### Hunter Cattle Case Not Tried

There was quite a delegation of prominent Williams people here last Friday as witnesses in the Hunter Brothers case charged with having slaughtered cattle not belonging to them. When the case came up in Judge Harrington's court it was found that the law made it a felony instead of a misdemeanor consequently the case will have to be started over again. Attorney Geo. Harben is defending the young men. Among those present as witnesses were: A. F. Polson, Ben Sweetwood, Maurice Smith, R. T. Brown, Bob Postle, George Patton and Gus Boenitsch.

### Bought Whiskey for Indians

Captain Price, U. S. Deputy Marshal came in from Grand Canyon Tuesday morning with a young man named John Dotira, charged with having purchased whiskey for an Indian. Dotira was given a hearing before U. S. Commissioner R. J. Kidd and released on bond.

Dotira is a foreigner who has been in the country but a short time and when an Indian dressed in white folks' clothes asked him to buy whiskey for him, he did it not knowing that Uncle Sam would be peevish and annoyed at his action.

### For Street Commissioner

Frank Spear, the express and transfer man, and the present incumbent of the office of street commissioner, announces himself in this issue as a candidate for re-election at the city election in May. Mr. Spear is well equipped with teams and tools necessary to do the city work and is a competent man for the place. He has put in many days work in keeping up the street work during his term of office and feels that he is justly entitled to another term of office. His friends feel much the same way about it.

### Garrett Out for Marshal

John Garrett, night policeman, has entered the fight for the office of Town Marshal and will be in the game to the finish. Garrett is well known, an old timer, a good peace officer and would undoubtedly make good if elected to that office. He is out after the vote and would appreciate your help.

### His Case Gone to Higher Court

Supai Charlie, the old Indian who was arrested in the Seligman country for killing a calf, died at the county hospital Saturday afternoon of pneumonia and heart trouble. His squaw came in Saturday night to see him, not knowing he had been sick and it was difficult to inform her that her husband was dead as no one present could talk her language.

At Supai's preliminary hearing in Williams he was given seven "sleeps" to go out to the Indian reservation and secure witnesses. Promptly at the hour of his trial he returned with his witness ready to go to trial. It is supposed on his long ride he caught cold which resulted in pneumonia.

### Big Day For St. Patrick

On next Tuesday evening, St. Patrick's Day, and entertainment followed by a dance is to be given under the auspices of the local council of the Knights of Columbus at the Majestic theatre. For the entertainment, the entire house has been reserved, and judging from the way the seats are being taken, a full house is assured.

The tickets are on sale at Marlar's Drug Co., and will be there until 6:00 p. m., of the evening of the entertainment, after which time the seats not yet taken will be placed on sale at the theater.

The dance will take place immediately after the entertainment. Those who appreciate an up to date musical entertainment together with a dance to music furnished by the splendid Majestic Orchestra should not miss this opportunity on March 17. The entertainment will commence at 8:00 p. m. sharp.

### Litter in the Street

A few careless and heedless persons have made a practice of throwing old bottles and glass in the roads and streets, not only causing a bad litter but that which helps materially in ruining auto tires. If it was for no other reason than appearances the practice should be stopped.

Conditions are none to good at best and any little piece of rubbish you fail to put into the street helps that much. A few garbage cans would look ornamental.

### TWO MEN KILLED BY LIMITED TRAIN

Two men were killed yesterday by No. 4 about two miles this side of Williams. Williams was the name of one man, the other's name was unknown. They stepped from one track to another to let a train pass and did not see the limited bearing down on them. Williams ran a shooting gallery here last summer for a time.

Louis Fournier, who at one time managed Babbitt's blanket department and who afterwards ran a curio store of his own in Prescott, is again a resident of Flagstaff and in charge of the Babbitt blanket department.

Joseph Lyons Meade, who with Mrs. Meade has been at Cedar Hill, Tennessee, for several weeks, that he will return to Flagstaff in time for services in the Episcopal church next Sunday. Rev. Meade says he is much improved in health and hopes to be able to carry on his work here. Mrs. Meade will not return until some weeks later.

### YOU CAN HAVE A WEALTH OF BEAUTIFUL HAIR

Nothing equals an aureole of beautiful hair as a frame for a pretty face. Without a background of nice hair a really pretty face frequently becomes plain and, with it, unattractive features assume life and beauty.

Every woman can increase her natural charm by using Newbro's Herpicide. Herpicide makes hair beautiful. The dandruff germ saps the vitality of the hair. Herpicide applied intelligently and regularly checks this destruction of hair life and prevents the hair from falling out, giving it a snap and luster, a soft, silky fluffiness which can be acquired in no other way.

Newbro's Herpicide in 50c and \$1.00 sizes is guaranteed to do all that is claimed. If you are not satisfied your money will be refunded.

Applications may be obtained at the best barber shops and hair dressing parlors. Will Marlar Pharmacy, Special Agent.—Advertisement.

## MAGNIFICENT NEW TOURIST HOTEL FOR GRAND CANYON

### Electric Railroad From Grand View to Flagstaff Part of Hearst's Big Scheme—Work to Start Soon

Speculation over what disposition William Randolph Hearst will make of his Grand View purchase, was settled by Manager Boswick of the Los Angeles Examiner, who was returning west over the Santa Fe after a consultation in New York City with Mr. Hearst.

Boswick stated that the plans were being drawn for three distinct propositions, which included, first, a palatial residence for the owner, a resort hotel to accommodate a large number of tourists and the building of an electric railway from Flagstaff to the rim of the Grand Canyon with the terminus at Grand View. There was to be no connection with the railroad running from Williams to El Tovar and the project of Mr. Hearst was to be, in short, a purely individual and independent one, so far as other interests were to be considered in an interlocking sense.

As to when the railroad will begin building or from what source the power is to be drawn were facts not given publicly, but it is believed the immense undertaking will be practically initiated not later than June or July of the present year.

Speaking of reports in circulation and published throughout the country that Mr. Hearst was to make Arizona his home, to gain recognition as an aspirant for future senatorial honors from this State, Mr. Boswick stated that such an impression was without any foundation whatever, and should be dispelled as a political forecast of the future.

Mr. Hearst is to make New York City his base of operations, but will be a frequent visitor to Grand View, where he will maintain a home and entertain his friends without any other motive than that of a private citizen who has invested in the country, and who is appreciative of its marvelous scenic attractions.

### Normal School News

The Agricultural Department of the Normal school has just issued a bulletin entitled "Agriculture in Vicinity of Flagstaff, Arizona." As the title suggests, the pamphlet treats in a general way of agricultural conditions in this vicinity with suggestions for their improvement. Many business men are sending copies of the bulletin to out of town friends so they may see what this corner of Arizona is doing in the way of farming. A copy may be had by addressing the Agricultural Department or by seeing Mr. Willis E. Berg, in charge of agricultural work at the Normal.

Miss Reta Russell is back at her duties again, after a few days illness. She is enjoying a visit from her mother: Mrs. J. Frank Russell of Modesto, California. Mrs. Russell intends to return to California in a couple of weeks.

Some of the students in geometry expressed themselves the other day as enjoying that subject. It is very unusual to find a whole class liking any study in mathematics, so an inquiry in this case demonstrated that it is due to the way the subject is taught. Mr. Edward F. Honn, in charge of mathematics, believes that the science of numbers and geometrical principles can be made pleasurable and interesting as well as useful, and has worked long striving to make his teaching conform to his ideals in that respect. As usual, mathematics is one of the strong courses planned for the coming summer school.

Considerable excitement was created last Monday after school by the two basket ball games. Mr. Rosenberry and Mr. Honn each choose a girl's and boy's team at general exercises Monday morning. These teams played one another that evening. The games were fast but far from being as good as those the teams might have played, if they had been in practice. The boys game was the closest. At the end of the first half Honn's boys were one point ahead, and the same was true of the final score which stands 6 to 7. Mr. Rosenberry's girl's team evened things up however, they were too fast for their opponents. The final score stands 7 to 2.

The girls played ten minute halves, while the boys played first twelve then fifteen minutes. The teams played alternately thus obtaining longer rests which was much needed because of fast play and no training. Mr. Rosenberry refereed the boy's game and Mr. Honn the girls.

## BIG FEES TURNED IN BY COMMISSONER

During the month of February, the shortest in the year, the Arizona Corporation Commission has collected and turned into the general fund of Arizona the sum of \$31,030.51, or \$1,475.25 for each of the twenty-one working days in the month.

Compared with the fees collected in February, 1913, the increase in the amount of work done by the Commission becomes at once apparent. In February of last year the Commission collected from all sources the sum of \$4,958.29, or \$234.20 for each of the twenty-one working days.

Taken from another angle, the past month's fees become important for the reason that the Commission collected \$6,030.51 more than the total appropriation of \$25,000 made by the last State Legislature for the payment of the annual expenses of the Commission.

Should the collection for one year continue as great as during February, the collections would amount to \$404,695.15.

## A REAL NERVE AND BODY-BUILDING MEDICINE

We believe Rexall Olive Oil Emulsion is the best remedy made for toning the nerves, enriching the blood, building up wasted tissues, renewing health, strength and energy—the best medicine you can use if you are run down, no matter what the cause. It doesn't depend for its good effect upon alcohol or habit-forming drugs, because it contains none. It may not make you feel better in a few hours, but it will make you feel better we are sure, just as soon as the tonic and food properties it contains have a chance to get into the blood and, through the blood, into the rest of the system. Pure Olive Oil and the Hypophosphites have long been endorsed by successful physicians, but here, for the first time, they are combined into one preparation which, as a nerve-food and a builder of strength and health, we believe, has no equal.

If you don't feel well, begin taking Rexall Olive Oil Emulsion today, and build your health and strengthen your system against more serious illness. To convalescents, old people, puny children and all others who are weak, run-down or ailing, we offer Rexall Olive Emulsion with our personal promise that, if it doesn't make you well and strong again, it will cost you nothing. If we didn't have the utmost faith in it, we wouldn't offer it with this guarantee, nor even recommend it to you. We are sure that once you have used it you will recommend it to your friends, and thank us for having recommended it to you. Sold only at the more than 7,000 Rexall Stores, and in this town only by us. \$1. Will Marlar Pharmacy.—Adv.

### Superior Court Proceedings

Esteban Salazar and Elisceo Irias two young men who raised a Santa Fe check from \$1.90 to \$11.90, and who pleaded guilty to the charge, after being arrested at Winslow, were released from custody under probation, sentence having been suspended by Judge Perkins during good behavior.

The boys fail to get the check cashed and as Salazar has a wife and small brother depending on him for support, and the railroad company being willing to give both boys work on the Flagstaff section, sentence was suspended.

William Wright Lyon and Nellie K. Salvroeder, both of Winslow, were married by Judge Perkins at his chambers Monday.
