All information herein that fails to meet the approbation of the person about whom it is written can settle with the slugfest committee.

"KUM TO THE SIRKUS, YOU'LL GET YOURS."

CAMEL TRACKS

The telephone bell rang at regular intervals yesterday to announce to the waiting bunch in the Shrine publicity office that more donations were being accumulated each hour.

Mrs. Charles Urban sent in a dozen hand-painted plates as her offering for the sokum store.

The souvenir book of the Shrine Sirkus will be off of the press today, and it will be one of the most beautiful works ever issued by a lodge in the state. It will be distributed at the Shrine Sirkus. A copy will be sent to each Shrine Temple in the United States.

Photographs of all the freaks in the side show will be sold by the freaks themselves. If you think this is not going to be some chance to show the outside world what Phoenix has in the way of side show talent, you are playing the wrong hunch.

Emil Ganz has already received an offer to join one of the big traveling circuses. His fame as September Morn is spreading all over the United States.

Many are asking if the freaks who have been mentioned in the columns of the Republican are really going to appear. You can bet they are, and they are going to show up just as advertised.

Bert Reeves is going to be the funniest thing that ever broke out of a smoke house when he mounts the platform to tell how he became so thin. He will have his pictures for sale and while they will be taken sitting on a chair a cross will be added so as to distinguish his legs from those of the chair.

The little Eva costume for Dr.

Nichols was sent up to the Shrine office yesterday and it took two boys to carry it while the door had to be removed to get the tights in without marring the box they were packed in.

The camels for the parade arrived today and will be fed on Zen Zem water for the rest of the time until the show is ready to start.

You will receive a notice, Noble, to be on hand at the Gardens to take part in the parade which will leave the Van Buren gate at 6 o'clock sharp. This means sharp and it also means that you had better be there, because you are going to be dealt with by the kangaroo court if you fail. You will be asked to come in dark trousers, and shirt, with your fez. Anyhow, the fez.

As the first part of the motion picture of the Shrine Sirkus will be taken at the Gardens before the program starts on its way you will get there early and get in on the picture. The camera man will take the inside of the Gardens with the sides staff working to show to the outside world the way Phoenix does things.

This picture of the Shrine Sirkus which Mr. Read is going to have taken by an expert camera man from Los Angeles will be shown on many screens all over the country, and will be some advertising stunt for Phoenix. You can help it by being on hand at the Gardens to take part in the stuff that will be photographed.

Zerolo and Nace will have charge of several of the clown acts at the Sirkus and they think that this will be the greatest show of its kind they have ever seen, if it lives up to rehearsal.

JUSTICE PRECINCT ERECTED FOR CHANDLER

Arrangements are being perfected to have a Justice of the Peace for Chandler. The county board of supervisors, who have the say so in the matter, have given their consent, and the matter is now being worked upon by Attorney Price of Chandler. The proposed division between Chandler and Mesa will be made one mile south of the base line, and will include the Higley and Gilbert districts, provided they wish to join. It is planned to have the court ready to take care of business by July 1st.

PROMINENT COTTON BUYER AT CHANDLER

W. J. Nell, the buyer for the McFadden Brothers, who handled the cotton from the Chandler district last season arrived at Chandler Wednesday evening. On Thursday he visited the Roosevelt dam and on Friday evening was banqueted at the Hotel San Marcos, Chandler, by the cotton growers of the Chandler district. Mr. Nell has a very high opinion of Chandler Egyptian cotton, and believes this district will lead the world as a producer of that staple.

OPERATION FOR APPENDICITIS

On Monday morning E. N. Larmour, one of the prominent residents of Chandler, was operated on for appendicitis at the Palmer hospital in Mesa. The operation is reported to have been wholly successful, and Mr. Larmour is making a quick recovery. It is expected that he will be able to be removed to his home by next Thursday.

CHANDLER'S NEW SCHOOL BUILDING

At two o'clock next Friday bids will be received for building the third unit to the present group of buildings for the Chandler Grammar school. In addition to the building which will contain three school rooms, library, etc. Plumbing and heating contracts for the entire group of buildings will be let.

LOCAL CHANDLER ITEMS

On Saturday last Mrs. W. G. Barackman entertained at luncheon Miss Gretchen Pringle and Miss Janet Pringle. The luncheon was delightfully appointed in every way. Among those attending were: Mrs. C. J. Berg, Mrs. S. M. Meyer, Miss Taggart and the Misses Pringle. Mr. and Mrs. C. E. Rinear and family left Chandler Wednesday on an overland motor trip for Spokane, Washington. Mr. Rinear came down from Washington in their car last spring for a protracted visit to their relatives about Chandler, and enjoyed the trip so much that they have started to return the same way.

On Saturday last Miss Clara Eldridge and David Crisp, both well known in Chandler, were married in Phoenix. They have gone to house-keeping on Mr. Crisp's ranch south of Chandler. Both bride and groom have many friends in Chandler, who extend the new couple their best wishes.

A very successful dance was given in Monroe Hall on Friday evening, about thirty couple being in attendance.

A second dance was given at the Hotel San Marcos on Saturday night, which was very well attended. Mrs. E. J. Koch and her son, Ernest, arrived from Los Angeles on Wednesday to join Mr. Koch and the other members of his family who arrived from California the week previous.

COMPREHENSIVE TAX ORDINANCE

City Commission Adopts Measure Providing for Licensing Practically All Lines of Mercantile or Professional Business

"An ordinance to provide for the licensing of vocations, trades, callings, professions and businesses carried on in the city of Phoenix."

The foregoing is the title of City Ordinance No. 6, adopted by the city commission in special session yesterday afternoon. It provides for the payment of a license fee for practically every line of business or profession now being conducted or followed or likely to be at any time in the future.

Merchants, being those conducting a "house, store, business place or establishment for the purchase, sale, distribution, handling or dealing in any kind, class or character of goods, wares, merchandise, or natural or manufactured articles or products, and for which no license is provided," are to pay a license tax based upon the gross amount of sales and receipts of the business for the preceding quarter. The fixing of a quarterly license tax of \$125

and the imposing of several restrictions not heretofore included in any city ordinance, upon restaurants, public dining rooms or eating places where liquors are sold or served as a part of bona fide meals, is another of the sections of the ordinance quite different from anything previously adopted.

Another clause of the measure likely to create no little interest is that imposing a license tax of \$50 per quarter upon clubs and requiring the keeping of a full and accurate record and account showing the date of each sale or disposition of liquor, the name of the person to whom supplied, sold or disposed of, the character, class and amount of liquor sold, together with the amount, if any, charged or received therefor, to be kept in a proper book which shall be open to the inspection and examination of the city manager, the city auditor, the police officers and each and every other person charged with the issuance of licenses or the collection of license fees and taxes.

Under the terms of the ordinance no sale of liquor shall be made at any time in a drug store except upon the prescription of a physician and when such sale is made a complete record of the transaction, including the amount sold, the name of the person to whom sold, the price received or charged, the name of the physician prescribing and the original written prescription in proper books and files. The druggist is also required upon the last day of each quarter to file with the city collector a written statement under oath showing the total amount of such sales made, receipts had and

business transacted for that quarter.

In the case of the restaurants or hotels serving liquor with meals, such liquors shall only be permitted to be used in the regular public dining room of the hotel or restaurant and then only from the hours of 6:30 o'clock a. m. until 12 o'clock midnight upon week days and from the hours of 6:30 o'clock a. m. to 9:30 a. m. from 11:30 a. m. to 2:30 p. m. and from 5:30 p. m. until 8:30 p. m. on Sundays. They shall also keep a record of the same class as that required to be kept by clubs where liquor is sold or served.

In approving this portion of the ordinance as represented in the foregoing paragraph an effort was made to include the words "and legal holidays," making the hours of sale the same on holidays as on Sundays. The city attorney gave as his opinion that such days as Fourth of July, Memorial Day, Thanksgiving Day, Labor Day and election days are holidays and that the inclusion of the legal holiday clause liquors could not be sold upon those days except during the same hours as those designated for Sundays. The legal holiday clause was ultimately stricken out, although Mayor Young and Commissioner Cope voiced their disapproval of this action.

Saloon keepers are to be taxed \$250 per quarter as at present. Dealers in aeroplanes or those engaging in the transportation of passengers or freight by aeroplanes must pay \$10 per quarter. Provision is made for the summary dismissal of any police officer failing to keep the city auditor fully informed of the firms or persons upon their beats having no licenses and in addition failing to

ROTARY SOCIETY HAS PLEASANT SURPRISE

The members of the Rotary Society were treated to a delightful surprise yesterday when President Betts introduced to them, at the regular weekly luncheon, J. H. Hine of Denver, Colo., formerly secretary of the very much awake organization in that city, who gave some very interesting points in the history of the association.

In addition to this A. G. Hulet of this city also addressed the meeting. The question of entertainment for the visiting rotarians who will be with the Angelon excursion was discussed and it was decided to give a dinner to the eight of them at Donofrio's from 6 to 8 in the evening. President Betts will go down to Maricopa to meet the visitors and autos will be on hand at the train and will assist in the reception to the visitors.

THE BETTER WAY.

"Dad, I've simply got to fight this man. He has insulted me."
"All right. Invite him to your office and have it out with him."
"Guess I'll go to his office. What's the use of getting my own furniture all broken up?"

Heal your skin with Resinol

No matter how long you have been tortured and disfigured by itching, burning, raw or scaly skin humors, just put a little of that soothing, antiseptic Resinol Ointment on the sores and the suffering stops right there!

Healing begins that very minute, and in almost every case your skin gets well so quickly you positively feel ashamed of the money you threw away on tedious, useless treatments.

Resinol Ointment, (50c and \$1.00), and Resinol Soap, (25c), clear away pimples, blackheads, and dandruff. Sold by ALL Druggists.

For trial size of each free, write to Resinol, Dept. 6-S, Baltimore, Md.

Try Resinol Shaving Stick. At all dealers or trial size on request.
