**START DECORATING FOR THE AUTO SHOW**

Work of Putting Armory Building in Shape For Auto Exposition Begins—Pink and Green to Be Scheme

Decorator Howe yesterday began the work of preparing the big armory building for the coming exposition which will open there next Tuesday. The elaborate color scheme will set off the interior of the building in splendid shape for the display of cars that will be there the larger part of the week.

A cartoon of Alabama smilax will be here today and will be put up immediately in the scheme with thousands of great pink poppies that have been prepared. This pink and green arrangement will have a very spring-timely effect.

**The Baby Show**

Entry blanks for the baby show can now be secured from Berryhill's down town as well as from Mrs. E. N. Phillips, general secretary of the Y. W. C. A. This will prove an advantage to folks in the city. It might be mentioned that the prizes for the show that have been talked about so much recently are on display at that point also. One of the windows of the big store has been given over to them and they are attracting a lot of attention.

**The Used Car Show**

The used car show will be an important feature of the whole affair. Some of the "noble" old cars of the earlier days will be on hand to be looked at for sure next week. Never a time when a show is given with a "used car department" but that some interesting old relics comes out from somewhere to show the folks how far away it is to the beginnings of automobilism.

Work on the armory building is progressing nicely and it is expected that by Sunday morning all will be in readiness for the automobiles of this combined automobile, architectural and baby show, to move in and get ready to receive company.

With the space allotted, the posts in, and the decorating done there still will be some time left to arrange the big patrol palace cars most advantageously. Great expectations are being aroused for this exhibition and it is confidently predicted that it will be all that has been claimed for it.

## JOIN THE CRUSADE TO CLEAN UP AND STAY CLEAN

Help make Phoenix the cleanest and most beautiful city in America on Saturday, March 27. All the boys and girls, all men and women and all civic organizations are going to help. Clean-Up Day depends on the co-operation of ALL CITIZENS.

### You Co-operate

- ☑ Clean-Up and Paint-Up your own backyard.
- ☑ Make your home not only clean, but attractive.
- ☑ Encourage your neighbor to do likewise.
- ☑ Get rid of stable refuse — FLIES BREED THERE.
- ☑ Help pay for one day's labor.
- ☑ WATCH THE PAPERS FOR INSTRUCTIONS.
- ☑ Dirt breeds tuberculosis.
- ☑ Cleanliness is a habit. Get the habit.
- ☑ DON'T FORGET THE DATE — MARCH 27.

### VICE-PRESIDENT AND CARL HAYDEN NOW ROTARIANS

Vice-President Thomas B. Marshall and Congressman Carl Hayden are now honorary members of the Phoenix Rotary club, having been unanimously elected when their names came up for membership at the regular weekly meeting of the organization yesterday noon.

The service talks yesterday were given by Herbert Eys of the Southwestern Solar Heater company, who talked on "Using the Sunshine;" W. E. Walker, fire insurance adjuster, and F. C. Gettins of the Mountain States Telephone company. Following the regular program, Col. John Christy, representative from Greenlee county, spoke on the work of the legislature and the necessity for interest on the part of business men in the administration of the state's affairs. He was followed by Corporation Commissioner Geary, who spoke along the same lines. A large number of visitors were present at the meeting.

### MEXICANS CAPTURED BY KELVIN DEPUTY

Deputy Tipped Off By Circulars That Fugitives Were Coming on the Lookout and Gathers Them In

Jose Romero and Alcega Dominguez, wanted for horse stealing, yesterday scolded into a trap laid by the deputy sheriff at Kelvin, near that place and are now waiting to be brought to Phoenix, where a warrant is awaiting them.

Last Sunday night, two horses belonging to men named Clark and Lucas, who live near the fair grounds, were missed. A circular was gotten out by the sheriff's office, giving the description of the animals, and sent all around the state.

Getting a tip that the men were heading in the direction of Kelvin, the deputy there was on the lookout and with the aid of a friend waited for them along the trail they were supposed to be coming. They surrendered without a remonstrance of any kind. Today deputies from the sheriff's office are going to Florence with prisoners from which place they will go on to Kelvin and bring back the horse thieves.

### NOTED TRAVELLER AT THE Y. W. C. A. SUNDAY

Experiences in the Orient Told by Lady Who Has Lived and Traveled All Through the East

Personal experiences of the Orient, in which she has lived for a number of years, will be the subject of Miss Frances Patterson, who will speak at the Y. W. C. A. Sunday afternoon. Miss Patterson is of a magnetic personality and holds her audience with her many interesting anecdotes of the far east. Since the announcement of her coming was made in The Republican, favorable comment from all quarters has been made. The Y is unusually lucky to obtain a lecturer of Miss Patterson's ability to come here and talk.

She will start speaking at 4 o'clock. A cordial invitation has been extended by Mrs. Phillips to all strangers, and she is certain that all members and non-members will be well repaid for their attendance.

### FINANCES AND MARKETS

(ASSOCIATED PRESS DISPATCH)

**NEW YORK, March 19.**—Stocks today recovered more ground lost in the early days of the attack and the list with a few unimportant exceptions showing marked strength. The decision of the London stock exchange to bring American shares on its list down to the minimum established by the local exchange was without unfavorable effect, anticipated in some quarters. In fact, the result was quite the reverse, a moderate demand for our stocks being reported from London. Gains embraced all the leading issues. Advances in coppers gave a most substantial tone to the announcement of a slight advance price in metal.

Bethlehem Steel was the center of interest, however, rising almost five points on total dealings of 28,000 shares. More gold imports were announced, partly from Canada, making a total of \$5,500,000 for the week.

Exchange markets as a whole, were steadier. Bank clearings of this center, show a substantial gain over last week but are still behind the corresponding week last year. For six months money three per cent is bid but buying is a fraction higher.

Total sales of stocks amounted to 262,600 shares. Total sales represented a net value that aggregated \$2,222,000. U. S. bonds were unchanged on call.

### HENEY FIGURES IN SUPREME COURT CASE

One of the most bulky documents filed in supreme courts for several months yesterday when the papers in the case of Francis J. Heney and Ben Heney vs. E. R. Richardson were filed on appeal.

The action in which the celebrated California lawyer, who was formerly a resident of Tucson and attorney general of Arizona, is a party, concerns the ownership of the Three R mines in Santa Cruz county. The mines, which were named for Richardson, are in the Palmetto mining district. Heney and his brother were awarded judgment for \$26,422.25 in the lower court. Arthur E. Crepin and Nathan L. Ames, also named as defendants in the suit.

### LOCAL CONDITIONS GIVEN GOOD BOOST

Condensed Report of How the Valley Feels at the Present Time is Given Out by Secretary

The monthly summary of conditions in the valley, has been released by secretary of the Chamber of Commerce, Harry Welch. The report is very comprehensive, and gives many reasons why Phoenixians should be proud of the continuing prosperity of the city and adjacent ranches. The report is as follows:

The reservoir of the Salt river irrigation project holds over a million acres of water. Water enough to cover one million acres of land one foot deep with water. Farming with a crop guarantee in the Salt River Valley.

A farm adviser is now established in Maricopa county, and has an office at the Water Users' Building, Phoenix.

The assessed valuation of Maricopa county for 1914 was \$75,829,727; for 1905 it only reached \$10,628,420.20.

Out of the 590 automobiles in Arizona in 1914, 2108 are registered in Maricopa county. The auto is now a necessity on the farm.

Last registration in Maricopa county reached a total of 19,148 of which 876 are registered in Phoenix. Total registration for state 71,167.

Newcomers' Day was celebrated in Phoenix on February 15th with 28 states represented in the large delegation that visited the state house and made the trip about the city.

A new hotel with 150 rooms is about ready to open at Phoenix. Building permits for 1914 within city limits \$756,561.20. A residence a day built during 1914.

On March 9, 1915, the banks of Phoenix had deposits of \$27,558,94 with total resources of \$7,730,614.50. Total resources of all banks in the Salt River Valley reached \$9,257,782.40.

Wool prices are high. Half a million sheep are being shorn at Salt River Valley points. Demand for live stock is splendid. Many large bands are now being fattened on pasture and grain and alfalfa lands.

The Phoenix Board of Trade has changed its name to the Chamber of Commerce, Phoenix, Arizona. Original organization first appeared over twenty-five years ago, and has performed splendid work for the community.

The outlook is continually improving. Crops for several years now assured. New products are appearing and finding ready sale. Salt River Valley lettuce acknowledged to be finest seen on important markets of east.

Postal business continues to in-

### THE GUNS

The guns of the BIG CITY have been raking the country with deadly fire for more than forty years. The guns are Bossed by the mail order kings. The bombs are the catalogs. Many a fine community, many a thriving town, has been ruined by this constant hammering. But deadly as this catalog siege is, WE have weapons in our OWN possession that are able to beat back the siege guns. The trouble is we DON'T USE these weapons. We have allowed ourselves to be bombarded without retaliating. Yet OUR weapons, if USED, mean victory to US. Reason, Knowledge, Common Sense, Community Pride, Co-operation—THESE are our weapons. OUR town can beat back any siege from the outside. But it is up to each one of US to KNOW this, to USE this knowledge. And, having learned it, we must work at it. Then, let every man, woman and child ENLIST in this Trade-at-Home campaign. Let us beat back the siege guns.
