

MAN HAD TOO MANY HANDLES

This is Claim of Government in the Land Fraud Charge Against Grant Lincoln, Alias Walter Wyatt, in Federal Court

U. S. versus Walter Wyatt alias Grant Lincoln in a perjury trial proved to be one of the most interesting cases federal has had this term.

In an attempt to establish the defendant's promiscuous use of two names and two identities at the same time, in an alleged attempt to defraud the government out of some homestead lands, the prosecution introduced half a dozen witnesses, the chief of whom was D. W. Sybeck, a Los Angeles real estate man.

Sybeck was permitted to tell of the incident of the two relinquishments, Lincoln, as he called himself then, brought the two relinquishments to the office to be offered for sale.

A number of suits in which Lincoln-Wyatt engaged in land and money controversies with Sybeck, were described by several of the witnesses.

Cross-examination by Attorney Struckmeyer for the defendant was at times sharp and searching, and once, Judge Sawtelle warned the attorney to treat the witnesses with more courtesy.

The government claims that the defendant made a soldier's declaratory statement on August 29, 1912, before a U. S. Land office for public lands, 150 acres in Arizona.

CHURCHES TO GIVE PRAYERS OF THANKS

Special Services of Gratitude for Most Blessings in Reservoir to be Offered Tomorrow

"This is an occasion of religious importance," said W. J. Murphy, the grand old man of Ingleside to the multitude gathered at the dam Thursday.

Taking that suggestion as it was meant, the Federated Brotherhood, aided by public spirited men, will endeavor to get every pastor in the valley to devote tomorrow's services to a sort of special thanksgiving.

It was found that many sermons had already been prepared, with the idea of the full reservoir, and the sure prosperity as the reward of faith and hard work, interwoven.

New Scheme of Chamber of Commerce is Personal Invitation to Travelers to Pay a Visit

Neatly engraved invitations, calling attention to the examples of Arizona products, photographs and literature at the chamber of commerce are being sent to new arrivals at the hotels.

Secretary Welch gets reports on the people stopping at the hotels and mails them their invitations direct. The result is that many visitors are being drawn to the chamber of commerce, who would otherwise miss an opportunity to get in touch with it.

Home Baking Reduces Cost of Living

THE U. S. Dept. of Agriculture in Experiment Station Bulletin No. 142 says that ten cents worth of wheat supplies almost three times as much protein and ten times as much energy as round steak, and with some other cuts of meat the difference is even greater.

If then, one really desires to reduce her weekly meat and grocery bills, she need only make more use of her oven.

Who ever heard man, woman or child complain that good home-made biscuits, muffins, cake and cookies appeared on the table too often? Instead the tendency is "to make a meal of them" and the variety is so great that something you bake yourself could well be the chief feature of every meal.

Home Baking is Simplified by the Use of K C Baking Powder

With K C, you can make things moist and rich yet have them light and feathery, wholesome and digestible. Biscuits may be mixed the night before and baked fresh for breakfast. Muffins need not be dry and heavy. You can make a cake so light that you can hardly get it out of the pan whole, yet it will not fall.

K C is not like the old fashioned baking powders. It is double acting and continues to give off leaving gas until the dough is cooked through. K C is sold at a fair price—a large can for 25 cents. This would be no object if strength and purity were sacrificed, but every can is fully guaranteed under State and National Pure Food laws and to please. We take all the chances. Your money back if you do not get better results with K C than any baking powder you ever used.

Include a can in your next grocery order, try some of the new recipes that appear in this paper from time to time. Then you will have gone far toward solving this vexing "Cost of Living" problem.
