Watch the windows at Crawford & Borum's for good things to eat, Saturday March 7th.

Mrs. Ed Wing of Winslow, stopped off between trains Saturday for a short visit to Mrs. C. H. Brownell.

Mr. J. D. Dunn, probation officer who has been seriously ill for the past month, was out again for the first time Saturday.

Mr. W. W. Bass, of Grand Canyon, was in Flagstaff, Monday, taking up the road question with the board of supervisors.

Beware, the assessor man, L. L. Doyle, is around again with his little book figuring on what your outcome tax will be this year.

Dick Schulz and Mrs. Kepp both of Williams were married last Friday at the court house, returning to Williams the same day.

Mr. W. A. Kinsey was summoned to Prescott as a U. S. grand juror left Sunday evening. Before returning to Flagstaff he will go to Santa Barbara, California, for a short stay.

Dr. Booker of Kingman, stopped off in Flagstaff Monday on his way home from Albuquerque. He had taken Dr. Whitesides, who is in a serious physical condition, to an Albuquerque hospital.

Teddy Thurston, the cattleman, came up from the Verde Saturday. In speaking of conditions south said that Beaver creek was running a flood of water, higher than had been known for years. Feed is coming out fine and there is every indication that cattle will show up fine in the spring.

Uncle Bill Donelson, who has been absorbing sunshine at Phoenix for sometime, was in Flagstaff the first of the week. He went down as far as Nogales to see whether the Mexican boundary line had been tangled up any, and found that it was being kept in place by a small army of cattle buyers.

The local Forest service office had a flag pole raising Friday afternoon adjoining their office and now the American flag floats to the breeze daily to indicate the home of the government officials. The pole is about seventy-five feet high and was hoisted in the air by the Flagstaff Electric Light Company.

Grandpa and Grandma Harry Fulton of San Diego, California, are exceedingly proud of the arrival of James Harold Kurtz, born on February 22, 1914. Mrs. Kurtz was formerly Miss Margaret H. Fulton, a charming young lady whose home was in Flagstaff for many years previous to removal to California.

Lieutenant R. D. La Garde, U. S. A., who has been inspector-instructor for the National Guard of Arizona since December 1912, has been relieved from the detail and will go to Fort Logan, Arkansas. Lieut. La Garde is an officer of splendid ability and one who did much for the Arizona guard, with whom he was deservingly popular.

Attention is called to the advertisement of L. C. Steineman of Phoenix, in this issue of The Sun, who makes a specialty of government contests, state land leases and handles all matters connected with the land office relative to homesteads &c. Prompt attention is given to telegraphic orders for maps of townships or government maps of the state.

FLOUR WILL SOON BE CHEAPER IN FLAGSTAFF

Under date of December 24th, 1912, the Arizona Corporation Commission attacked as unreasonable and unduly prejudicial to Arizona consumers the rate on flour and various mixtures of grain products published in R. H. Counties' Trans-Continental Freight Bureau West Bound Special Tariff ICC 955, which publishes rates on grain and grain products from Kansas, Nebraska, Oklahoma, Colorado, Iowa and Missouri to points in Arizona, and asked that the California terminal rate on flour be applied as a maximum at Arizona intermediate points with the 12% spread between the rates on wheat and flour prescribed by the Interstate Commerce Commission in the case of the Valley Flour Mills vs. A. T. & S. F. Ry. Co. et al, ICC Docket No. 73. After the filing of the complaint in Docket No. 5423, by the Arizona Corporation Commission the defendant railroads filed a tariff with the Interstate Commerce Commission proposing to increase the existing 58¢ rate on wheat to Arizona points to a basis of approximately 98 cts at Holbrook; \$1.05 at Winslow; \$1.09 at Flagstaff and \$1.13 at Kingman, and from 68 cts. at Phoenix to \$1.09—that by so doing they might preserve the 12% differential between wheat and flour as prescribed in the Howard Mills-Case, without decreasing the rate on flour. Upon application of the Arizona Corporation Commission in Investigation & Suspension Docket No. 266-ICC, this tariff advancing the rates on wheat was suspended. The hearing of this suspension docket was heard before Commissioner Clements at Albuquerque on November 22, 1913, and oral arguments on I. & S. Docket No. 266, as well as No. 5423, were heard in Washington on January 8th, 1914. At both of these hearings the Arizona Corporation Commission presented its case in person. In its decision the Interstate Commerce Commission says:

"Complainant asks that the rates on flour be made to grade up gradually toward or to the terminal rate, and we see no reason why this adjustment should not be required to be made. We find in question from the territory of origin involved in this proceeding which are higher to intermediate points in Arizona than to the California terminals. We find that the defendants' rates on flour to points in Arizona from the territory of origin in question are unreasonable and unduly prejudicial to the extent that they exceed the rate to the California terminals. What we have said with respect to the rate on flour applies also in principle to wheat. It follows that we find the rates in the proposed tariffs now under suspension in Investigation and Suspension Docket No. 266 to be unreasonable and that we shall order them to be cancelled. An order will be entered accordingly. In Docket No. 5423 we shall give the carriers until May 1st, 1914, within which to revise the rates therein involved in substantial accordance with our

findings herein. If this is not done by that date, an order will be entered in that case."

Appended hereto, will be found a schedule of the rates on wheat and flour existing prior to the complaint filed by the Arizona Corporation Commission, as well as a schedule of the approximate new rates based on the decision of the Interstate Commerce Commission. It is highly probable that the rates of \$1.22 and \$1.33 respectively, from the Mississippi and Missouri rivers on package cereals will be materially affected by this decision inasmuch as a combination of the rates from the East to Missouri and Mississippi river points plus the flour rate from the points mentioned in Kansas will afford a much lower through rate than the existing rates. In some instances the reduction in the flour rate approaches approximately 40 cents per hundred pounds, and should be of immense value to the ultimate consumer within the State of Arizona. We are giving publicity to these items and various reductions made in order that the consumer may be fully apprised of such reductions and the extent thereof per hundred pounds, and will profit thereby. We are not in accord with any principle allowing or prescribing the absorption of any reduction in rates by any person other than the consumer, and to that end with this fact in view, we are fully and completely setting forth the facts and figures which should redound to the benefit of each and every person within the State of Arizona who consumes hard wheat flour. The shipments from the points affected by this decision approximated 26,000,000 pounds per annum at the time of the hearing. The average reduction of 40 cents per hundred pounds, as clearly exemplified by this decision, should net the Arizona consumer a saving of \$104,000 annually.

LOCAL WOMAN NOW A BIG ADVERTISER

When one of our woman customers recently bought five bottles of Harmony Hair Beautifier to give to her friends for Christmas, she started all by herself a mighty big advertising campaign, because not only does each one of the women to whom she gave a bottle of the Beautifier now consider it indispensable for the proper care of the hair, but each of them has been the means of getting several of her friends to use it. As a consequence, if things keep on in this way for a few months longer, we will be selling more of it than of all other hair preparations combined. Sprinkle a little Harmony Hair Beautifier on your hair each time before brushing it. Contains no oil; will not change color of hair, nor darken gray hair.

To keep hair and scalp dandruff free and clean, use Harmony Shampoo. This pure liquid shampoo gives an instantaneous rich lather that immediately penetrates to every part of hair and scalp, insuring a quick, thorough cleansing. Washed off just as quickly, the entire operation takes only a few moments. Contains nothing that can harm the hair; leaves no harshness or stickiness—just a sweet cleanliness.

Both preparations come in odd-shaped, very ornamental bottles, with sprinkler tops. Harmony Hair Beautifier \$1.00. Harmony Shampoo 50c. Both guaranteed to satisfy you in every way, or your money back. Sold only at the more than 7,000 Rexall Stores, and in this town only by us.—Will Marlar Pharmacy. Adv.
