Deficiency in rainfall since first of month, .79 inch. Accumulated deficiency in rainfall since January 1, 2.50 inches. Data for Tucson Highest temperature yesterday 96 Rainfall yesterday 0 ROBERT E. BRIGGS, Section Director.

BACK FROM THE NORTH—G. H. Bolen, state mine inspector, returned yesterday from a trip through the northern part of the state. MATRIMONIAL—Marriage licenses were issued yesterday to Ernest Hadlock and Dora Allen, both of Maricopa county; and to Alfred H. Bell and Ellen Harris, both Maricopians. MRS. BROWN VISITS—Mrs. Anna V. Brown, who spent a year in Phoenix several years ago, is stopping over on her way to California with her brother, Dr. C. A. Van der Veer of 607 North Third avenue.

RAILROAD MEN HERE—R. R. Seeds, representing the El Paso Rock Island system, and E. G. Mustain of the Tucson office of the El Paso Southwestern system, were visitors to the city yesterday.

HANDSOME DAUGHTER—A handsome daughter made her appearance at the home of Mr. and Mrs. Frank Ross, 216 West Monroe street yesterday. The little girl came with the first rays of sunshine of the day, and she is already proving a perfect ray of sunshine in the happy home.

WINSLOW TO HAVE GAS—The Winslow Gas company was yesterday granted permission to sell stock to the amount of \$60,000 for the construction of a gas plant at Winslow, application to that effect having been made last week to the corporation commission. Work on the new plant is to begin immediately.

GRANTED APPLICATION—The corporation commission yesterday granted the application of the Phoenix Railway company for permission to extend the Brill line to Sheridan street in Syndicate place. The commission's order requires the company to construct and maintain a standard pavement on and beside its tracks whenever any of the streets used are paved.

NEW MINING VENTURE—Articles incorporating Las Animas Peak Gold Mine company were filed with the county recorder yesterday. The company has a capital stock of one million dollars which is to be put out in a million shares each of the par value of \$1, and will transact a general mining business in all its branches. The incorporators, H. R. Dages and W. E. Mulligan are Phoenix business men.

LOWER RATES ORDERED—The corporation commission yesterday rendered an opinion in the complaint of Sam F. Webb et al. vs. the Mountain States Telephone and Telegraph company, directing the company to submit to the commission a plan of proposed rates which will put subscribers at Meridian on practically the same basis as to charges as before the Consolidated and Overland Telephone companies were taken over by the Mountain States company. The company is given until September 15 within which to submit the new schedule of rates to the commission.

LAVIN IS LOOSE—James P. Lavin of the U. S. land office would no more look at a piece of work this morning than he would fly. Because a local bank phoned Mr. Lavin yesterday that a considerable sum of money had been deposited there to his credit—the result of the sale of some valuable timber lands in the state of Washington. Lavin left the land office on the leap. He gathered in his collar and tie, and made the bank corner in four goodly bounds. When he greeted the smiling cashier—rumor says—he still carried the said collar and tie in his hands. He immediately took advantage of leave of absence until September 30.

RETAIL GROCERS Retail Grocers of Phoenix will meet at Board of Trade 8 P. M. Friday, to discuss organization of a Retail Grocers Association. All retail grocers are urged to be present.—Advertisement. dn

STATE FAIR PREMIUM LIST IS OFF PRESS

Booklet of 156 Pages Full of Valuable Information—Well Illustrated

The premium list for the Tenth Annual Arizona Fair is just issuing from The Republican job print rooms, and it is a model of neatness and attractiveness, containing a veritable budget of information about the great annual event in which all Arizona joins. This year it is a booklet of one hundred and fifty-six pages, gotten up in better shape than any previous compendium of like nature. It differs from the other booklets that have preceded it in that it is not a contract advertising stunt put out by somebody for the purpose of making a little money, but it is published by the state fair commission and carries only enough dignified advertising to cover a portion of the expense of publication.

The booklet contains full information needed by exhibitors in order that they may know how to enter their various exhibits, a full list of every event of every nature that will be a part of the official program, a full list of the prizes, blue ribbons, and cash prizes that are to be given to successful exhibitors. From a close perusal of the lists it will be seen that the amounts and the number of the prizes this year is in excess of that given at any previous fair. The frontispiece is a handsome colored engraving of a beautiful maiden with an immense cornucopia out of which emerges the prize winners for the year in every class. The book is well illustrated with views of the interesting exhibits of the last fair.

NEW NOTARY—A notarial commission was issued yesterday at the office of Secretary of State Sidney P. Osborn to Elva N. Webster of Tucson. HERB FROM YUMA—like Probstiel, a member of the board of supervisors of Yuma county, came in yesterday for a few days' business visit. Mr. Probstiel lives in the county seat of Yuma county, one of the fastest growing towns of the state.

CARRIER BOY PARTY—Mrs. W. S. Sanders of 743 East Portland street gave a party to the carrier boys of The Republican yesterday in the form of a most enjoyable picnic, in honor of the fifteenth birthday of her son Alfred Sanders, who is one of The Republican carriers. Naturally all the boys of the force were there and voted it the most splendid time possible. Cake and ice cream were served.

IT RAINED—After having visited almost every other locality in the state with one or more copious showers, and having spilled a noticeable quantity into the water tank, J. Plusvius marshaled his forces late last night and bestowed a blessing on the capital city. The rain, which started in bravely, as if it were going to be a real downpour, had the effect of driving hundreds of Phoenixians indoors, only to be lulled to sleep by the welcome patter on the eaves.

IMPORTANT TO REAL ESTATE MEN—All the real estate men who go to Riverside park today are requested to meet together in the dance pavilion at 5 o'clock on a matter of the utmost importance to all of them. It is expected that in the vicinity of 150 real estate men and their employees will enjoy the hospitality of Riverside today and an especially good time is looked forward to; but it is of the utmost importance that all of them that can possibly do so gather at the time and place above mentioned.

AUCTION SALE—Friday Aug. 28th at McMillan ranch, 8 miles west of Phoenix, 30 fine Holstein cows, heavy milkers; horses, hogs, farming implements, etc. John Christian, Owner. C. O. McMurry, Auctioneer.—Advertisement. dp

FIRE DESTROYS LUKE RESIDENCE

Home of Supervisor Frank Luke Quickly Reduced to Ashes While Immense Crowd is Held Back by Awful Heat—None Hurt

Fire, which fairly rushed from some unknown point in the back, quickly destroyed the fine big home of Supervisor Frank Luke on East Washington and Fifteenth streets about eleven o'clock last night.

From the time the blaze was first noticed until it had enveloped and destroyed the dwelling was so short a time, that even the automobile bleachers, which are so quickly crowded at a Phoenix fire, hadn't time to form along the side streets before the blaze began to die out. The house, which was one of the largest frame buildings in the city was like so much tinder. The fire was burning every part, at once, almost before it had broken through the roof. A daughter of Mr. and Mrs. Luke was sleeping in one of the rooms when the fire broke out, and she had barely time to reach the street before the roof fell. No furniture was saved, nor any part of the house. Had the fire department been equipped with flying machines, it could not have stayed the blaze. The alarm was turned in by phone after some little delay, and the fire fighters were prompt enough to prevent the spread of the flames.

Phoenix has seldom had such a quick hot fire. Passersby on the side street, two hundred feet from the building were compelled to flee, for the heat was so intense it shriveled and scorched even at that distance. It is not known how much insurance was carried, although it is presumed the house and furniture were pretty well covered.

OLD OFFENDERS IN AGAIN PETIT LARCENY CHARGE

William Gibson, one of the Phoenix hold up men of eighteen months ago, and Jack Wilson, a jail bird from Cochise county, pleaded guilty to the theft of Frank H. Parker's double harness in Justice Johnston's court yesterday. They could scarcely have done otherwise, as Officers Morrell and Wilkinson practically caught them with the goods. Parker, missing a valuable double harness from his ranch, found where it had been dragged across a soft field, and proved to Jim Murphy that it had been stolen and carried away in a buggy. Then the officers began to watch the stables. Yesterday afternoon Morrell and Wilkinson were apprised of the fact two men had tried to sell such and such an outfit to Jack Evans at his stable on South Third street. They waited for the men to come back and drew as prizes the persons of Gibson and Wilson.

SOCIALISTS IN SAFFORD FAIL TO NOMINATE MEN

Safford socialists failed to get on the county ticket. After a rally, the like of which has seldom been seen even in that smiling Graham county, the socialists, full of fried chicken, mashed potatoes, lemonade, feed tea and other "vittles" that go with picnics, neglected to get out the proper papers. All nominees except J. O. Thorpe for justice of the peace, R. Campbell for recorder, Hyrum Bingham for constable, and Herman Langham for committeeman, were turned down because the applications were not made out properly.

The republicans did not petition for superior judge, state senator or representatives or sheriff.

COLORED MOTION PICTURES

There are colored motion pictures that are made so by hand, each little picture being painted separately. In making pictures of natural colors the film is the same as that of the ordinary motion picture. But in making it the speed is twice as fast, thirty-two pictures to the second. "Colored" pictures are photographed through mats or screens of colored glass. Two primary colors are used, red and green, with a sympathetic touch of blue. When the machine that makes the photograph is started, a device causes the red screen to pass before the lens as the first photograph is taken, and the green screen passes the same way as the following picture is made. They continue to do so alternately as the film continues to be exposed. The negative is developed and a positive printed, and when run through the projecting machine the color screens are used in the same way as when the negative was made, red and green pictures being flashed on the screen alternately. Those colors that are in sympathy with the red are brought out, and those that are in sympathy with the green are shown in the same way, and through the persistence of vision we do not notice the changes. Instead, they blend harmoniously to our delight.—Charles M. Seay, in The American Boy.

CARD OF THANKS We desire to express our sincere thanks to our friends and neighbors, the Redmen, Pochontas, and the Fraternal Brotherhood Lodges for their help and sympathy during our recent bereavement caused by the death of our son and brother, Frank J. Bacon. Signed: MR. AND MRS. M. A. FUSS AND FAMILY. dm
