The immense stock of new goods ordered in the east is now arriving daily and is choking our capacity, so that the summer goods must give way.

A BLUNDER BILL.

A Mistake Which Stops Importation of Drugs.

Sale of Playing Cards Temporarily Cut Off.

The Separate Tariff Bills Reported to the Senate.

The Senate Bill for Proceeding Against the Stanford Estate Passed Yesterday.

By the Associated Press.
NEW YORK, Aug. 20.—The Evening Post says more errors in the new tariff bill as passed are being discovered. It was said today at the custom house here that through a mistake in punctuation, importations of all drugs and medicines are prohibited. The intention was to stop the bringing in of drugs and medicines used in the practice of abortion.
The new bill in the revenue sections taxes playing cards, so if it becomes a law none can be sold without revenue stamps. Of these the treasury has none and it will take several months to have them engraved and distributed throughout the country.

If He Signs It.

WASHINGTON, Aug. 20.—Speaker Crisp says an adjournment could be had by Wednesday if the president should act on the tariff bill tomorrow.

PINAL REPUBLICANS.

Complete Ticket Nominated at Florence.

Special Correspondence.

FLORENCE, Ariz., Aug. 18, 1894.—The Republican county convention was held here today with twenty-eight delegates and proxies represented. It was the most harmonious and best conducted political meeting ever held in Pinal county. T. P. Carson, of Reymert, presided and it is the universal opinion of those present that a better presiding officer could not be found in Arizona. Every office was closely contested and every nerve in the assembly was at high tension, yet by the fairness and parliamentary skill of President Carson the entire business of the meeting was despatched quickly, orderly and without a single jar or bitter word to mar the work of the convention or give cause for dissatisfaction.

The following is the ticket nominated: For councilman, Thos. Davis; assemblymen, Thos. E. Baker and M. R. Moore; sheriff, A. T. Colton; probate judge, D. C. Stevens; treasurer, E. O. Stratton; recorder, J. M. Ochoa; district attorney, Fletcher M. Doan; surveyor, Wm. H. Merrill; supervisors, Chas. F. Bennett and A. F. Barker; delegates to the territorial convention are T. P. Carson, L. K. Drais, J. M. Kundson, D. S. Thomas and Jacob Scler.

POLICE COURT.

The Record and Several Defendants Were Broken.

The record was broken in police court yesterday in the size of the docket. Block 41 was the most extensive contributor to the business.
Geo. W. Woods, a burglar suspect, against whom there was a lack of evidence, was held on a charge of vagrancy.

Refugio Hernandez and Rafael Sanchez were charged with stealing a saddle belong to E. W. Vanness from the O. K. corral. Sanchez could not be connected intimately with the offense and he was discharged. Hernandez was sent to jail for sixty days.

Wm. Stiles drunk and fighting got \$2. Pearl, a fille de joie, who erroneously understood that her regular monthly fine as a prostitute, covered all her other many short comings, was fined \$10 for a disturbance of the peace.

John Doe, a drunken plasterer, and J. W. Gunnell, drunk without any occupation, were each given \$2.

Herbencia Hernandez, a fighting drunk, paid in \$3. Maria Gilmore, a fine \$10 because she was hopelessly bad.

Sheriff Scott, of Pima county, brought to Tempe Sunday morning Salvador Bracamonto, who is a fugitive from justice. He stands charged with larceny committed some six months ago.

Letters of administration were issued in probate court yesterday to M. J. Galpin in the estate of James Strypes. Application for the guardianship of Mary E. Flood was made by her father, John Flood.

Wee Ching, a Phoenix laundryman, will sail for China next Thursday. That he does not expect to engage in the Korean war with fatal results is shown in the fact that he applied yesterday for a certificate of return.

The home of Mr. and Mrs. F. J. Coyle was gladdened yesterday by the arrival of an exceedingly new little girl. If Mr. Coyle's political aspirations are properly met he will conclude that it never rains but it pours blessings.

Thomas Prescott, the gentlemanly attendant at the Phoenix Fruit Store, who with Grant Randal and W. C. Wilson went to Prescott upon bicycles, returned Sunday morning by stage after a most enjoyable trip. The others will be home in a few days.

The Cat Hop Kid was bicycling on Sunday and he encountered a series of two adventures. The first was a header the result of a square discussion with a railroad track. Next while going at full speed he bumped against the fist of some careless person who didn't know enough to get out of the way.

The female waiters at the Louvre last night were discontinued. Complaint had been made of a violation of the city ordinance forbidding feminine interference in public houses. At first there was disposition to make a test case of it but later the proprietor decided to remove the object of complaint.

The board of supervisors met yesterday opened the bids for the construction of the new jail. The following are the bids with their figures: D. A. Evans, \$10,500; W. F. Fitzpatrick, \$13,700; R. C. Lowell, \$14,207; C. Campbell, \$10,838; Theo. Luge, \$11,234; L. A. Amiraunt, \$10,741. The business of awarding the contract was continued until next Monday.

That errant combination, the steam laundry team, was discussed in police court yesterday morning. The driver had been arrested for leaving the team unhitched. It turned out that he was a new man unacquainted with the team's running record. On this account the complaint was left hanging over the head of the driver and all future drivers of this team. If the offense is never repeated the city will not proceed, but if it is the offender will be fined not less than \$25.

A warrior of the Salvation Army was told to kneel down in terms very unchristianlike by a vile sinner at the tent last night. The remark was calculated to hurt, as he was called a "son of God" not of God or man, which made the warrior lay aside for a moment his meekness and make a declaration of common ordinary war that portended gore if a corporal and guard and a commissioned officer or two had not interposed and declared peace. The sinner should have been arrested and punished.

The camp meeting services at Norton's grove were well attended on Sunday and an unusual interest was manifested. The morning sermon was preached by Rev. W. E. Vaughan on the subject of "Faith and Its Results." The "Transfiguration of Christ" was the theme of Rev. R. A. Rowland's sermon in the afternoon. On account of the growing attendance arrangements have been made for additional facilities on the grounds. Food may be obtained for horses as well as people, so that one may attend the meetings and stay all day.

Among Maj. Schwartz's many official titles is that of fish and game commissioner for Arizona. Yesterday he received a letter from the department saying that a quantity of catfish and bass would be shipped here for distribution. He was requested to have a gallon can ready for each fish. No provision is made by the legislature for the payment of the expenses of this department and he is at a loss as to how to receive the piscatorial consignment. What to do with the fish after he gets them is another problem. The bass cannot live in the warm waters of the valley and the only place within a reasonable distance in which the catfish can be lodged is in a lake on the nearest Indian reservation.

Democratic State Convention Meets.

A Sensational Session Is All That Can Be Predicted.

The State Democratic Party Seems Likely to Go Into Fragments on the Subject of the Railroads.

By the Associated Press.

SAN FRANCISCO, Aug. 20.—The city tonight is swarming with politicians here to attend the Democratic state convention, which convenes at noon tomorrow. It is generally predicted that the convention will be sensational. Politicians are all at sea and not even the knowing ones are predicting results with any degree of certainty.

For the gubernatorial nomination there are many candidates, Jas. Budd of Stockton, is an avowed aspirant, Barney Murphy of San Jose, is also being industriously boomed. Jackson Temple, ex-justice of the state supreme court, has also been urged and could undoubtedly have the nomination but today he publicly announced that he would not accept the nomination under any circumstances. It is probable too, that Congressman Maguire might have the nomination if he desired it, but tonight it seems to be agreed that he will be renominated for congress.

The "railroad fight" is already on and threatens seriously to disturb the convention. It is alleged that the "railroad" men are making their fight to control the nominations for railroad commissioners and members of the state board of equalization. This fight is sure to be precipitated at the opening of the convention. Two contesting delegations have appeared from Sacramento and one of these delegations is admitted to be friendly to the Southern Pacific's interests while the others who are known as the reorganizers, are openly hostile to "railroad" influence. The question of refunding the Pacific railroad's indebtedness is also a vital issue in California and is certain to disturb the convention.

An anti-railroad platform is to be presented to the convention and has already been drawn up by D. M. Delmas who was the author of the anti-railroad plank that caused a hopeless split in the Stockton convention years ago. Prominent Democrats who have seen the proposed plank pronounce it "a scorching" and some more politic delegates, who plead for harmony, are importuning Delmas to cut down and prune his production of some of its incendiary features.

A WARM NIGHT OF IT.

The Exciting Adventures of a Supposed Burglar.

Geo. W. Wood, a supposed burglar, had a warm reception wherever he went on Sunday night. Mrs. James Dawson, who lives on the east side of Madison street between Third and Fourth avenues, saw a man prowling about the house. She had previously heard him trying the doors. She armed herself with a revolver and going to the door took a shot at him.

Marshal Molloy, who was a block away, heard the shot and started in the direction of the report. A man running in the opposite direction landed plump into his arms. This was Wood. He was scared and confused and offered a variety of explanations for his appearance. The marshal took him along back to the house. Mrs. Dawson heard them coming and thinking the original burglar was returning with reinforcements inquired excitedly who was coming. The marshal fearful of becoming a target lost no time in explaining. She was unable to identify Wood as the person she shot at but he was locked up on a charge of vagrancy.

He was tried yesterday morning and held. Several suspicious articles, among which was an engraved thimble, were found in his pockets. There was also a scarf pin which was afterward identified as the property of one of the Lazoola sisters whose house was burglarized on Saturday night. On the same night Mrs. J. W. Evans was alarmed by a man trying to enter the house. She frightened him away and in his escape from the yard lost a lady's watch and a scarf pin. This watch was also proven to belong to one of the Lazoola sisters. Wood will be turned over to the county authorities today.

HE WAS JUSTIFIED.

The Slayer of Apadaca, the Burglar, Released.

The inquest concerning the death of Jose Apadaca, the burglar, killed at Wilson's second hand store on Saturday night was finished yesterday before Justice Kincaid. The jury returned a verdict in accordance with the fact already published in THE REPUBLICAN and justified the night watchman, Chas. Crow, who killed him. Crow had been held in custody at the sheriff's office since the killing.

Nothing new was developed at the inquest. Undertaker Randal who buried the body on Sunday testified that the face, throat and body had been perforated by twenty-seven buck shot and that sixteen of them entered the face.

said that his reputation was not good. After the inquest was over Wolf said that Apadaca owned two horses and a wagon, that the wagon was loaded up with a miscellaneous lot of stuff and that Apadaca had intended to leave today for Casa Grande.

It is supposed that in this wagon load of matter will be found many articles stolen in recent burglaries. The lot will likely be examined today.

All the other testimony brought out was that of officers and others who arrived on the scene immediately after the killing.

The ground where the dead burglar fell was saturated with his blood. The earth was carefully taken up yesterday and all sign of the killing removed except a spatter of blood on the doorpost and another large black stain on the sill.

Apadaca's hat and shoes lay near by. "Take them away somewhere," pleaded old man Crow, "the sight of them makes me sick."
