## GLENDALE IS FIRST VICTOR

Over the State Champion Tempe High Baseball Team—Grassie Inevitable—Sugar Kings Solve Deans for 11 Bingles

(Special to the Republican) GLENDALE, April 17.—Tempe went down to its first defeat this season, when the state championship baseball team met A. Grassie and his supporting Sugar Kings. Not since the high schools started playing has such an interesting game been unhooked. Grassie kept the Tempests swatting the air at times when a good base hit would have meant much to the visitors. Deans, from the Tempe high, however, proved less of a problem, and the locals solved him for eleven bingles. In spite of several errors, the fielding was rather fast and clean. The loss of three players by disqualification certainly weakened the champions—at least, this fact made the Glendale sluggers a better match for the visitors. Tempe played Buck, Harris, Finck, Hehl, Mowat, Bush, Hunt, Sadoy and Dean. Glendale sent in Betts, Forney, Allen, Varney, A. Grassie, L. Pitts, C. Pitts, Fagg and Goffelt. Score—R. H. E. Tempe 0 0 0 11 0 0 3 Glendale 12 0 0 0 3 0 11 3 Batteries—Dean and Finch; A. Grassie and L. Pitts.

## KENNERDELL TELLS OF CALIFORNIA SITUATION

Chairman Richard Kennerdell of the A. A. A. Contest Board thus sums up the automobile racing situation in Southern California: "Reduced to exact facts, the contest situation in Los Angeles consisted of the existence of a club to control, through its own committees, all contests in Southern California, in addition to receiving for the secretarial expenses \$100 a year, which sum had gone to the secretary of the club. It is true that this arrangement was made without any terminating date; but it had become impossible for us to continue such a plan, as other clubs in various parts of the country were about to ask for a similar arrangement. "Undoubtedly the race promoters in Los Angeles were disappointed in that the Vanderbilt Cup and Grand Prize races this year took place at the Panama-Pacific Exposition, these same promoters having had these events in the previous year. A rainy period in San Francisco caused postponement of the Vanderbilt Cup Races—the most important racing event of the entire country—and so it was necessary to change the date at Venice, which is in the Los Angeles district. The leading figure of the race-promoting association, peeved at the Venice postponement, made a dishonest attack on the A. A. A. Contest Board for granting a sanction to the Ascot tract, which sanction was granted only upon its approval by the contest committee of the club in Los Angeles. The club did not resent this indirect attack upon its own committee. "As the chairman of the A. A. A. Contest Board, I could hardly have kept my own self respect nor that of my fellow members, who have allowed this kind of criticism to pass unnoticed; and I resented it to the extent of insisting that the race promoter in question should be dropped from any participation in the Venice event. "The secretary of the club in Los Angeles naturally may have felt aggrieved at the loss of the \$600, and of course the contest committee of the club, realizing that its continuance was only a question of a few days, filed its resignation before I was able to discuss with the club the proposition of placing a representative in Los Angeles on exactly the same basis as exists all over the United States. This representative on the Contest Board would have been named by the club, and the board would have dealt with him instead of with a committee. "This is all there is to the situation, except that the club decided that because it could not have its special privilege continue, it would discontinue its relations to the national organization. Of course the Contest Board will continue its work and the A. A. A. will follow out its other plans as scheduled."

## GOULD-HUHN VICTORS IN NATIONAL TENNIS

(Associated Press Dispatch) PHILADELPHIA, April 17.—Jay Gould of New York and W. H. T. Huhn of Philadelphia, again won the national court tennis doubles amateur championship by defeating Joshua Crane and J. R. Fearling of Boston, in three sets to two. It is the fourth successive time Gould and Huhn have won the national title in the doubles. The match was a thrilling one all the way through. At the end of the third set the champions were in danger of losing title. The fifth set went to nine games and was the most exciting of all.

## OLDFIELD LEADS IN COIN CHASE WITH HIS AUTO

After six lively sessions over the prepared roadways of five Pacific coast cities, the members of motor-club "Suicide" clubs have nearly all packed up for the annual motor eastward. Some of them are stopping off at Oklahoma City where a 200-mile road race is scheduled for April 22nd; others have shipped direct to Indianapolis or to the eastern factories where they make their respective headquarters. A few of the resident California drivers remain at home, refitting their cars for the next invasion of the "big leaguers."

The close of the coast circuit marks a pause in the racing season which permits a resumption of the winter competitions. Aside from added money paid to winners at Corona and Venice, the coast cities distributed a total of \$45,800 in cash prizes to the circuit chasers. Of this sum, Barney Oldfield, "Master Driver" and star of the Maxwell team, captured the largest total \$7,000. Barney got it in three bundles—\$2,500 for his record-breaking non-stop run at Corona; \$3,500 for his win of the Venice Grand Prix, and \$1,000 for his victory in the Borderland Fair at Tucson.

Oldfield's campaign was a wonderful combination of speed and consistency. Each of his prizes was the result of a flight in which his Maxwell neither stopped nor slowed down. In none of the three races mentioned did he change gears after he had once gotten under way. The three non-stop performances aggregated 711 miles. Second to Oldfield in total winnings was Darius Resta, the foreign pilot, with \$6,000. Resta found the twisting, dangerous course inside the San Francisco Exposition grounds, ideal for his Peugeot, and was able to keep this sensationally light, speedy car running to the finish in both the Grand Prize and Vanderbilt. The Peugeot had failed to finish at Corona and San Diego. Resta declined the issue at Venice and Tucson.

Perhaps the most interesting record by any of the speed demons is that of "Sure Finish" Billy Carlson, of the Maxwell team who pressed Resta close with a total of \$5,800 winnings. Carlson started in all six of the circuit events and finished in each one. In five of them he was among the money winners. In two of them the finish found him in second position to Oldfield, his Maxwell team mate. Carlson also figured as a "non-stopper," his car running the entire 306 miles of the San Diego race without hesitating.

Eddie Pullen, first place winner at Corona and third at San Francisco in the Vanderbilt, follows Carlson with \$5,500 winnings. Cooper and Wilcox with \$5,000 and \$4,000 respectively are fifth and sixth. DePalma, last year's champion had to be content with \$2,000—fourth money at Corona and the Vanderbilt.

## OVERLAND TRUCKS IN USE AT BIG FAIR

Officials of the San Francisco Exposition have purchased three Overland Light Delivery cars for use in the electrical department which has in charge the thousands of lights and signs on the exposition grounds.

The Overland dealer in San Francisco made to prove by exhaustive demonstrations that the car could stand the work of being in continuous service, as the cars are used for what the electricians call "shooting trouble." This means that when anything goes wrong, night or day, with electrical apparatus within the grounds, one of the Overlands is dispatched in a hurry with emergency equipment and a squad of men to the seat of trouble. Use at the exposition, three touring cars having been purchased by the New York State Commission for use in entertaining distinguished guests.

## MA WAS PARTICULAR

The little girl timidly asked the drug clerk for a package of pink dye. "What do you want it for?" responded the clerk. "Woolen or cotton goods?" "Neither," said the child. "It's for ma's stomach. The doctors said she'd have to dye it (diet), and so she wants it a pretty color."—National Monthly.
