HAS BEGUN.

Opening of Cotton States Exposition.

Cleveland Touches the Electric Button

At Gray Gables and the Machinery Is Set in Motion.

The City Is Gaily Decorated With Bunting and Flags--Great Electric Fountain.

By the Associated Press.

ATLANTA, Ga., Sept. 18.—Opening day at the Cotton States and International exposition dawned auspiciously bright and clear, affording to thousands of northern visitors a sample of typical southern September weather. The doors of buildings which had been closed for several days were all thrown open. Over nine-tenths of the exhibits were complete.

The city is a mass of bunting and waving decorations, flying flags, bands of music and a general atmosphere of gaily and rejoicing. At high noon every steam whistle in the city broke forth with noisy chorus, crowds cheered long and loud and the festivities of the opening day were fairly begun. At 1 o'clock the procession, under command of Col. W. L. Kellogg, United States army, as marshal, began moving. In line were the Fifth regiment, United States army, Fifth regiment, Georgia Volunteers, and the various visiting state troops of twenty-five companies, five bands, and including Gilmore's famous organization.

The new auditorium within the exposition grounds was packed to its remotest corners during the delivery of the program presented. The remarkable presence of ex-Governor Rufus B. Bullock, the elected chief executive of the state by Republican votes during the reconstruction period and director of the exposition acting as master of ceremonies in introducing in succession to a southern audience Mrs. Joseph Thompson, president of the woman's board and Booker, the Washington representative of the negro race. This incident coupled with the appearance of negroes in carriages in the parade and the presence of a negro building on the grounds, emphasized the recognition given to the race by the ex-

position. President Cleveland at Gray Gables, touched the button which set the machinery in motion at 8:06 p. m. Down at Machinery Hall, Engineer Charles F. Foster, stood watching the engines. They had attached two electric valves to the frick engine and a 4,000,000 gallon pump. Then the president touched the button the electricity opened a small valve, which forced a jet of steam against a larger one and through this opening steam was admitted to the cylinders. Standing on the banks of lake Clara Meer, Mr. Luther Steinger, directed the operations of the fountain, the greatest electrical creation in the history of the world.

THE DALLAS FIGHT.

Governor Culbertson May Yet Use Force to Prevent It.

AUSTIN, Sept. 18.—Governor Culbertson was seen today in reference to Judge Burt's opinion favorable to the prize fight. He refused to express an opinion, but from his actions it is evident he will use force to stop the fight, notwithstanding the decision.

DALLAS, Tex., Sept. 17.—President Dan Stewart of the Florida Athletic club today put 200 mechanics and laborers at work on the arena of the Corbett-Fitzsimmons fight. The contractors say the building will be completed by Oct. 20.

A SENSATION

Sprung in the Durrant Trial Yesterday.

Organist King Stated on the Stand That He Was Requested to Modify His Testimony.

By the Associated Press.

SAN FRANCISCO, Sept. 18.—The prosecution in the trial of Theodore Durrant for the murder of Blanche Lamont will finish early next week. The opening statement of the defense is awaited with much interest. It will be the first intimation of what the defense has to prove. It has been said an alibi for Durrant would be shown, and further, that another than Durrant went into the Emanuel church when the prisoner is said to have entered it.

Organist George King of Emanuel church was then put upon the stand to prove that he saw the prisoner in the church at 5 o'clock on the afternoon of April 3. He admitted that the defendant and his attorneys probably advised him to modify his testimony as given at the preliminary examination. This created a tremendous sensation, but on cross examination he said he had not been asked to change his evidence.

VICTORIOUS.

Phoenix Chosen After a Hard-Fought Battle.

Next Irrigation Congress Convenes Here.

This City Had Many Strong Competitors.

After the Votes Were Cast It Was Moved that Phoenix Be the Unanimous Choice.

Special to THE REPUBLICAN.

ALBUQUERQUE, Sept. 18.—The Fourth National Irrigation Congress will in all probability adjourn tonight. The entire morning was devoted to the fight as to where the next Congress will be held, and after a hard-fought battle Phoenix came off victorious.

The other competitors were Lincoln, Neb., St. Paul and Reno. Lincoln made a stubborn fight and spent hundreds of dollars. Ten able orators were on the floor in her behalf. The final vote was as follows: Phoenix, 63; Lincoln, 43; Reno, 10, and St. Paul 3. When the vote was announced Mr. Wolfenberger, of Nebraska, moved that Phoenix be the unanimous choice of the congress as the place of holding the next congress. It was so ordered, amidst wild outbursts of applause. Jas. H. McClintock was chosen as the national committeeman from Arizona.

Tonight an excursion train of two Pullmans will leave Albuquerque for Phoenix containing the delegates. Governor Hughes yesterday morning sent the following telegram to the irrigation congress:

To the Fourth National Irrigation Congress care George Woodford, Albuquerque, N. M. Arizona cordially and earnestly invites and urges you to hold your next session in Phoenix. The largest and most extensive reservoir and aqueduct systems on this continent are now in process of construction here, and we will be prepared to exhibit to your members hundreds of miles of canals and thousands of acres of orchards, and fields developed from desert wastes.

We can promise you a hearty welcome and ample accommodations.

Respectfully,
L. C. HUGHES,
Governor.

THIEF CAPTURED.

Mexican Burglarizes a Grand Avenue Residence.

Tomas Galvano, a Mexican, was arrested yesterday afternoon on a charge of theft committed in the morning.

He entered the residence of Miss Buelah Frarry, on Grand avenue, while she was away, and secured a valuable shawl, purse and a clock. Miss Frarry met the man with the bundle on the street just after he had left the house. She did not see him leave the premises, but suspecting from his actions that something was wrong, hastened to her house and, taking a hasty inventory, missed the articles described.

She notified the sheriff's officers at once, and gave a good description of the man she had met. Deputy Sheriff Gibson was placed on the case, and in a few hours succeeded in locating the thief, as well as the stolen goods.

A CUTTING FRACAS.

An Unknown Man Stabbed by O. F. McGowan Back of a Restaurant.

A stabbing affray occurred yesterday evening in the rear of the Model restaurant on First avenue, between O. F. McGowan and a man, name unknown.

The unknown man, who was under the influence of liquor, went through a small alleyway to the yard in the rear of the restaurant. McGowan, who also under the influence, likewise went to the rear. The former made some drunken, and insulting remark to McGowan, who retaliated in a like spirit.

The fighting ardor of both was aroused and they grabbed at each others throat. During the scuffle McGowan drew a pocket knife and plunged it several times into the other's side remarking, "How do you like the feel of this?" The other broke away and ran followed by McGowan, who however, gave up the chase evidently satisfied that he had done enough mischief. He was found shortly afterward by Justice Johnstone, who requested Deputy United States Marshal Slankard to place him under arrest and confine him in jail.

The last seen of the unknown man he was walking rapidly north on Center street but all efforts by the officers to locate him proved futile. It is not known how badly he was cut but the officers need him as a witness against McGowan.

The U. S. Gov't Reports show Royal Baking Powder superior to all others.

AWFUL!

China and Japan Alive With Cholera Germs.

Estimated That 17,000 People Have Died With the Plague Since Its Start.

By the Associated Press.

SAN FRANCISCO, Sept. 18.—Notwithstanding the endeavors of the Japanese and Chinese authorities to suppress news concerning the cholera, the truth has come to light concerning the plague. Japan and north China are fairly alive with cholera germs. Siberian officials have declared that Japanese open ports are infected and from official sources it is learned that over 17,000 people died in Japan from the plague since its start in Pesho-dores.

In China the disease has gained firm foothold. Advices by the steamer Rio Janeiro are to the effect that in Tokio the heat is terrific and disease germs have been nursed by the climate into virulent life. Several missionaries have died.

AN ESCAPE CAPTURED.

Juan Bracamonte is Again in the Toils.

Was Indicted by the Grand Jury in 1893 for Grand Larceny, But Escaped from Jail.

Officer Charles Lewis of Mesa yesterday called up Sheriff Orme by telephone and stated that he had in custody a Mexican named Juan Bracamonte, and desired to know if he was wanted for any crime.

The sheriff referred to the prison register and ascertained that Bracamonte had escaped from that institution in 1893. He immediately telephoned back to Lewis to bring the prisoner to Phoenix. Lewis brought his man down yesterday afternoon.

Bracamonte was arrested for grand larceny in July of '93, and at his preliminary examination was bound over to the grand jury. His bonds were placed at \$300, which he failed to produce, and was remanded to jail until the grand jury convened in the following September. He was indicted by that body and his case set for trial.

Before his case was called he managed to escape from the county jail and, although zealously hunted for by Sheriff Murphy and his deputies, nothing was heard of him until yesterday, when he was arrested at Mesa. The indictment against him still holds good, and he will be tried at the next term of court.

PERSONAL.

E. S. Gosney of Flastaff is in the city.

R. H. Green has returned from his outing.

M. M. Jackson of Buckeye was in Phoenix yesterday.

Mrs. E. S. Griffin has returned from her California tour.

Harry Constable, the well-known El Paso traveling man, is in the city.

F. M. Woods and wife of Tucson arrived in Phoenix yesterday morning.

Walter Johnston, of the Ryder Lumber company at Tempe, was a visitor yesterday.

A. St. John Gaylord, secretary of the Highland Canal company, was in Phoenix yesterday.

Ernest E. Ford and wife have returned from their bridal tour through southern California.

F. A. Healy, passenger agent of the S. F., P. & P. road, was in Phoenix yesterday, and returned last night.

Frank Cox yesterday returned from California, accompanied by Mrs. Cox and her niece, Miss Belle Bush of San Diego, who will spend the winter here.

J. M. Flowers, superintendent of circulation for THE REPUBLICAN, returned yesterday from a successful trip in the south. THE REPUBLICAN'S circulation continues to grow very rapidly.

Hans Herlick and wife yesterday returned from a several months' trip to Denmark, their old home. They visited France, Germany and England while across the water and had a very pleasant summer's outing.

At McKelligon's you can get the finest hand-made Sour Mash, Bourbon and Pennsylvania rye whiskies. No. 21, East Washington street.

As a pure and wholesome stimulant, for medicinal or family use, nothing equals the famous old Jesse Moore whisky, which is endorsed as the best by all who have used it. Moore, Hunt & Co., 404 Front street, San Francisco, sole agents for the Pacific coast. Sold everywhere. Either Louisville or San Francisco delivery.

Ezeta Salls.

SAN FRANCISCO, Sept. 18.—Gen. Antonio Ezeta sailed today for Mexico on his expedition to regain control of the government of San Salvador. He is accompanied by two personal attendants.

WILL CUT LOOSE

The Silver Men Ready For Business.

Their Platform Free and Independent Coinage

Conference Held in Chicago to Formulate Plans.

Proposition to Hold a National Convention and Nominate a Candidate For President.

By the Associated Press.

CHICAGO, Sept. 18.—The free silver forces of the United States will be consolidated and headquarters established at Chicago. Gen. A. J. Warner will be president of the consolidated body and Edward B. Light secretary. This much was agreed upon at the conclusion of a conference of silver leaders at the Auditorium hotel last night.

The consolidation of bi-metallic leagues perfected an organization today and a committee of nine was appointed to take charge of affairs and keep headquarters in Chicago open.

The committee promptly launched a bomb in the shape of the following resolution: "That it is the sense of the committee that an early conference of bi-metalists from all states who are willing to place the cause above party, be called to meet and formulate a plan toward holding a national convention to nominate a candidate for president and vice president upon a platform the sole plank to be independent bi-metalism for the United States."

BASEBALL.

The First Game Between Phoenix and Fort Thomas.

The Latter Club Wins by a Score of 18 to 9—Two More Games Yet to Be Played.

A good sized crowd attended the park yesterday afternoon to witness the ball game between the Phoenix club and the Fort Thomas boys. A good deal of interest was taken in the game for the reason that the Fort Thomas club is now the declared champion of Arizona, having won two out of three games from the Tucson club, which heretofore held the championship. Some of the regular players of the Phoenix nine were absent and some trouble was anticipated in arranging positions.

The game was called at 3 o'clock with the Fort Thomas club at the bat. The visiting club is composed of seasoned players and from the commencement of the game it was plainly seen that the Phoenix boys were wanting in practice although several good runs were made by the home team.

At the end of the game the score stood 18 to 9 in favor of Fort Thomas. An apology will have to be made for not giving the innings, for a special man was sent out to report the game but being an enthusiast, was inveigled into joining the ranks of the Phoenix club with the result that he forgot what he was sent for and no report was handed in to this office.

The Phoenix nine was composed of the following: Messrs. Pinney, Baum, Stewart, Farish, Lovell, Groff, Whitehead, Lambert, Robinson and Segalia.

The Fort Thomas boys are: Messrs. M. Tomlin, pitcher; W. F. Jordan, catcher; A. C. Alexander, captain and first base; F. Morey, second base; C. E. Booth, third base; P. May, shortstop; E. J. Nicole, left field; H. F. Blevans, center field; J. Slignan, right field; William Davidson, umpire, and J. L. Alexander, manager.

It has been reported that the Fort Thomas club are all soldiers, but such is not the case, for the club is composed of merchants, clerks, school teachers, farmers and operators.

The club is making a good record, and since leaving home has played ten games and lost but one. The two games that yet remain to be played will draw good crowds, for the defeat of the Phoenix club yesterday has aroused baseball enthusiasts and they will attend the game in force today, to cheer on the home team.

The Phoenix nine are not by any means bad players, and although they have had but little time to practice for the game, they do not feel discouraged, but will make a strong attempt to win the two remaining games.

The World's Fair Tests showed no baking powder so pure or so great in leavening power as the Royal.
