NOT DONE YET.

They Don't Know That the Strike Is Over.

The Blockade Is Not Wholly Raised.

Pacific Coast Strikers Stubbornly Continue the War.

The Southern Pacific Says In Effect That No A. R. U. Men Need Apply.

By the Associated Press.

SAN FRANCISCO, July 14.—Though passenger trains have been running throughout northern California since early this morning, it cannot truly be said that the blockade is broken.

Trains that have been running have been moved under cover of the military and every train that has proceeded any considerable distance has borne a heavy guard of soldiers. The strikers succeeded in frequently interrupting traffic at Oakland, notwithstanding the presence of a military force of a thousand men scattered through the railroad yards.

A through passenger train from Los Angeles, the first since the strike was inaugurated, arrived this morning. An overland train known as the New Orleans express was dispatched for Los Angeles at noon. The evening train for Los Angeles, the overland via Ogden and the Oregon express, were not sent out. An overland was dispatched for Ogden from Sacramento, however. Other passenger trains left Sacramento almost on schedule time, but no trains were sent out except under a military guard.

In Sacramento the most exciting event of the day was the arrest of Harry Knox, the leader of the strikers, for conspiracy in connection with the wreck horror. In default of \$25,000 bail he was lodged in jail at Woodland. He declares he is innocent and charges the Southern Pacific with causing his arrest to break his influence with the strikers. It is stated that Worden, the striker under arrest as a principal in the wrecking of the train, has confessed and implicated Knox in his confession.

As yet the railroad company has been able to move but little freight. At Los Angeles notices have been posted that no more men are wanted by the Southern Pacific. At San Jose where considerable violence was done none of the strikers will be taken back. In Oakland and Sacramento the question of returning to work is not under discussion.

ENCROACHING ENGLISH.

They Try to Seize a Central American Island.

They Rout the Nicaraguan Troops, Take Possession and Are Afterward Deposed.

Copyrighted 1894, by the Associated Press.

COLON, July 14.—Advices received here today from Corn Island, the spot which is said to have been so much coveted by England, say that a serious encounter has taken place there between the British subjects, residents of the island and the Nicaraguan troops. The British, it is added, defeated the Nicaraguan soldiers and caused the governor of Corn Island to fly for refuge. The British, it also appears, seized the Nicaraguan government offices and fired upon the Nicaraguan flags.

This so enraged the natives that they sought for and obtained arms and succeeded in restoring the government. Several were wounded on both sides in the encounters which have taken place.

TWO CHILDREN BURNED.

Houses of the Poor Locked Up by Flames.

SAN FRANCISCO, July 14.—Twenty small dwellings and two human lives were destroyed in a fire that broke out in the block bounded by Broadway, Leavenworth, Jones and Glover streets today.

The loss is estimated at \$50,000 and the houses are homes of many poor families some of whom lost everything. Two sons of Mrs. Leidecker aged two and four respectively were burned to death.

An A. R. U. Man Honored.

TOPEKA, Kan., July 14.—R. J. Sloat, president of the local A. R. U., has been nominated by acclamation by Populists for representative of the Topeka city district.

He Talked Too Loudly.

CHEYENNE, Wyo., July 14.—Lieut. Col. Brady of the Seventeenth infantry, who had command of troops at Rock

Springs during the strike trouble, has been ordered under arrest. The arrest is believed to be the result of intemperate utterances upon the strike question.

Cholera in Russia.

ST. PETERSBURG, July 14.—One hundred and fifty-one new cases of cholera and fifty deaths from that disease have been reported here. There are now 406 people suffering from cholera in the hospitals.

Communication Re-Established.

SACRAMENTO, July 14.—The San Francisco local which left Oakland at 9 a. m. arrived here at seven this evening. No attempt was made to interfere with the train. She carried about twenty passengers.

Fatal Gasoline Explosion.

EAST TOPEKA, Kan., July 14.—By an explosion of a gasoline stove today Mrs. Jas. Nahadil, fifty years old, and her grandchild, two years old, were burned to death and Jas. Nahadil was severely burned at Collinsburg.

PREPARING FOR TROUBLE.

Troops from Whipple Guard the A. & P.

PRESCOTT, Ariz., July 14.—Three companies of the Eleventh infantry left Whipple this afternoon under command of Capt. Quimby for points along the line of the Atlantic & Pacific railway. One company will be stationed at Peach Springs, one at Williams and one at Winslow.

While everything is quiet along the line and trains are running, it is feared trouble may occur on account of the refusal of the company to take any A. R. U. men back in its employ.

LOCAL BRIEFS.

John Doe Powell, Emma Powell and Eva St. Clair engaged in a three cornered and one sided fight in the sinful south side on Friday night. All the parties were arrested and brought before Justice Johnstone yesterday. The two former plead guilty and were fined \$10 each. Miss St. Clair, an injured innocent, will make a bluff at a defense. Her case will be tried on Monday morning.

Thos. McEvilly called at the clothing department of the Bee Hive last night and became involved in a dispute with Manager Long about a suit of clothes which he had purchased some time before. The disagreement became so intense that when McEvilly emerged from the store his face was battered and cut and altogether he was a sight "to look at." In the meantime the original matter of dispute, like the grievance of the Pullman strikers, remains unsettled.

Incidents and Reminiscences of the Strike.

Mayor Hopkins Denies a Sensational Story

That He was Threatened with Arrest for Conspiracy.

Chief Arthur Explains the Relation Between the Brotherhood and Other Railway Orders.

By the Associated Press.

CHICAGO, July 14.—"The story is false from beginning to end; I shall ask General Miles at once to do me the justice of denying it," said Mayor Hopkins today referring to a report from Cincinnati to the effect that General Miles before the state militia was called out called on Mayor Hopkins and asked if he intended doing his duty and would call out the state militia.

According to this report the mayor answered that he should not mix up in the matter whereupon General Miles pulled out his watch and said that he would give Mayor Hopkins just thirty minutes in which to issue instructions to his police and to call out the state militia and that if he (Mayor Hopkins) refused to obey he would declare the city under martial law and arrest the mayor for conspiracy.

THEY STAND TOGETHER.

How a Brotherhood Man May Fill a Striker's Place.

CLEVELAND, July 12.—Chief Arthur of the brotherhood of locomotive engineers, said: "According to the rules of our order members must not take the place of strikers belonging to some other order, but when a member of the brotherhood of locomotive engineers strikes without the sanction of the order, another member is justified under our laws in taking his place. This I suppose has been done in some cases and has caused a misinterpretation of my position. A member of the brotherhood cannot belong to the A. R. U."

Will Not Strike Anyhow.

CHICAGO, July 14.—President Gompers when asked about the refusal of the railway managers to entertain Debe's proposition said today: "I regret it very much; it was bad for the railways, bad for the men and bad for public interests. It will have, however, no effect on the action taken by the federation in declining to order a general strike."

A SYMPATHETIC MAGISTRATE.

He Now Finds Himself on the Wrong Side of the Law.

CINCINNATI, O., July 15.—Judge Taft today appointed William Curd United States commissioner at Mount Sterling, Ky., vice E. M. Perch, removed for contempt of court. When the marshal swore out warrants for the arrest of strikers at Mount Sterling before Perch, the latter is accused not only of tipping the accused so they could get away, but also of advising them to demand trials before him (Perch). Judge Taft also ordered the immediate arrest of Perch, and set his hearing for Monday next at Covington.

FASTEST IN THE WORLD.

Wonderful Record of the Minneapolis.

She Breaks All Previous Records for Speed Ever Made by Armored Vessels.

By the Associated Press.

BOSTON, July 14.—The new cruiser Minneapolis, anchored at Boston Light this afternoon the proud holder of the world's record for speed of war vessel.

The first half of forty-four knots of her trial trip was made in one hour and fifty-five minutes and eighteen seconds, with an average speed of 22.90 as against 22.92 for the first trial trip of the Columbia, whose efforts she was trying to beat.

On the return trip her average 23.20 miles as against 22.90 on the first half, making a total average speed per hour of 23.05 and proving to the world that the Minneapolis is the fastest armored vessel afloat.

Donnelly for the cancellation of a mortgage of \$5,500 given on January 3 of this year by the plaintiff and his wife to the defendant.

The suit is the sequel of a discovery of tuberculosis in a herd of Jersey cattle which the plaintiff bought of the defendant and payment of which was secured by the mortgage. The story of the discovery of the disease was related in THE REPUBLICAN of yesterday.

The plaintiff prays also for other relief since the damage he has suffered is not confined to the simple loss of the cattle but to the dairy business in which he is engaged.
