FINANCES AND MARKETS
[ASSOCIATED PRESS DISPATCH]
NEW YORK, Jan. 5.—Two conflicting elements, the covering of short contracts and European selling, were the primary features of today's comparatively active, and strong stock market. Further settlement by bears soon disclosed scarcity of stocks and foreign offerings, chiefly of United States Steel, were hardly large enough to affect that issue nor any of the other leaders, most of which closed under their best prices but with a firm undertone. In addition to the active group of numerous specialties, including American Can common, preferred; American Cotton Oil, International Harvester, American Woolen and Pullman Car rose from two to four points. The movement is now all one way, however, several high priced, as well as low priced stocks sinking to new minimum prices. Among these were Louisville and Nashville, Atlantic Coast Line, National Railways of Mexico, first preferred, Western Maryland, preferred, and Eumely preferred. The fall of some of these stocks ranged from six to fifteen points under previous quotations. The destination of \$3,000,000 in gold bars taken from the assay office yesterday remained a mystery. New financing by the St. Paul road again came under discussion but no details concerning a reported bond issue were available.

FOR WORLD CHURCH COUNCIL
[ASSOCIATED PRESS DISPATCH]
LONDON, (Wednesday) Jan. 6.—Rev. Reginald J. Campbell, one of the most prominent Congregationalists in London and minister of the City Temple, suggests with the object of putting an end to the war that a general council of the world's Christian churches be summoned.
