

# JENKIN LLOYD JONES LECTURES

Robert E. Lee, the Man Who Conquered Defeat, Subject of Effort of Famous Chicagoan at Woman's Club Tonight.

Jenkin Lloyd Jones will lecture at the Woman's Club this afternoon on "Robert E. Lee, the Man Who Conquered Defeat." There is not a club in the southwest that has made a more determined effort to give its members programs of merit than the Woman's Club and in securing the distinguished lecturer, author and preacher it has added another to its list of successful achievements. Mr. Jones is not only a man of wonderfully interesting personality, but a forceful and pleasing speaker. It has often been said of him, that he possesses one of the greatest minds of the generation. "He can make every nerve of mind and soul tingle," declared a reviewer at one of his recent lectures. "He is a great man and keeps his hearers under a spell from start to finish. Not the least of his success is due to his sense of humor. He impresses one as being like Oliver Wendell Holmes, who said he did not dare be as funny as he could. But along with this humorous sense, he is scholarly and thoughtful, and often profound." There are many men and women who are eager to hear Mr. Jones, and while it is the regular weekly program of the club, nevertheless anyone may attend on payment of twenty-five cents. Members will be admitted on presentation of membership card. The lecture will begin promptly at two fifteen o'clock.

Hire a little salesman at The Republican office. A Want Ad will see more customers than you can.

A SKIN OF BEAUTY IS A JOY FOREVER

**Dr. T. FELIX GOURAUD'S**  
**Oral Cream**  
OR MAGICAL BEAUTIFIER

**LADIES! SECRET TO DARKEN GRAY HAIR**  
Bring Back its Color and Lustre With Grandma's Sage Tea Recipe.  
Common garden sage brewed into a heavy tea with sulphur and alcohol added, will turn gray, streaked and faded hair beautifully dark and luxuriant; remove every bit of dandruff, stop scalp itching and falling hair. Mixing the Sage Tea and Sulphur at home, though, is troublesome. An easier way is to get the ready-to-use tonic, costing about 50 cents a large bottle, at drug stores, known as "Wyeth's Sage and Sulphur Hair Remedy," thus avoiding a lot of fuss.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared. After another application or two your hair becomes beautifully dark, glossy, soft and luxuriant and you appear years younger.—(Advertisement.)

# STRONG FOR A NATIONAL PARK

Frank H. Parker Outlines Some Advantages of Reserve for Phoenix-Roosevelt-Globe Section; Many Support It

"We're for a Roosevelt national park!" The exclamation came from Frank H. Parker, who was the man to whom Irrigation Supervisor E. D. O'Donnell broached the subject while on his recent visit here. Parker is so strong for that national reserve that he is taking steps to look into the possibilities, with the sole idea of conserving that great scenic patch between here and Globe for the people of Arizona. Here are some of his reasons for believing that the act creating the park can be squeezed through the national legislative bodies at this session: The park has these advantages: It will attract tourists. Give Arizona publicity. Provide for the road upkeep. Has the greatest scenery of any present national park. Raymond-Whitcomb tours company now selling coast-to-coast tickets including trip by automobile from Globe to Phoenix. The park has these people supporting it:— Phoenix Arizona Legislators who want to do something for their people. Secretary Lane, who will be lined up by O'Donnell. The board of trade is expected to line itself up behind the other workers in this matter. Resolutions calling upon the lawmakers for action will be the first step. Then will come personal communications from constituents to representatives at Washington.

# WOLF & WOLF MAILING SUITS BY PARCELS POST

One Price Suit House Installs State Wide Department

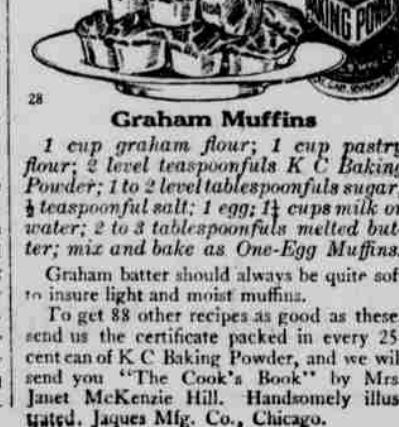

Believing there is an inherent desire upon the part of the people of Arizona generally to patronize home concerns, whenever those concerns are in a position to meet the competition of the larger mail order houses of Chicago and Eastern cities, Wolf & Wolf, the Adams Street one-price clothiers, have added a mail order department to be operated in conjunction with their local custom. Through the medium of the parcels post, this concern now proposes to send suits and trousers to any part of Arizona, in fact anywhere where the United States mail service reaches. With the end in view of making the mail order department one of the most important of the concern, Wolf & Wolf have prepared a circular letter, that presents almost as effectively as a personal talk, the advantages of dealing with an Arizona concern, and indicating how easily correct fitting garments may be secured without the necessity of a personal visit. Accompanying the letter, is a measurement slip by means of which any man with a little care, can take his own measure as effectively as a tailor. These letters and slips are being sent broadcast over Arizona. Wolf & Wolf have demonstrated the value of advertising in the local papers in the success of their business and now they plan an even more extensive advertising campaign in the papers of the state. And thus Phoenix is being placed a little more firmly upon the map.—Advertisement.

Walker Whiteside will play "Mr. Wit" in New York next month.

**Muffins**  
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.  
When muffins are on the breakfast table, nobody cares for meat or eggs and they would be served more often if this meal were not prepared so hurriedly that there is no time to make them. If K. C. the double-raise baking powder is used, the batter may be stirred up the night before, put in the pan ready for baking and nothing to do in the morning but bake them.

**One-Egg Muffins**  
2 cups flour; 2 slightly rounded teaspoonsful K. C. Baking Powder; 1 teaspoonful salt; 1/2 cup sugar; 1/2 cup melted butter or lard; 1 egg; 1 cup water or milk.  
Sift dry ingredients together three times. Add to this the unbeaten egg, melted shortening and water or milk. Then beat all together until perfectly smooth. Oil muffin or gem pans and have oven slow until the muffins come to the top of the pan, then increase the heat to bake and brown the muffins. This recipe makes 12 large muffins. Raisins or currants may be added if desired.

**Graham Muffins**  
1 cup graham flour; 1 cup pastry flour; 2 level teaspoonsful K. C. Baking Powder; 1 to 2 level teaspoonsful sugar; 1/2 teaspoonful salt; 1 egg; 1/2 cups milk or water; 2 to 3 table-spoonful melted butter; mix and bake as One-Egg Muffins.  
Graham batter should always be quite soft to insure light and moist muffins. To get 88 other recipes as good as these, send us the certificate packed in every 25-cent can of K. C. Baking Powder, and we will send you "The Cook's Book" by Mrs. Janet McKenzie Hill. Handsomely illustrated. James Mfg. Co., Chicago.

# BELLAMY ON PLAYGROUNDS

Rotary Club Entertained at Luncheon By Addresses from Famous Educator, Attorney Flynn; R. W. Kramer and A. H. Powers

George A. Bellamy was the bright particular star in the firmament of an excellent Rotarian program at the Arizona club yesterday. "Playgrounds," the subject on which he is an authority of world-wide reputation, was the theme on which he enlarged. Illustrating his remarks with apt citations, he drew his hearers into the belief that the playgrounds of the things for all cities, to be fostered and cared for with the same attention paid the schools. Indeed, the schools are the bases of the playground, and should co-operate. No one but Bellamy has such a fund of information on playgrounds. He could tell the names and cases of boys who had been saved from ruin by the influence of the playground. He recited details of playground influence that made it plain that no city is quite a la mode without an efficient system of public rolling places. United States Attorney Thomas A. Flynn was another notable speaker. His topic was "Co-operation," a subject that cannot be exhausted no matter how well it is expanded or how often. He attributed the success of federal judiciary departments to the fact that all branches operate under a close co-operation system. Not cooperation, but co-operation. Robert Kramer, Flynn's private secretary, made one of the preliminary addresses, paving the way for the remarks of the attorney. Aaron H. Powers, who calls Prescott his home, told about Prescott. He is a new adventurer in the field of magazine ownership, having crossed the horizon from mere contributory journalism. Powers is the man who helped put the last Frontier day on the front pages of the newspapers. He is the special correspondent for prominent New York and San Francisco papers. **More Luncheons** Bellamy will be the guest of honor at a second luncheon this noon. The directors of the board of trade, the city council and the mayor and commissioners-elect and the boards of trustees of the high and city schools will also be guests, or hosts. The affair will take place at the Arizona club. Although he has announced he would not be able to speak in public, Mr. Bellamy will make several addresses before small bodies of hearers. He spoke before Superintendent of City Schools John D. Loper, Principal A. K. Stabler of the high school and some members of the high school faculty last night.

# INSPECTING NORTHERN LODGES OF B. P. O. ELKS

Deputy Grand Exalted Ruler Leaves for Trip Through Chilly Portion of the State

Hon. W. Paul Geary, chairman of the Arizona corporation commission, and deputy grand exalted ruler of the Elks of the state, left last evening over the Santa Fe for Prescott, Kingman, Flagstaff, Williams, Winslow and Holbrook for the purpose of inspecting the lodges of Elks that are in these growing towns. The trip will in all probability take the whole of the week as it will be necessary for Mr. Geary to meet the orders in the lodge rooms, at which time doubtless he will convey a message to the members from the headquarters which he represents. In addition to this he will carry invitations from the local committee on the Elks' state reunion, which gathers here in April, to send big delegations all. The deputy grand exalted ruler was just returned from a trip to Tucson where he inspected the lodge there. Under the rules of the grand lodge of Elks which he represents officially, it is necessary for him to inspect each lodge in the state once each year.

**LIKES THE LOOKS OF PHOENIX AND VALLEY**  
El Pasoan Picks This City for Permanent Residence on Account of That  
T. W. Nealon, who for the past ten years has been a prominent business man of El Paso, arrived in Phoenix yesterday from El Paso for the purpose of making Phoenix his permanent home. He was attracted to this section first by the wonderful tales of the city and climate told by his brother Joseph M. Nealon, district attorney of El Paso county, who spent two winters in Phoenix for the benefit of his health and found the place all he could desire. On account of Mrs. Nealon's health, T. W. has for some time considered the advisability of coming here, and yesterday he landed. That was enough. He immediately fell in love with Phoenix and announced that this is the spot for him. After a while as soon as he finds a location he will bring the family over. Mr. Nealon is originally from Georgia. He is prominent in lodge circles in El Paso, belonging to both the Elks and Knights of Columbus as well as many others.

# SCRIBES WILL FETE EDITOR

Thomas Drier of Associated Advertising Magazine to be Guest at Luncheon; May Make Trip to Roosevelt Later.

Dinner, that occasion peculiarly fitting to the transfer of valuable thought from one human being to another, will be the form of entertainment provided for Thomas Drier, editor of "Associated Advertising" who is arriving in Phoenix last evening. The newspaperman of the city will be the one in whose hands the care of the visitor has been entrusted and the fraternity will endeavor to place him at his ease and make him feel that his surroundings are homelike while he is here. Mr. Drier arrived last evening with Governor Hunt in the state car, after a profitable, not to say pleasant stop in the historic little town of Florence. Needless to say, the prison was submitted to a rigid inspection. And Drier liked it. He says that penitentiary is most famous in the east, and is one of the reasons for his trip to Arizona. "Arizona? Oh, yes. That's where the penitentiary is." Imagine an easterner saying that! On visiting the Republican office in company with Harry Welch last evening, Mr. Drier spoke interestingly on ad clubs. He told how the idea had started with the service of homes, which is the aim of all advertised goods. More than 10,000 buyers and sellers of advertising are members of the ad clubs, and these clubs are affiliated nationally. Project Manager Fitch will take the visiting editor to the Roosevelt dam this morning. They return either this evening or tomorrow, as it proves most convenient. Tomorrow evening the scribes of the city will entertain Mr. Drier at a dinner at the Arizona club. A committee composed of Ira Huggert and Chapin Hall will take charge of the affair. A trip to the dam is in prospect for Mr. Drier. Representatives of newspapers and magazines here will take charge of this also. Until Mr. Drier arrives and expresses his views on the matter, it will not be possible to decide when or whether the Roosevelt ride will occur. While in Phoenix, the editor of the magazine that is devoted to all the admen and their doings, will look at things with a writer's eye, listen with the ear of a transcriber of conditions, and inscribe thoughts for a fancy article on the resources of the Salt River Valley. In fact his whole purpose in visiting the southwest is to gather material for special articles.

# YET HOW DID HE KNOW?

Servant—Why has you put colored water with a strong taste of mint into your brandy, sir? Such lack of confidence offends me.—Pete Mele.

**Y. M. C. A. GATHERING FROM THREE STATES**  
Tucson Will Be the Meeting Place Next Fall  
(Special Correspondence)  
TUCSON, March 22.—A conference of representatives of Young Men's Christian associations in Arizona, New Mexico and Western Texas will be held in Tucson in the fall, if the plans of G. S. Billemeier and G. D. McGill, secretaries of the executive committee of the international committee of the Y. M. C. A., who are here from Bisbee on a general trip of visitation, counsel and assistance of the Y. M. C. A. organization in the southwest, are carried out. According to Mr. Billemeier, the growth of the country and the rapid development of association work require closer supervision for Arizona and New Mexico and it is proposed to hold the conference at Tucson to decide whether the plan shall be put into effect and a man chosen for this purpose. The accessibility of Tucson to the territory which it is proposed to include in this district, makes it probable that the conference will be held here. Mr. Billemeier and Mr. McGill called on the members of the board of trustees of the Tucson Y. M. C. A., which is erecting a \$75,000 building.

# SWAGGER STICK WITH INTERESTING ANNALS

Part of Hazel Wainwright's Costume at Fashion Show  
That twenty-two-inch piece of silver-tipped rosewood which Hazel Wainwright carried in the Savoy fashion show last night has a bit of interesting history attached to it. It is Art Rick's, and pretty near everything Rick has, possesses annals of the fascinating sort. The "swagger stick" is a present from that Captain Robert N. Campbell, who was one of the latest of the army aviators to be killed in a flying accident. Campbell fell to his death in San Diego bay some months ago. It happened that Jo E. Rickards was the publicity man for the Glenn H. Curtiss aviators a few years back, when that daring birdman was first piling on the honors. They were all having a flying meet at Salt Lake city, when Rick noticed a magnificent silver-headed stick in the pos-

# HANNA LEAVES ON NEW WORK

Supervising Engineer of Southern Division Will Spend Ten Days Getting Acquainted at His New Office; Then Returns.

For the first time, Frank W. Hanna sits in his office as supervising engineer of the Southern Reclamation District of the United States. After passing several months in Phoenix as head of the surveying board which placed the limit on the project, he left for Los Angeles to assume his new duties as successor to Louis C. Hill. Hanna is the "handy man" of the reclamation service. Born and raised a farmer, he has tried a half a dozen times to return to that loved occupation. But he slipped up once, and fell into the work of reclaiming deserts, using some knowledge and training he acquired in a technical college of engineering. Since then he has been hauled forth at every emergency to go and see about it for the U. S. R. S. Now he is saddled with the job of supervising engineer of the biggest and most important district in the United States, and he will find it difficult to let go again for that dear old Iowa farm. He will not tarry long in the offices of the district at Los Angeles. The Utah projects are calling him, and he will have to spend some time there. In about ten days he will drop into his usual chair in the board room of the Water Users' Association in Phoenix, Arizona, between the seats of Frank H. Parker and W. A. Farish, and resume his work on the project limits. Before leaving he told a Republican man that the reason he was devoting so much of his time to this project was because: "I consider the Salt River project the most important as well as the largest under my care. Its success will be my chief aim. I have even more interest in it now than I did when I was simply a member of the survey board. There is a good deal of business for me here right at the start. Although I am perfectly familiar with the workings, I want to stay on for a while and assure myself that everything is working all right before I start in to learn any of the other six projects in this division. session of Campbell, who had acquired it in India, where such things are a necessary part of the parade equipment of all smart officers. Rick admired the thing, and Campbell modestly accepted his praises. A few days later, while driving through Omaha, Neb., Rick received a parcel from Campbell, containing this stick and a letter asking him to accept one just like Campbell's for his services in connection with the puff department of the flying corporation. Eugene Ely, who was killed at Macon, Ga., in an aviation accident, and Richard Young, another birdman, received sticks at the same time. The silver head is engraved with the words, "Robert N. Campbell to Jo Richards with compliments. In appreciation of his work with the publicity department of Glenn H. Curtiss." Therefore Rick is proud of that short hunk of polished wood, and therefore Hazel Wainwright toted some stick.
