TEMPE

PROGRAM OF MUSIC IS WELL RECEIVED

Choral Society Pleases Large Audience of Tempeans With Its First Public Concert

All that might be expected from a company of professionals was produced by the Tempe Choral Society and those who assisted it, in the initial entertainment given Wednesday evening in the normal auditorium. The program, composed of songs by the chorus, whistling solos, several numbers by the male quartet, and a contralto song, was excellently rendered and in every instance excepting the numbers by the chorus, encores called for a second appearance.

The male quartet, Professors J. B. Griffing, R. B. Bekwith, J. L. Felton, and J. L. Johnston, members, scored heavily with its renditions, more so than on any of the occasions that it has made public appearances. Among the songs given were, "Annie Laurie," and "The Bold Fisherman."

The whistling solos by Miss Rosalynde Brunner, "The Whistling Nightingale," were reartily applauded. "The Nightingale and the Rose," "Springtime in Love," "Barcarrole," and her finale, "The Mocking Bird," were all very pleasingly presented.

"My Heart at Thy Sweet Voice," contralto song presented by Miss Myrtle Rice, music instructor of the Tempe high school, was received with hearty applause.

The choral society, itself was no small part on the program in its chorus work, and the several songs it presented, "The Heavens are Telling," "Eventide," "The Miller's Wooing," "The Song of the Viking," and others, were well received.

Altogether, the concert was gladly listened to by everyone of 450 or 500 of the people present, and the hearty encore which followed each number, is certain proof that the choral society is spending its time not without results. The time when it will give its second entertainment, possibly an opera, will be watched for with interest.

"Lights and Shadows," a two-reel Rex film, featuring Herbert Rawlinson, is a starter for a good program at the Goodwin opera house this evening. The "Carmen's Wash Day," a Sterling Joker comedy, is also on the program. The animated weekly shows twelve late important world events.

TEMPE'S CHANCES

The possibility of Tempe evening up the series by slipping a victory over on Mesa in the game this coming Sunday is an item much thought of by the local players. It is their belief, too, that something of the sort is going to happen, and all of the fellows are putting in full time at practice every evening rounding into shape. For the opener of the season, last Sunday's game was a good one and there is every reason to believe that the contest day after tomorrow will result with another close score. The game will be played in Mesa.

TRIAL THIS AFTERNOON

M. E. Druley and two confederates, charged with the theft of auto accessories from the Tempe Garage here last Monday morning, will be given trial before Judge C. O. Austin in the local court this afternoon at two o'clock. A part of the missing stuff was found yesterday, when Druley confessed, but whether or not the other two fellows are guilty still remains to be seen. The three men were given a preliminary hearing yesterday morning and placed under $500 bond, but unable to furnish it, they were returned to Phoenix to await trial in jail.

SOME HOG

Jacob Darbee, one of the prominent ranchers in the new country opened up north of Tempe, Wednesday evening brought down from Mesa a three year old Tamworth sow, weighing 685 pounds. The animal was purchased from Dr. E. W. Wilbur. Mr. Darbee is entering on the hog business on a large scale and believes that he has made a good start with an animal the size of the one he bought day before yesterday.

HIS MONTHLY LECTURE

Rev. Charles H. Dains of the Congregational church spoke to the students of the normal at chapel exercises yesterday morning on the theme "Just Pluck." It was the occasion of Mr. Dains' usual monthly visit to the normal and as ever, the address was attentatively listened to and much appreciated. This semester marks the close of the third year that Mr. Dains has regularly spoke to the students and his move has brought other patrons of the town to the rostrum quite often for monthly visits.

CLOSING FOR ANNUAL

Metron M. Rice of the Senior closs of the normal paid a visit to the capital city yesterday afternoon in the interests of the Annualforhe class of 1915. A splendid publication is being worked up this year and the class hopes to set a new mark for the annuals. The business beard is just closing the contract with the printers for the work on the book.

COOKED FOODS

The Aid Society of the Congregational church will be in charge of a cooked food sale to be given tomorrow forenoon at the Birchett Brothers, starting at ten o'clock.

WAR BOOKS GOING

The London Times' war books which are being distributed by The Republican have taken well with Tempe people and quite a number of the copies have been placed in local homes. The book gives a complete history of the war, contains a vast amount of reading matter and has many pictorial illustrations that show warfare as it actually is carried on. A supply of the books are on hand at the South Side office in Tempe and will be disposed of at the regular rate of ninety-eight cents per copy.

STORES ENLARGING

A general variety of business will be carried on by the Harry Lukin Cash store on East Eighth street after tomorrow. A new stock of men's furnishings and dry goods are to be installed in one department of the store by Wm. Lukin who will operate the establishment jointly with his son. The W. Lukin Cash Store on East Fifth street will carry its full line of furnishings as usual.

MESA

BIG EXPOSITION IS NOW IN FULL SWING

Thos. R. Richards Returns Home After Month Spent in San Francisco. May 1st Time to Go.

Thos. R. Prichard, who purchased the George Dorman ranch four years ago, located three and one-half miles south east of Mesa and who later sold it to his brother-in-law, H. M. Hall, returned yesterday morning from a month spent in San Francisco, where he saw the opening of the big Panama-Pacific exposition and where he spent considerable time seeing the sights, prepared for the thousands of tourists who are expected to visit the place this summer. "The exposition is greater and grander than either Chicago or St. Louis," said Mr. Prichard yesterday. In his opinion the coloring is simply gorgous and the varied exhibits are better than anything he has ever seen.

In the opinion of Mr. Prichard, May 1 will be an ideal time to visit the great show. By that time the several exhibits will be in perfect condition, the grounds will be arranged in order and everything will be at its best. Unfortunately the first weeks of the exposition were not up to the expectations in points of attendance for the reason that the rains prevented many people from being present who had signified their intention of being there. However, with much better weather and with the railroad rates going into effect the first of the present month the indications are that record breaking crowds for any similar attraction ever held in the United States will be in evidence. The Zone, the amusement place of the fair, has the usual line of attractions, carrying The Creation, the Monitor and Merrimac and the Battle of Gettysburg among some of the more noted places of amusement. The Canadian building and exhibit is perfect in its appointments and is one of the features of the fair. It was completed early and every detail finished before the opening and stands as one of the greatest exhibits of a foreign country ever attempted. The South American countries have also executed splendid exhibits which are the admiration of the throngs visiting the exposition. The first day of the exposition saw more people within the gates than at any previous fair ever held in the United States.

It is the belief of Mr. Prichard that Los Angeles will reap a great benefit from the two fairs. The city of the angels is peculiarly located so that a great number of the visitors who come to see the fair will pass through the city. They are being urged to pay the city of the angels a visit during their visit are invited to stay a while. The climate of Southern California retains its usual charm and when the big fairs have come to a close, in the opinion of Mr. Prichard, Los Angeles will have reaped the reward of securing the greatest number of residents who have decided to cast their lot in the west.

However, while many attractive places have been visited and the expenditure of great sums of money has evidently been accomplished, Mr. Prichard returns to the Salt River Valley, firmly convinced that this section of the south west is offering more opportunities to the rancher and business man than California.

ANNUAL INSPECTION OF N. G. A.

Preparations are being made by the local militia company for the annual inspection to take place on Wednesday evening of next week. At that time a regular army officer will be present to make the inspection and it is the desire of Captain Noble that every member of the company be present. It is announced that only a doctor's certificate will serve as an excuse from being present at the inspection. There are at present sixty-one men enrolled in the company, a total of sixty-three, inclusive of officers.

MEETING OF HIGH COUNCIL

A meeting of the High Council has has been announced for Sunday morning at 10:30 o'clock at the Tabernacle.

B. Y. P. N. SOCIAL

A box social under the auspices of the Baptist Young Peoples' Union has been announced to be held this evening at the home of Miss Cash. All young folks interested in the work of the local Baptist church are invited to be present.

PREPARATIONS FOR GAME

Extensive arrangements are being made for the ball game between Mesa and Tempe, to take place on the local diamond, next Sunday afternoon commencing at 3 o'clock. Manager Langowiski is of the opinion that he new has a team that is in shape to go against any aggregation of ball players in the state. The diamond is being put in shape and plans perfected for the entertainment of a record breaking crowd at the park.

RETURNS FROM PRESCOT

G. A. Brown, of Broken Arrow, Oklahoma, who has been a Mesa visitor for the past several weeks, returned yesterday from Prescott where he has been for a few days. He reports that Prescott was visited by a heavy snow storm Monday night.

M. W. A. DANCE POSTPONED

The members of the Modern Woodmen lodge who have been planning to have a dance and social evening on Friday evening of this week have postponed the event until Friday evening of next week, March 12th. The dance will be held at the Knights of Pythia hall. A large delegation of the members of the order are expected over from Phoenix.

HERE FROM CALIFORNIA

George D. Gates, the owner of El Rancho Buena Vista, four miles east of town on the Roosevelt road, is in the city from Alhambra, California and expects to be here for a few days on business.

PACKING HOUSEHOLD GOODS

Workmen are busily engaged in crating the household goods of the J. L. Warings preparatory to shipment to their new home in California.

FRUIT REMAINS UNHARMED

In the opinion of P. B. Beville, the local weather observer, the recent frosts have not harmed the young trees which have recently been set out. While the frosts were heavy and the minimum thermometer was 32 degrees, the clearing weather was so slow which prevented injury. According to Mr. Beville, had the sun came out warm following the cold night in which snow fell on the nearby mountains, there might have been damage done to the trees which have been putting out tender shoots. However, the morning after was one of mist and fog and the damage amounted to nothing.
