

LENS GRINDING

Particular **ATTENTION** is invited toward this successful branch of our business.

We wish to say for the benefit of those who are not informed that we operate our own Optical Shop and are fully equipped to fill your oculist's prescriptions or match broken lenses accurately. We also wish to say, not boasting, but truthfully, that we operate the only plant in the state of Arizona where solid bifocals are ground and polished.

We pride ourselves on our careful Eye examinations and eye-glass fitting.

Our prices have not advanced through these hard times.

PROMPT, ACCURATE SERVICE AT MODERATE PRICES

Arizona's Leading Optician
118 W. Washington St.

PASSPORT REGULATIONS MADE MORE STRINGENT

To prevent European spies from traveling under the guise of American citizens, stringent passport regulations have been put in force by the department of state. Hereafter it will be necessary for the person making application for a passport to appear in person before the clerk of the superior court and take oath as to his identity and citizenship. He must also state the names of the countries which he intends to visit and give briefly the object of his visit. The cost of securing a passport will be doubled under the new arrangement, as the clerk is authorized to charge a fee of \$1.00 for recording the application. Notice of the change in regulations was being sent out yesterday to interested by Gov. Hunt.

YOUTHFUL PITCHER IS SHOWING MUCH CLASS

Harold Opdenhoff, Who Held New Staters to One Hit, May Make Good With Real Team in Spring

One hit and one run off Harold Opdenhoff, the nineteen-year-old prodigy, in the showing made by the New Staters against the Outlaws Sunday, and marks the beginning of the rise of a twirler of real class, according to those who have seen him perform. Opdenhoff, who is not nearly so big as his name, came here from Granite City, Illinois, and is now connected with the Western Union at this place. He has not been playing ball very industriously, but was just good enough to make the New Staters keep guessing Sunday. He has the making of a fast league player. He is but nineteen years old, but has perfect control and is cool under the hat. His curve is strong and he has a puzzling slow drop.

At the opening of next spring's baseball season, Opdenhoff will be given a chance to fit in with some of the numerous more or less speedy aggregations that will take the field for the 1915 season.

A POPULAR VISITOR ANSWERS LAST CALL

Thomas J. Lesher, who for some time past has been western representative of the Norwich Nickel and Brass company of Lansing, Mich., died at his residence, 209 East Virginia avenue at 8:45 Monday morning of heart failure following a short illness. Mr. Lesher came to this section last October to spend the winter here, and although a resident of this section but a short time he made a number of friends. At the meeting of the Ad club at Ingle-side last month he was among those who delivered addresses that Sunday.

When he was stricken with the fatal illness he wired to Los Angeles for his friend, M. A. Paley, who arrived on Saturday, and was with him when he breathed his last. The remains were prepared for shipment by Moore and McLellan and were sent to Los Angeles last night where they will be cremated. Mrs. Lesher and baby, accompanied by Mr. Paley, left also for the southern California metropolis. Deceased was a member of the B. P. O. Elks and the K. of P.

NOTES FROM LABOR WORLD

Railroad employees in New England are waging a vigorous organization campaign. Winnipeg printers are out after the international convention in 1916, and their campaign has already begun. Chicago women have joined the International Broom and Whisk Makers' union and are fighting for better wages. Some of the girls were receiving as low as \$2 per week.

John Bader of Milwaukee has been chosen international secretary of the Brewery Workmen's union of America, to succeed Louis Kemper of Cincinnati. Carl Pearson, accused of murder in the Illinois Central railroad strike, has been acquitted. His self-defense plea was accepted by the jury and he is receiving many words of appreciation on his manly stand.

The labor unions of England declare their loyalty to the crown, despite the recent declarations of the Germans that a national weakness existed in the strong unions of the country. It is expected that over a thousand delegates will attend the thirty-fourth annual convention of the American federation, which convenes in Philadelphia on November 3 and will continue in session for two weeks. Sixty thousand will march in a parade.

The scope of the government's employment bureau for laborers and home seekers has been extended by the establishment throughout the country of distributing zones with headquarters in eighteen cities. Information on conditions and needs will be gathered and furnished to all interested.

The low scale of wages and frequent terms of unemployment are the reasons why only 5 per cent, of the Pacific coast seamen are married, says Paul Scharrerberg, secretary of the California State Federation. He suggested an organization of migratory labor.

ENTERPRISE PROPERTY SOLD FOR A JUDGMENT

R. A. George, the Note Holder Whose Suit Resulted in the Judgment, Acquires Certificate of Sale.

To Ralph A. George there went by sale for judgment, yesterday one of the richest mining properties in Mohave county, the claims, buildings and equipment of the Enterprise Mining, Reduction and Improvement company, twenty miles out of Kingman.

The claims were ordered sold to satisfy a judgment against the company, the result of a suit for recovery of money lent on notes by Mr. George. United States Marshal Joseph P. Dillon yesterday rendered the plaintiff-buyer a certificate of sale, which will act in place of a deed until a six months' period passes, during which time the company may redeem its pledges.

The amount of the sale was something over \$23,000, the marshal's office getting a fee for the court, amounting to about \$500.

The property of the Enterprise company includes fifteen gold mining claims, some cottages, a power plant and reduction mill, which are improvements listed on one of the claims.

IMPORTANT MINING SUIT BROUGHT TO AN END

Action Against La Cibriza Companies Dismissed in Federal Court.

After a long period of litigation instituted by some Chicago stockholders of the La Cibriza Mining companies of both Arizona and Mexico against the two companies and some of its officers, the defendants won a victory in federal court at Tucson on Monday. The suit was instituted through Mrs. Christine Semanek of Chicago. Charges of conspiracy, fraud and the misapplication of funds were made in the complaint with the object of securing the appointment of a receiver.

In the beginning the plaintiff was represented by Messrs. Kent and Secularity of this city, though they retired from the case some time ago. All the plaintiffs were represented by Joseph E. Morrison.

The federal court last May designated Robert Mitchell, the general manager, to take charge of the property without bond with instructions to file monthly reports. Meanwhile the books were audited by an expert on the part of the plaintiff and one representing the defendants. No irregularities of any character were discovered in the accounts of E. D. Sharp, who had been the secretary of both companies from their institution.

On this showing or rather, in the absence of any showing Attorney Morrison on Monday moved for the dismissal of the complaint at the cost of the plaintiffs and the motion was granted.

The La Cibriza mine, about 120 miles south of Nogales, was opened about eight years ago and under the management of Mr. Mitchell was made a paying property. It has a 100 ton smelter and until the demand for copper was curtailed by the European war, was turning out \$18,000 worth of copper net per month.

NEW OFFICIAL TERM STARTS JANUARY 4

Contrary to popular belief, the newly elected state officials will not take office on January 1," said Secretary of State Sidney P. Osborne yesterday. "Under the provisions of the constitution their terms do not begin until the first Monday in the new year, which in this case will fall on January 4."

Mitt Sims, treasurer-elect will be the only official whose new term of office will begin on that date, as Attorney-General-elect Wiley Jones has already been appointed to fill the place made vacant by the resignation of George Purdy Bullard. In all the other offices the present incumbents will just tear a leaf of the calendar and keep on "incubating."

This is your money-saving opportunity to buy a suit at 25 per cent off, on all Hirsch-Wickwire and Fit-form suits selling at \$20 to \$30, Hyder's Store De Luxe, Phoenix, Arizona.—Advertisement. 14
