

Poor Tools

We can't be on the level and sell poor tools. Be on the level with yourself. You can't afford to buy poor tools. Our policy has always been; the best is the cheapest in the end. We want your business; we want your confidence, and we want your good will. A square deal is our kind of a deal. It will pay you to see us for all kinds of tools.

RAILROADS TO RAISE RATES

Passenger Tariffs on Roads West of the Mississippi to be Boosted March 1—Arizona is Affected by Increase

Material increases in passenger rates on railroads operating west of the Mississippi are provided for in tariffs filed this week with the interstate commerce commission at Washington. The new tariffs are to take effect March 1.

The new rates will add approximately \$1.00 to the cost of all classes of transcontinental tickets, and will therefore increase rates from Arizona to eastern points and vice-versa. Home-seekers and colonist tickets are affected by the raise, which applies on all the transcontinental lines from Montana to the Mexican border.

"An increase of a dollar in the price of a ticket to the coast from eastern basing points does not seem large," said Chairman E. A. Jones of the corporation commission yesterday, "but in the aggregate it will result in a general increase in passenger revenue for transcontinental roads. The commission has already been asked to join in asking for a suspension of the proposed tariffs until after a hearing can be had, and as Arizona is one of the states affected, it is probable that we will take action with the other western states." Local tariffs and intra-state travel will not be affected by the increase. The rates are to apply only to transcontinental tickets from St. Louis, New Orleans and points in the Mississippi valley. Excursion rates to the exhibitions will not be affected.

SUBURBANITES TO ENJOY LOWER FARE

Corporation Commission Approves Proposal to Sell Ferry Rides For \$2.70 to Indian School Road.

Commutation books of forty tickets, good between Phoenix and the Indian school road on the Glendale car line were authorized yesterday by the corporation commission when the proposal of the Phoenix Railway company to put coupon books on sale was approved.

In approving the company's proposal the commission dismissed the application of residents of Long View tract for a five-cent fare. An order reducing the fare to this tract, the commission found would interfere with the entire zone system now in use, and necessitate a re-adjustment of fares over the entire Glendale line. Under the new arrangement, residents of Long View who are owners of coupon books will get forty rides for \$2.70, thereby paying just six and three-quarter cents instead of ten.

Norma, daughter of Mr. and Mrs. T. B. Steele, is reported ill from a second attack of diphtheria. The little girl had but recently recovered from quite a severe sick spell from the same malady.

Last Sunday evening, the Mutual Improvement Association held a joint session in the hall. A very

enthusiastic road meeting in spite of the fact that there had not been time to apprise the farmers of the good roads meeting in Chandler there was a good turnout at the meeting held there in the Chamber of Commerce room Wednesday afternoon. U. J. Kirker forcibly explained what the National Highway Association was doing and the work the state branch, the Arizona Good Roads Association, had undertaken. Clay Parker, who had accompanied Mr. Kirker to Chandler also made a very good talk.

A number of memberships were taken in the Arizona Association and initial payments made. Dr. A. J. Chandler subscribing twenty-five dollars.

A signing list was left with David A. Jacobson, the secretary of the Chamber of Commerce, who has undertaken to see those of the Chandler district were not present at the meeting, and obtain further membership.

On Monday last N. A. Larmour and F. I. Barry, who have been conducting a grocery business in Chandler under the name of Larmour and Barry dissolved partnership, Mr. Larmour retaining the business and Mr. Barry going out.

A pleasant party was given at the residence of W. Hiller on Friday last, which was attended by some forty children. The following program was given: Reading, "Stumpsey's Sanctuary Laundry," Ira Rogers; recitation by Nels Brann; recitation, "My Son's Thumb," by Jean Rogers; and reading, "A Valentine Legend."

Deciding that E. S. Osborne, a well-known citizen of Parker, and manager of the Zimbo-King mine, is entirely innocent of the charges brought against him, Gov. Hunt yesterday denied the application for extradition papers for his return to Illinois to face accusations of embezzlement, larceny and obtaining money under false pretenses. Hearing of the application and Osborne's defense lasted less than one hour.

At the hearing it was shown that no crime had been committed and that Os-

RAGING AGUA FRIA STOPS A TOURIST

John J. Nairn of Washington Arrives in New Chalmers, But is Forced to Ship From Here

High water in the Agua Fria turned back John J. Nairn, tourist, who attempted to resume an overland journey to California yesterday. Now, Mr. Nairn will be compelled to detour his car via the freight route to the other side of the Colorado river, and from there, will take up his interesting voyage.

Driving a Chalmers Six, Nairn arrived in Phoenix a day or so ago, after an excellent trip from Cimarron, New Mexico, where he maintains one of his several homes. He is from Washington, D. C., but has been in the mountains of the sister state for several winter months.

He is well satisfied with the performance of the new "Chal" on all the hills and in the mud and sand he found between here and Cimarron. He has toured practically every country on the globe, but says he gets his best fun out of seeing America now. While in Phoenix, he stops with the O'Neill auto company, local agents for the Chalmers.

The Maxwells were sold by this firm yesterday, and started out in all the rain and mud toward their destination in Globe.

interesting program was listened to by a large audience.

A committee recently appointed to consider repairing the hall have met and decided to repaint the inside of the building, put on a new roof, and cover the outside with weatherboarding.

Next Friday evening the Lehi hall club will give a play in the hall. The play is said to be a good one. There will also be a few musical and other interesting numbers. Everyone is invited to be present and help along the club; as just at present they are a little short on cash.

The recent high water carried out a considerable portion of the Utah Dam. A force of men and teams are now at work repairing the damages.

The stockholders of the ditch company recently held a meeting to consider the advisability of paying the government to carry the water instead of keeping up the dam.

Mrs. Frank Still has recently gone to Goldfield to join her husband who is employed at the Bull Dog mine.

An elderly Frenchman who recently purchased a small tract of land in this vicinity reports the theft from his premises of a sulky plow, a weeder, a sack of flour and other articles.

The river is again low enough to be crossed with safety at this place.

JOE PROCHASKA WOULD HATCH OUT DUCK EGGS

Globe Man is Opposed to Federal Law Which is Based on Migratory-ness of Mallards

If it takes six months, Joe Prochaska of Globe is going to convince the authorities that mallard ducks belong to Arizona, that their official residence is here, that they register and vote on all ornithological matters just as do the cactus wren and other indigenous flying things. For it is on the point of where ducks live that the federal game law chaps are making their loller against shooting 'em at this season of the year.

Prochaska brought his grouch to Phoenix the other day, and yesterday afternoon, he aired it in this way:

"Let 'em shoot duck now, if they want to, and get arrested for it. Then we will fight the matter out, and see whether the federal law will hold good in this state. I am ready to prove that ducks are not migratory birds. I have eleven duck eggs in storage back home, to show that they do make nests here. Why, your Salt river is just full of duck nests. Just because some highbrow can't figure out why ducks should live in our beautiful state, the U. S. tries to make a law against shooting them after February 1, and the game warden, he goes about enforcing the federal law. Why—why—why—"

As Mr. Prochaska threatened to become purple in the face, his interviewer ventured the question, "How will you prove they are DUCK eggs?"

"I'll hatch 'em, by thunder—I will! That's what I'll do."

And as he swung his emphatic fists in the air, premises to hatch his duck eggs, the idea seemed to occur to the Globe man that he would look killingly funny hatching duck eggs or any other sort of eggs, so he broke out into his usual merry roar of laughter, and the interview was over.

PARKER MINING MAN VINDICATED

Governor Denies Application for Extradition Papers for E. S. Osborne, Wanted in Illinois

Deciding that E. S. Osborne, a well-known citizen of Parker, and manager of the Zimbo-King mine, is entirely innocent of the charges brought against him, Gov. Hunt yesterday denied the application for extradition papers for his return to Illinois to face accusations of embezzlement, larceny and obtaining money under false pretenses. Hearing of the application and Osborne's defense lasted less than one hour.

At the hearing it was shown that no crime had been committed and that Os-

KING "8" MAN WANTS AGENCY

Pioneer Motor Company of El Paso Sends Representative Here to Place an Agency to Handle King, Pierce-Arrow and Briscoe

M. L. Burkhead, representing the Pioneer Motor company, of El Paso, arrived in Phoenix, yesterday, for the purpose of establishing a branch agency to sell the Pierce-Arrow, King and Briscoe cars. In the event that Mr. Burkhead is not able to persuade one of the local dealers to take over the agency for these cars, it is the intention of the Pioneer Motor company to establish a branch of that house here.

The cars handled by the Pioneer Motor company, are nationally known. The Pierce Arrow, is one of the most popular high priced cars on the market. The Briscoe, is one of the latest additions to the light car class, was primarily designed in France, has all the latest equipments, a full streamline body and features one headlight in front, mounted in the center of the radiator, of high candle power.

The King is the second American car to install an eight cylinder motor, and is placed on sale at the moderate price of \$1,350. F. O. B. Detroit. The car caused a sensation at the auto show in Chicago and took the sweepstakes prize in the popular voting contest.

This was the first car to appear on the streets of Detroit, making its debut in 1894. They were also pioneers in installing the en bloc motor center control and cantilever springs. The company builds only one chassis for two body models and have concentrated their entire working force on perfecting this chassis. A full guarantee is issued with every King, warranting it to be free from defect in material and workmanship.

Mr. Burkhead, lately returned from the show in Chicago, and was much pleased and encouraged with the interest taken in all the models handled by his company, in the southwest. He will be in the city for several days, interviewing various local dealers on the subject of taking over the agency for these cars. He is stopping at the Adams.

borne was not even in Illinois at the time the offenses charged were alleged to have been committed, and that it was absolutely impossible for him to be guilty as charged. The indictment stated that the offenses had been committed last October, whereas letters produced at the hearing showed conclusively that Osborne had not been in Illinois since June.

The proceedings against Osborne were begun by a Chicago man by the name of H. J. Toner, who had been interested in the mine at Parker. It is said that he has not paid his share for the development of the mine and that he was bringing action he wrote Osborne asking him to return all his letters. At the hearing yesterday Osborne produced the letters accounted for all money handled by him in connection with the mining company, and showed that he had expended \$1300 in addition to the amount paid by the other stockholders.

Garrett Coan, a Chicago sergeant of detectives, who came to Arizona to take Osborne back to Illinois, was surprised at the outcome of the hearing, especially when advised that he had made slanderous statements against Osborne which might cause his arrest and detention here. He will probably remain here awaiting the arrival of another indictment which is said to be on the way. The second indictment, it is stated alleges that the offenses were committed at another time.

Advice to the effect that Osborne had been indicted and a request for his extradition were received by Gov. Hunt last week. Knowing Osborne's good reputation and high standing in Arizona, where he has been a resident for fifteen years, the governor wired Osborne, asking him to appear before him in person before taking action in the case. Attorney George Stoneman represented Osborne at the hearing.

CHANDLER ENTHUSIASTIC ROAD MEETING

In spite of the fact that there had not been time to apprise the farmers of the good roads meeting in Chandler there was a good turnout at the meeting held there in the Chamber of Commerce room Wednesday afternoon. U. J. Kirker forcibly explained what the National Highway Association was doing and the work the state branch, the Arizona Good Roads Association, had undertaken. Clay Parker, who had accompanied Mr. Kirker to Chandler also made a very good talk.

A number of memberships were taken in the Arizona Association and initial payments made. Dr. A. J. Chandler subscribing twenty-five dollars.

A signing list was left with David A. Jacobson, the secretary of the Chamber of Commerce, who has undertaken to see those of the Chandler district were not present at the meeting, and obtain further membership.

On Monday last N. A. Larmour and F. I. Barry, who have been conducting a grocery business in Chandler under the name of Larmour and Barry dissolved partnership, Mr. Larmour retaining the business and Mr. Barry going out.

A pleasant party was given at the residence of W. Hiller on Friday last, which was attended by some forty children. THE WEEK AT THE SAN MARCOS

The Hotel San Marcos, on Wednesday began the custom of serving five o'clock tea in the ladies' parlor, which adds a very pleasant note to the day's program.

Miss Sarah Coleman Brock and Miss Katherine Grittenger, who have been spending the winter at the San Marcos left Monday morning with W. W. Huggert, the guide, on a ten days' camping trip. Their itinerary includes Sacaton, different Indian villages, the Casa Grande ruins and Sax Xavier mission.

On Tuesday the following party from the San Marcos motored to the Roosevelt reservoir. Mrs. W. G. Press, Miss Press, Mrs. C. H. VanHise, Miss Gundry, Miss Susan Underwood, Miss Louise Underwood and Messrs. W. K. Holley, H. J. Collis, J. C. McDonald and W. P. Gundry.

As usual the Evans school was well represented on the golf links last Saturday, the party afterwards dining at the hotel. Those playing were Geo. Cabot, Wm. Loring, L. W. Knowles, B. Aboard, A. D. Carlisle, W. H. Cobb and W. J. Peters.

Mr. and Mrs. J. G. Spangler and Mrs. C. E. Howard of Mesa were also guests of the San Marcos Saturday for dinner and golf.

Allan Dillon and C. A. Hinkle of the Evans school spent the week end at the San Marcos.

Dr. R. F. Palmer of Mesa, Chas. M. Smith of Yuma, and Harry A. Drachman and Wm. S. Allen of Tucson were guests at the hotel Saturday.

On Monday, Mrs. J. C. Entz and her mother, Mrs. Sidney Wood of Chilledale, motored from Mesa for luncheon.

S. B. Amden of Wichita entertained a party of four at dinner Sunday.

Mr. and Mrs. Brady of Mesa were host and hostess to Mrs. L. H. Cox of Morrilltown, and Dr. and Mrs. H. F. Palmer of Mesa, at dinner Sunday.

Among the recent arrivals at the San Marcos are Mrs. Allen P. Ensey, Indianapolis; Mr. and Mrs. Marshall Cutler, Florence, Italy; F. J. Sarmiento, Detroit; Mr. and Mrs. Halley and H. K. Haley, Charleston, W. Va.; E. D. S. Page, Los Angeles; Mr. and Mrs. A. L. Garford, Mr. and Mrs. W. O. Hill, E. A. Zundie, Sheboygan, Wis.; Miss Jenkins, Phoenix; R. L. Parker, San Diego; Dr. N. H. Morrison, Hoover, Ariz.; C. Helne, Florence; John Rinker Kibbey, Albert Goldman, Beek, F. B. Trent, Goodyear Dorris, Phoenix; Jos. R. Loftus, Arthur E. Price and Mr. and Mrs. W. J. Lewis, Chandler; W. A. Taylor, Pasadena; Mr. and Mrs. Geo. Stracy, Trinidad, Colo.; Mrs. Wilkerson and Mr. and Mrs. E. G. Scott, Phoenix.
