PHOENIX FRANCHISE SAID TO BE BOUGHT BY ADKIN

Baseball League Formed in El Paso Sells Club Right Here to Race Track Millionaire—May Mean "D" Ball

(Special to the Republican.) EL PASO, Feb. 26.—Phoenix is the first city in the proposed new circuit league of baseball clubs to have its franchise taken up, according to officers of the Rio Grande association, who made public today the sale of the Arizona Capital's club rights to Jack Adkin, a famous racing man of New York.

Adkin has been running horses at Juvarez all winter, and was interested in the league by John J. McCloskey, the former Cardinal manager who was at the head of the organization.

Six towns are now lined up for the league, El Paso, Phoenix, Tucson, Bisbee, Douglas, Silver City and Alamo. Two more will be found teams out in all of them—and an affiliated Class D league started. Because work on ball parks is not considered necessary this year, most of the towns on the circuit being already provided, it is announced that the league will start a season this year, playing weekly schedules of about six games, with possibly double headers each Sunday. Adkin is a millionaire, and is planning to invest heavily in order to get a Phoenix team equipped with the best players he can purchase from the big leagues.

MOTORCADE'S RESUSCITATED

Southern Arizona Fair on March 18, 19, 20 to Be Made Occasion of Fourth Expedition of Capital City Motorists

BY SCOOP Pres. G. Purdy Ballard of the Maricopa auto club yesterday authorized Dr. F. H. Rowell to authorize me to authorize The Republican to say that. There will be a Tucson Motorcade. Just like that! March 18-19-20, already distinguished from the ordinary run in mid-March week-days are to be provided with red letters for the fourth annual Phoenix to Tucson Motorcade—just like the last one, as our best little boxing referees are fond of saying. You see, they have attempted to have a motorcade here in December, but it rained so gloriously that it was postponed. Then, when Tucson had a New Year's Race, it was proposed that the capital city folk go down there in automobiles, and it rained some more. So it was postponed again. Then it was forgotten by all but G. Purdy Ballard. Rowell, a veteran of all the motorcades since the Republican first invented the term, is to be chairman of the committee on arrangements. H. Clay Parker and C. J. McElroy, who were with him on the postponed committee, will act on this new one. Believing that there should be made in the air, the good motorist-motorsist averred last evening that he would be a good and gracious country to Tucson to jog the Arizona State hand and the Phoenix Phemide hand also. So it will probably be done that way. The run will likely start on Wednesday, March 17.

SHUGRUE TO MEET GRIFFITHS MONDAY

Joe Shugrue.

AMBASSADORS' REPORTS

(Continued From Page One) whereby proof can be furnished that the supplies will be used by the civilian population. The removal of all floating mines by Germany, as well as Great Britain is proposed, this not to apply however to mines used for protection of coast defense and harbors, pilots to be furnished to guide neutral ships through such fields as remain.

PLAN FOURTH MOTOR SHOW

Automobile Men to Meet at Luncheon Today to Discuss March Exposition With Director Frederick D. Gustin

An automobile show big enough and of such importance to merit the words "fourth annual" tucked onto the front of its name, will be planned today by the automobile dealers of Phoenix, and Frederick D. Gustin, the Automobile Industrial exposition man. The motor car men and the show manager and others who are interested, will meet at luncheon at the Adams this noon. March 23 to 27, the Armory building will be filled with automobiles, while the usual and several unusual side stunts lend novel attractions to the stunt.

The first automobile show was held four years ago in the then new building about to be occupied by the Arizona Motor company on North First street. The year later, a show was held in the new quarters of the Southwestern Motor company on North Central avenue. The third show was held last spring at the old Savoy theater.

promise that if foodstuffs are not obtained when desired by her civilian population the submarine warfare on merchant ships will be abandoned. The American proposals do not dwell on the attacks by German submarines of enemy merchant ships, as in the position of the United States it is understood, would not permit interference in the mode of warfare adopted by the belligerents toward each other except where the lives of neutrals are placed in jeopardy. It is assumed, however, by officials that the promises made by Germany of an intention to abandon such warfare on merchant vessels and confine operations to enemy vessels carrying troops and munitions of war would be fulfilled if foodstuffs were to be given unrestricted passage to Germany.

AS A CLASS "Are all pawnbrokers on the water wagon?" "What do you mean by such a question?" "Well, they're always taking the pledge, aren't they?"

Embroidery Specials CHOICE SELECTION OF NEAT PATTERNS 45-inch embroidery flouncings, voile, crepe and lawn; deep embroidered edges. Selected from higher priced lines. The assortment consists of Maxine and La Valiere patterns, combination of fancy vamps, also the more conservative style pumps and colonials—made of the choicest materials over perfect fitting lasts. SEE WINDOW for special showing and prices.

COYOTES MEET SAINTS ON INDIAN'S BALL LOT TODAY

First Local Game May Be First Season Victory for Phoenix High—Crack Prep Teams in Shape for Contest

The first game of the Valley High School league schedule to be played in Phoenix will occur this afternoon at the Indian School between the Coyotes of the Phoenix high school and the Mesq high school. This is not the Coyotes first game at home but it is their first regular scheduled game, as the game on Washington's birthday was played on a challenge by the Indian team. The Coyotes have lost every game they have entered since the season was formally opened but have fought for very run they made and the way they showed up in the game last Monday with the Indians it is certain that they will begin winning pretty pronto and according to Captain Lyall, today is the time. Brown pitched like a whirlwind in the last game but couldn't seem to just the whole nine innings. He has improved since then and is sure to pitch like a wiz this afternoon. Lyall is playing stellar ball at short and for the last few days not a ball has gotten through him. Lead is coming up fine behind the bat and with Evans at first, Goldberg at second, and Ellis at third, the Coyote infield is as fast as any in the valley. Mesa high has always had a crack team. These small town teams, where the boys grow up together from the first grade in the primary department to their last year in high school, are always sure to have good team work due to years of playing with practically the same players. Staples, the Mesa south-paw pitcher, is by far the fastest pitcher in the valley league and keeps every team that goes up against him a guessing all the time and it is only by good

luck that they get a clean hit. It was announced last Tuesday that this game would be held at Riverside park; but the Indian school kindly offered the use of their grounds to the high school on which to play their games. This is a very good thing for both the school and the public as the grounds are the fastest in the state and there is a twenty minute service on the Indian school car instead of having to ride on a livery bus to Riverside. The game starts at three o'clock sharp. Cars leave Washington and First street at 2:20 and 2:40.

RATHER SMALL

A month-old Jersey calf was milking in the yard of a certain country friend of mine when the "summer boarder" arrived—a young college maiden from a Boston suburb. "She eyed it doubtfully," "Tell me," she said, turning impulsively to her hostess, "does it really pay to keep as small a cow as that?"—Boston Record.

Thirty Five Speed Demons Start Today In Grand Prix

Entry List Practically Same as That for Vanderbilt Race Next Week, With Few Additions by Late Starters

PULLEN, WINNER 1914, IS ENTERED

Course is Dry, But Many Sharp Turns Make It Perilous, and No New Record is Expected—Start at 10 o'Clock

(Associated Press Dispatch) SAN FRANCISCO, Feb. 26.—Ideal weather is promised for the Grand Prix automobile race tomorrow on the Panama-Pacific exposition course. Thirty-five au-

tomobiles are scheduled to make the start.

The race will start at 10:30 o'clock in the morning in the 402-mile contest.

The Grand Prix gold cup and a purse of \$3000 will be the winner's reward.

Several days of sunshine have thoroughly dried the track, but owing to the irregular shape of the course it is thought no new records will be made.

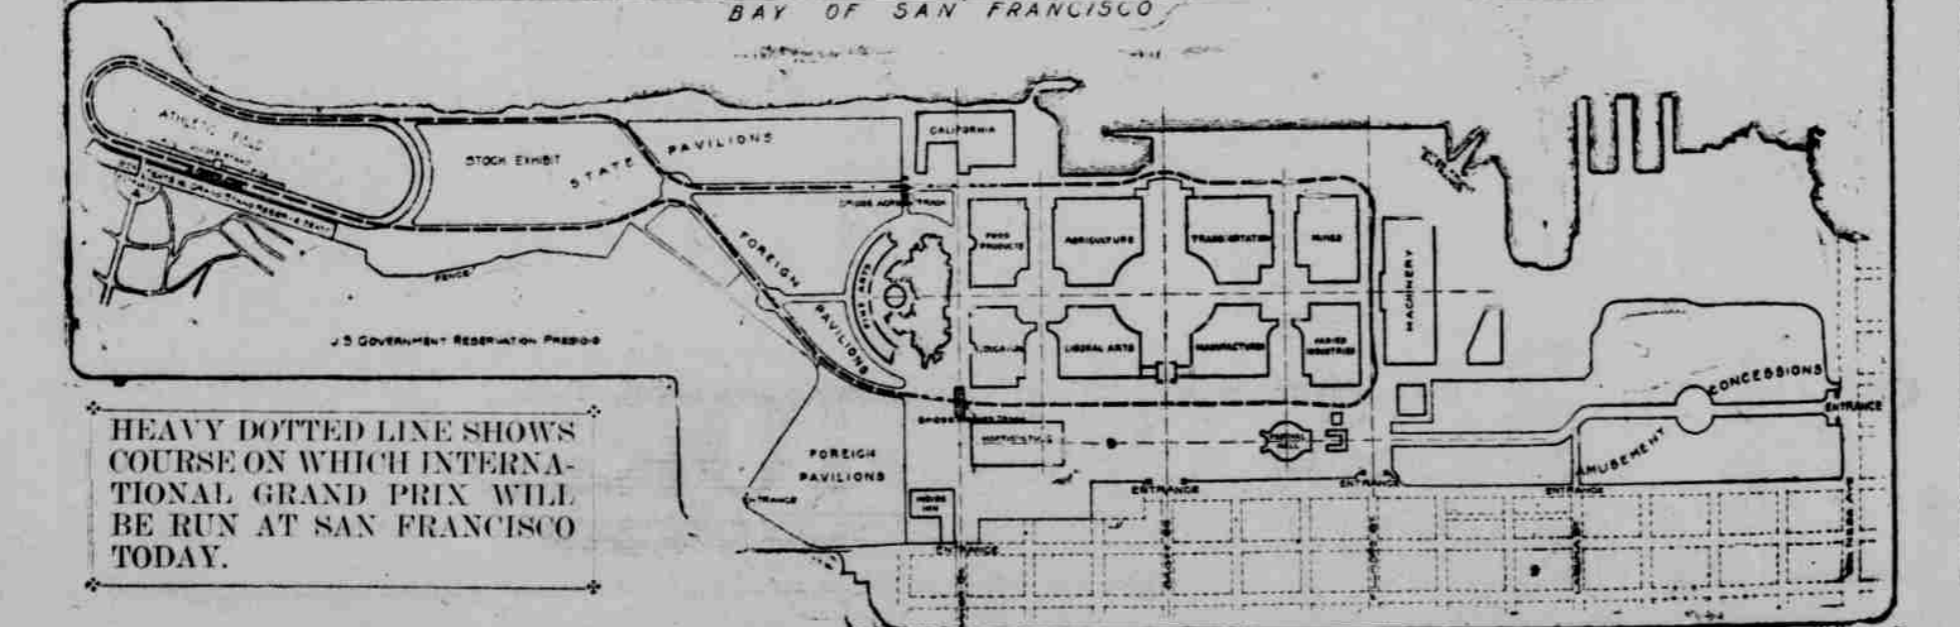

Eddie Pullen, winner of last year's running of the event at Santa Monica, will be in the race tomorrow.

GRAND PRIX ENTRIES: No. Car. Pilot. 1 Maxwell Oldfield. 2 Dusenberg. 3 Tabis. 4 Mercer. 5 Stutz. 6 Mercer. 7 Edwards Special. 8 Stutz. 9 Peugeot. 10 Mercedes. 11 Edwards Special. 12 Simpson. 13 California. 14 Delage. 15 King. 16 King. 17 Maxwell. 18 Chevrolet. 19 Dusenberg. 20 Chevrolet. 21 Case. 22 Mercedes. 23 Parsons Sp1. 24 Erwin Special. 25 Stutz. 26 Bugatti. 27 Marmon. 28 Marmon. 29 Alec. 30 Case. 31 Overland. 32 Maxwell. 33 Blankman Sp1. 34 Tomasi. 35 Gordon Special.

Table with columns for names, 1st, 2nd, 3rd, 4th, 5th, 6th, 7th, 8th, 9th, 10th, Total.

HEAVY DOTTED LINE SHOWS COURSE ON WHICH INTERNATIONAL GRAND PRIX WILL BE RUN AT SAN FRANCISCO TODAY.

WHEN AN ICEBERG COLLAPSES One of the main dangers in the proximity of an iceberg is its unknown extent beneath the water. It is told that the passengers of the Newfoundland coast steamer the Newfoundland coast from the tumbling ice swept down to approach an iceberg for close inspection. While still apparently sufficiently distant for safety, some movement in the water of natural decay, acted upon the berg and it split apart. Instantly it began to readjust its balance. The tremendous masses beneath the water steadily
