OFFICIAL PAPER OF THE CITY

REPUBLICANS, ATTENTION. Members of the Republican Territorial Central committee are requested to send their address to the undersigned...

MONEY AND MINERAL.

Quotations received by special wire, Monday, June 25. Copper, quiet, Lake, \$91.50. Lead, not quoted; Domestic, \$3.30.

THE GROWTH OF CITIES.

Application has been made to the city council for a permit to construct a street railway connecting the towns of Mesa and Tempe with the corner of First and Jefferson streets...

Without street railroads in these modern times no city will be built. Phoenix is a prosperous town and hopes to grow rapidly into a thriving city...

If one were to have visited the island of Manhattan before the white man settled there he could have had all the land and adjacent waters for the mere taking and when the Dutch did first occupy the land they made small farms, gardens and cow pastures of it.

The beautiful Hudson river was navigated by sailing vessels at first and afterwards by steam boats which were invented and grew into perfection partly through the necessity of having such facilities for transportation...

If this proposition is fraudulent, wherein does the fraud consist? It will certainly benefit the city. It will bring customers to all business houses. It will increase our taxable property.

even of the greatest nation on the face of the earth, but indeed one of the great cities of the entire world. Summed up in one word the cause of the building of this great city was transportation.

How did New York build up this great trade? Not by sitting still and waiting for outsiders to come of their own volition but by offering inducements which forced people to patronize the merchants of New York.

It is by these methods that cities are built, and Phoenix can only thrive by following the example set by others.

WHO ARE THE OBJECTORS?

From what source do the objections to the Mesa dummy line come? It is said that most of the property owners along the line of the proposed road are in favor of it and really want it built.

Our morning contemporary characterizes the proposed franchise as a fraud because it proposes to make a terminus opposite the city hall plaza, and concludes by saying that: "This scheme put in operation as laid down by the Masten franchise would make Phoenix and its city government the laughing stock of every intelligent man in Arizona."

We beg to differ with the author of the language. We are of the opinion that the shoe would be on the other foot. If the city government should, through any error of judgment, be so misled as to refuse the privilege asked for and obstruct the building of this road we do not predict that they would become the laughing stock of any one, but we feel sure they would always regret their action as a great mistake into which they had been led by their pretended friends and the pretended friends of the city of Phoenix.

No one who has not a private ax to grind will oppose the construction of this road. If it is a fraud as the Gazette asserts, in what particular? It will cost the city nothing. No subsidy is asked. If the road is built it will become taxable property with all its rolling stock. The fear expressed that this franchise is asked in order to enable the Phoenix & Maricopa railroad to construct round houses or to create any nuisance in the city is without any ground or foundation if the ordinance granting the franchise is properly drawn and the rights of the city properly guarded.

The council which meets tonight will please the business men of the city by passing the franchise ordinance. Of so much consequence do the business men regard this matter that Godwin & Avery, the shoe dealers in the Fleming block, would have been willing to pay \$50 per month additional rent if the terminus of the road had been on First avenue as at first proposed.

Shoe Store. Shoes For Everybody

This is a sweeping statement but our stock is equal to it, as surely as ten times make one dollar. One of the best and easiest ways to make a dollar is to inflate it by the aid of our prices in footwear, that like McGinty won't be raised.

JUST RIGHT Describes the shoe, price, quality and fit in every case.

GODWIN & AVERY, The New Shoe Store, Fleming Block.

road, in case it shall be built, on the ground that we should have a better or different road, will come forward and propose to build a better one, we say: "God speed, the privilege is yours. Build, build, and operate railroads into Phoenix, but do not obstruct others who wish to do likewise."

All street railroads are more or less a public nuisance. The rails are in the way of the wheels of carriages. The cars are liable to collide with people and carriages. All street cars are noisy. Who is there that has not heard our electric cars at night rumbling along Washington street—when several blocks away? And yet we must have street railroads in order to build a city.

THE OPONENTS of the so-called Masten franchise had expected to show to the people that there was a "joker" in the ordinance granting the right. The publication of the ordinance has dispelled that illusion. The simple fact is that if this franchise is granted a motor road from Mesa to Tempe will be immediately built.

TRADE IN THE life blood of Phoenix. The trade of the south side is not to be ignored. "FIRST COME FIRST SERVED" is an old but good motto. Masten will build a road now to Mesa. Others may in two or three years. We need the south side trade now.

BY J. J. MARTIN & SON.

opposed him in the interest of Martin Nolan. Smith's star has commenced to wane. The administration forces have literally invaded his own town and dealt him a political death blow.

IT WILL BE two or three years before the north and south road or the present street railway will be built to Mesa. Procrastination is to be avoided. Col. Masten wants to build now. Let him build should be the policy of the people and the council.

THE TRADE of the south side with dummy railway communication is worth many thousands of dollars to our business men. Do they want it? That is the question which will be determined by the action of the city council tonight.

"FIRST COME FIRST SERVED" is an old but good motto. Masten will build a road now to Mesa. Others may in two or three years. We need the south side trade now.
