

RUMORS OF ACCIDENTS ALL PROVE GROUNDLESS

Dr. Dameron Says Report of His Death Was Greatly Exaggerated—Did Not Go

death was greatly exaggerated—did not go on motorcade at all. One of the most persistent reports was to the effect that Dr. and Mrs. L. D. Dameron of this city had been killed in an automobile accident on Fish Creek hill.

"Yes," said the reporter who answered the phone, "but I don't believe it is true." "Well this is Dr. Dameron talking, and I don't believe it either," said the doctor, who went on to assure the Republican a la Mark Twain, that the report of his death had been greatly exaggerated.

Dr. and Mrs. Dameron had announced their intention of going to the dam for the celebration, but changed their plans, and did not leave the city yesterday. How the report, which spread pretty generally throughout the city, got started is a mystery.

HUERTA IS NOT MADERO SLAYER

Former Provisional President of Mexico Issues a Long Statement Denying Responsibility for Death of His Predecessor

NEW YORK, April 15.—Vehemently asserting that he has nothing to do with the death of Francisco Madero, General Huerta issued a long signed statement tonight setting forth what he termed his side of the Mexican question.

Huerta's statement reviewed the history of the Madero revolution, and his own accession to the provisional presidency, and concluded with the assertion that "my country cannot be conquered" sixteen millions of men, women and children will have to be killed before Mexico will submit to an invader, he asserted.

Had it not been for the embargo on the exportation of arms from this country, Huerta indicated his army would have prevailed over those opposed to it. The former provisional president reiterated the assertion he made when he left Mexico last year, that he resigned from the position only because he hoped to bring peace to the country.

NO SPECIFIC PROGRESS MADE AT CONFERENCE

Conference Between Chinese and Japanese Accomplishes Little

PEKING, April 15.—No specific progress was recorded at the conference yesterday between the Chinese Foreign Minister, Lu Cheng Hsiang, and the Japanese Minister, Eki Hiroki, over the Japanese demands. The conference lasted the usual four hours and questions concerning eastern or inner Mongolia were discussed.

Eastern Mongolia was originally grouped with South Manchuria, and the Japanese demands with reference to these two territories are virtually the same, relating to right of residence by the Japanese and ownership of land, mining concessions; obligations on the part of China to obtain Japan's consent granting railway concessions to any third power or to raising loan from any power for railway construction; transfer of railways.

The Washington Woman's Club met at the home of Mrs. Raymond Fleet Wednesday. The resignation of Mrs. F. W. Wells as president was met with a feeling of regret by all the members. Mrs. Ada Stewart Carson was elected to fill her place.
The subject of the meeting was "Home Furniture." Mrs. Fleet exhibited many pieces of useful furniture she had made herself with burlap, moldings and brads.
Everybody was astonished at the beautiful and artistic furniture she has made of boxes as well as paneling her house and the lattice work and paneling in her all as well as picture frames she has made of the same material. The furniture stain was also home made at a very nominal cost. Brownsberger and Mrs. Binzer served refreshments consisting of ice cream and cake.
