

YOUR LUNGS

Are Your Lungs Weak or Painful?

- Do Your Lungs Ever Bleed?
- Do You Have Night Sweats?
- Have You Pains in Chest and Sides?
- Do You Spit Yellow and Black Matter?
- Are You Continually Coughing and Hawking?
- Have You Pains Under Shoulder Blades?

These Are Regarded Symptoms of Lung Trouble and CONSUMPTION

CHECK THESE SYMPTOMS

If you have any of the above symptoms you should take immediate steps to check their progress. The longer you allow them to advance and develop the more deep-seated and serious your condition becomes. You should introduce at once a treatment which will stop the night sweats—a treatment which will disperse the pains in chest and sides—a treatment which relieves the lungs and bronchial tubes of the foul secretions and impurities—a treatment which will loosen your cough and by this means discharge these secretions—a treatment which immediately relieves the pain and soreness under shoulder blades. Lung-Germine is the treatment which has successfully accomplished this in case after case in every state in the union. Its action, although powerful, is not in the least distressing nor dangerous. It may be taken by the weakest constitutions, by people of old age as well as children of five. Its accomplishments are the same in one climate as in another and all the benefit which it gives may be obtained in the privacy of your own home.

WE STAND READY TO PROVE TO YOU

We want to prove to you that Lung-Germine, the German Treatment, has cured completely and permanently case after case of advanced consumption (tuberculosis), chronic bronchitis, catarrh of the lungs, catarrh of the bronchial tubes, and other lung diseases. Many sufferers who had lost all hope and had been given up by physicians, have been permanently cured by Lung-Germine. It must not be inferred that this treatment is only for the cure of Consumption, for it is a preventive as well. If your lungs are merely weak, and the disease has not yet manifested itself, you may prevent its further development—you can build up your lungs and system to their normal strength and capacity. Lung-Germine has cured advanced Consumption, in many cases over four years ago, and the patients remain strong and in splendid health to this day. Read the proof of this in the left-hand column of this page.

WE WILL SEND YOU PROOF POSITIVE—PROOF THAT WILL CONVINC ANY JUDGE OR JURY ON EARTH.

While the letters from cured patients, in the left-hand column of this page, are ample proof of the efficacy of Lung-Germine, we do not want you to be satisfied with these few recommendations. We want to send you proof of hundreds of cures from people all over the United States and Canada. We will do anything you ask in the way of proving to you the merits of Lung-Germine treatment.

A TRIAL TREATMENT OF LUNG-GERMINE

FREE

We want to send you a free trial treatment of Lung-Germine, and if you are interested in this treatment, we also want to send you our new 40-page booklet, printed in colors, on the care and treatment of Consumption and lung trouble. Remember, it is all free and does not cost you one cent. If you are a sufferer of any form of lung or bronchial disease, our book and trial treatment may convince you that there is still hope for you—that there is yet a cure, and that there is no good reason why you should give up the fight.

JUST SEND YOUR NAME

LUNG-GERMINE COMPANY, 203 Rae Block, Jackson, Mich.

Advanced Case of Consumption Cured in Four Months.

Lung-Germine Co., Jackson, Mich.
Dear Sirs: I feel it my duty to write you that I have been saved from the grave by Lung-Germine. Every one that saw me thought I would die in a short time, and my doctor told me he could not help me. Analysis of my sputum by the State Board of Health showed that thousands of tuberculosis germs were present. I was having hemorrhages very bad, and fever 102 every day.

I heard of Lung-Germine and began its use. At the end of two months my cough was all gone and I was gaining very fast. I sent another sample of my sputum to be analyzed and the reply came back that there were no germs whatever. When I began Lung-Germine treatment I weighed 95 pounds. I used the treatment four months in all and today I am well and strong. I weigh 112 pounds, and can truthfully say that I am completely cured of consumption by Lung-Germine.

Yours very truly,
MRS. LUCY HUNDY,
1403 E. 2nd Av., Denver, Col.

Gains 20 Pounds in Weight and is Completely Cured in Four Months.

Lung-Germine Co., Jackson, Mich.
Dear Sirs: Four months ago I was down sick and Lung-Germine has cured me. When I first wrote you I was in bad condition. I had night sweats, coughed a great deal, spit up blood, had pains in my sides and under shoulder-blades, and was very weak. After using two months' treatment of Lung-Germine I could walk quite a space, and had gained considerably in flesh. I commenced using Lung-Germine on the 25th day of April. I then weighed 105 pounds. I now weigh 125 pounds and that is as much as I ever weighed. I am cured and only four bottles of Lung-Germine cured me.

I wish to thank you very kindly for what you have done for me and the kindness you have shown me at all times during my treatment.

Very gratefully yours,
ALFRED KUNSELMAN,
P. O. No. 6, Box 49, New Bethlehem, Pa.

Cured of Consumption Five Years Ago; Not a Single Symptom Has Appeared Since.

Lung-Germine Co., Jackson, Mich.
July 20, 1907.

Gentlemen: In response to your inquiry, I can say that Lung-Germine cured me completely and permanently of what was pronounced by my attending physicians, GENUINE TUBERCULOSIS. I used only two bottles of your Lung-Germine, and this I took in March, 1902, so you see it is over five years since I was cured, and there is not the slightest indication of a relapse, and not a single symptom has returned.

Before using Lung-Germine I was losing flesh very rapidly, had night sweats, and I had two hemorrhages. I assure you that I appreciate beyond expression what your medicine has done for me, and I hereby give you permission to publish my letter if you wish.

Yours sincerely,
WM. BERLEMAN,
1848 Herbert Street, St. Louis, Mo.

Chronic Bronchitis and Lung Trouble Cured Three Years Ago, and Patient Remains in Perfect Health to This Day.

Following are a few extracts from a letter which we received recently from Mrs. H. C. Boldt of Cuero, Tex.: "I was permanently cured of lung and throat trouble by your Lung-Germine three years ago, and I am glad to say that I am feeling fine as silk, and I have not even suffered with a cold to amount to anything since I was cured. Before using Lung-Germine I had tried almost every known remedy and several of our best doctors, without relief, and I had lost all hopes of ever getting well. I recommend Lung-Germine as the only medicine in the world that gives permanent relief."

Mother and Son Cured Five Years Ago, Perfectly Well Today.

Lung-Germine Co., Jackson, Mich.
July 1, 1907.

Dear Sirs: As to the condition of my mother and myself, I can say that we are both in normal health. In the year 1902 we were cured of genuine consumption by your Lung-Germine. Before using Lung-Germine we were treated with the best physicians in Jackson, but seemed to get no relief, to say nothing of a cure. One physician told my mother, she being in the last stage of consumption, I was in the second stage. Soon after getting this information Lung-Germine was recommended to us, and we both began its use. The result was that we were both cured completely and permanently. No trouble of this kind has been noticed since we were cured, which is now just about five years ago.

I shall ever be enthusiastic over Lung-Germine and recommend it to anyone who has lung trouble in any form. No matter how far the disease is advanced, I believe it is never too late to give this medicine a fair trial, for it certainly has been successful in our cases, one of which was a most advanced one. Yours very truly,
ALONZO DECKER,
R. F. D., Jackson, Mich.

Suffered for Seven Long Months with Abscesses on Lungs—Was Cured by Lung-Germine in 1906—is in Perfect Health to This Day.

In March, 1906, Mr. W. H. Stehler of Newport, Vt., began his Lung-Germine treatment after suffering seven long months with abscesses on his lungs. He had tried almost everything, but nothing was of any avail. One expression from one of his own letters is that he thought his days on earth were few and numbered, but after the first month's treatment of Lung-Germine had been used the abscesses were about well and cough had practically stopped.

He took three bottles of Lung-Germine in all, when he was completely cured. Below we publish a letter from Mr. Stehler under date of October 5, 1906, proving the permanency of cures established by Lung-Germine.

Oct. 5, 1906.

Lung-Germine Co., Jackson, Mich.
Dear Sirs: Your letter of inquiry regarding my health received and I am truly glad to say that I have no trouble at all with my lungs and hope that I never will have any more. I can not thank you enough for what you have done for me. My lungs seem to be as good as they ever were and I can do all kinds of hard work without doing me any harm whatsoever.

Wishing you every success, I am,
W. H. STEHLER, Newport, Va.

Wisconsin Man 71 Years of Age Cured by Lung-Germine in 1903, is in Good Health Today, 5 Years Later.

Lung-Germine Co., Jackson, Mich.
Sept. 2, 1907.

Gentlemen: I received your recent letter but having changed my address, it did not reach me on time. I am pleased to hear from you, and am glad to say that I am in good health, notwithstanding that I am now 70 years of age. It was in 1903 that I was cured, and my good health today proves the permanency of my cure.

I have received four letters from three different states from people asking me in regard to your Lung-Germine and I have then the truth, telling them how it cured me, and also that I considered you as a reliable company and staunch men in every respect.

Hoping this will find you in health and prosperity, I am, yours in friendship,
(Sic.) W. J. HEALY, SR.,
Rochester, Wis.

Extract from a letter from Mr. Healy, under date of Oct. 14, 1906, are as follows: "I am now 70 years of age, and although I am not as young as I used to be, I am working when I can get any work, and I am now quite an husking corn and am in good health."

Genuine Lung Trouble Cured in 1905—Enjoying Good Health Today.

Lung-Germine Co., Jackson, Mich.
Nov. 27, 1908.

Dear Sirs: I beg to acknowledge receipt of yours and venture to say I am enjoying good health and have not been troubled in the least with any of my old symptoms. I realize the fact fully that Lung-Germine is responsible for my good health and I am now quite positive that it has given me a permanent cure.

Thanking you for past favors, I am,
Yours very truly,
CORNELIUS J. DEHN,
221 N. Richard St., Belleville, Ill.
