

LETTUCE GROWERS

We want you to investigate the merits of The PLANET JR. HILL and DRILL SEEDER, for it is without a doubt the best on the market for the planting of Lettuce. The Hill Dropping is simple and reliable—Changes of Distance may be made in one Minute—The thickness of seed is regulated by an accurate index and the opening Plow is malleable and adjustable for depth and sows in a narrow line. In fact it is the perfect tool for planting Lettuce. Come in and let us show you many other good points of the Planet Jr. Seeder.
