, but not-  
withstanding the dread alternative,  
suspension by a rope or commutation  
to life imprisonment, he is cheered by  
the hope that the governor will be im-  
pressed by the prayer of the petitioners  
and grant their request that he may  
live. Only that and nothing more.

Tucson Star: Bucky O'Neill has been  
nominated as the Populist candidate  
for delegate to congress. The Demo-  
crat or Republican who beats Bucky  
will have to hustle. The Star believes  
James Finley of Pima or W. A. Rowe  
or Judge J. J. Hawkins can outwin  
Bucky. And there are no others men-  
tioned who can successfully match the  
popular Populist.

Florence Tribune: Earnest efforts are  
being made to induce Governor Frank-  
lin to commute the sentence of death  
imposed on Oscar Rogers, now confined  
in the Pinal county jail, for train ro-  
bery. He has been an exemplary pris-  
oner; this was his first offense; human  
life was not taken or attempted in the  
commission of the crime, and a life  
sentence, it is generally believed, would  
fully meet the demands of justice. The  
Tribune voices the sentiments of the  
entire community in asking for the  
commutation.

Journal-Miner: Democratic boits are  
getting to be very common, and from  
the appearance of things the Williams  
convention is likely to catch the wave  
and split itself in two over the nomi-  
nation of Mark Smith. Arizona De-  
mocracy wants no "cross of gold" in  
their in the shape of Mark Smith.

Florence Tribune: The burning ques-  
tion as to who will handle the pa-  
tronage in Arizona after Bryan is elect-  
ed has been satisfactorily settled. Im-  
mediately after the Nebraska man's  
nomination at Chicago Wiley Jones  
helped "tote" him around the hall.  
Can Judge Barnes match this?

Journal-Miner: The election of legis-  
lators by Yavapai county this year  
should by everything that is high and  
holy be considered first in the line of  
duty to the people of the community.  
Personal recognition of a sectional  
nature simply to fill in the blank space  
of a person who has more of a pull  
than he has ability to represent  
shrewdly and defiantly the important  
questions to arise in the coming session  
over our internal affairs, should be  
cast aside. It is a question of princi-  
ple this year and not political chicanery.

Mr. Natanael Mortenson, a well-  
known citizen of Ishpeming, Mich.,  
and editor Superior Posten, who, for  
a long time suffered from the most ex-  
cruciating pains of rheumatism, was  
cured eight years ago by taking Ayer's  
Sarsaparilla, having never felt a  
twinge of it since.

The hair, when not properly cared  
for, loses its lustre, becomes crisp,  
harsh and dry, and falls out freely  
with every combing. To prevent this,  
the best dressing in the market is  
Ayer's Hair Vigor. It imparts that  
silky gloss so essential to perfect beau-  
ty.

Ayer's Ague Cure is an antidote for  
malaria and all malarial diseases,  
whether generated by swamp or sewer.  
Neither quinine, arsenic nor any other  
injurious drug enters into the com-  
position of this remedy. Warranted to  
cure fever and ague.

Sufferers from sick headache, indig-  
estion, and biliousness may always  
find speedy relief in the use of Ayer's  
Pills. There is no other medicine in  
pharmacy which goes so directly to the  
source of these maladies and brings  
about so thorough and radical a cure.  
They cleanse the stomach, liver and  
bowels, and to a certain extent, purify  
the blood of waste products; at the  
same time they act as a health-giving  
tonic to all the tissues involved in the  
complex process of digestion. In this  
nausea, indigestion, biliousness and

way, they effectually relieve headache,  
waterbrash, and prevent diarrhoea or  
summer sickness. They are, there-  
fore, indispensable in seasons when  
bowel complaints or malaria prevail,  
and should go with the tourist to the

Pills are sugar coated and easy to take.  
They quickly dissolve on reaching the  
stomach, consequently their full medi-  
cinal strength is soon realized. They  
were awarded the highest honors at  
the Chicago World's Fair.

**NONE BUT AYER'S AT THE  
WORLD'S FAIR.**

Ayer's Sarsaparilla enjoys the ex-  
traordinary distinction of having been  
the only blood purifier allowed an ex-  
hibit at the World's Fair, Chicago.  
Manufacturers of other sarsaparillas  
sought by every means to obtain a  
showing of their goods, but they were  
all turned away under the application  
of the rule forbidding the entry of  
patent medicines and nostrums. The  
decision of the World's Fair authori-  
ties in favor of Ayer's Sarsaparilla  
is in effect as follows: "Ayer's Sarsapa-  
rilla is not a patent medicine. It does  
not belong to the list of nostrums. It  
is here on its merits."
