TENNIS STARS GATHER FROM ALL PARTS FOR TOURNAMENT

(Special to The Republican) EL PASO, Tex., May 13.—The fourth annual tennis tournament of the south-western district, comprising the states of Arizona, New Mexico and west Texas...

W. A. Herrald of Phoenix holds the trophy to be played for in the gentlemen's singles and he, with Jack Almsworth, also of Phoenix hold the trophy to be contested for in gentlemen's doubles...

Arizona continues to hold what she will have to fight for it. The tennis players of New Mexico, west Texas and northern Mexico are coming in clouds to El Paso on the occasion of the tournament, which, by the way, will be conducted under the auspices of the United States Lawn Tennis association...

Interest in the tournament is widespread throughout the district and judging from the number of entries pouring into the office of the committee having the affair in charge, the attendance will break all records for tennis tournaments in the southwest. Entries have been received from Phoenix, Tucson, Globe, Miami, Safford, Fort Huachuca, Douglas, Bisbee, Clifton and Morenci, Arizona; Lordsburg, Columbus, Deming, Silver City, Las Cruces, Albuquerque, Santa Fe, Las Vegas, Lawson, Tucuman, Roswell, Carlsbad, Carrizozo, Chouderoff and Alamogordo, New Mexico; Pecos City, Midland, Alpine and Yoleta, Texas, and the cities of Chihuahua, Madera and Pearson in the state of Chihuahua, Mexico.

Those contemplating visiting El Paso for the tournament are urged to write or wire E. E. Neff of the tournament committee for reservations of rooms at the hotels in order to be assured of accommodations during the life of the meeting.

VACATIONS FOR CITY EMPLOYEES

Manager Craig Makes Recommendation to the City Commission and is Instructed to Use His Own Judgement

In a brief session yesterday morning following a sitting as a board of equalization, the city commission directed the city manager to act in accordance with his own judgment in the matter of granting city employes vacations during the summer.

Discussion of the matter of the proposed new city hall building, brought out the statement from Mayor Young that he has the credentials indicating where the funds for the proposed building may be obtained. He said that this money would not be available for the reconstruction of the present city hall building.

In view of the new state law soon effective, the city attorney was directed to draft an ordinance covering the new duties of the city magistrate who under the new law is given concurrent jurisdiction with justice courts.

The commission adjourned to meet again this morning at ten o'clock.

INTERNING OF GERMANS

(Continued from Page One)

Government Premier Asquith said "At this moment there are some forty thousand unnaturalized aliens of whom 24,000 are men at large in this country. The government proposes that all adult males of this class for their own safety and that of the country, be segregated and interned. If they are over middle age they should be repatriated."

The government recognizes that there may be cases calling for exceptional treatment. The women and children in suitable cases should be repatriated, but no doubt there will be many cases in which justice and humanity require that they be allowed to remain.

"An official body of a judicial character will be set up to deal with all claims for exemption and as soon as military and naval authorities are provided with the necessary accommodations those who have not secured exemption will be interned."

"In the case of neutralized aliens who in law are British subjects, numbering about eight thousand, the prima facie presumption would be the other way, but exceptional cases established to the satisfaction of the advising body, will be specially dealt with. There must be power of internment in cases of proved necessity or danger."

Riots at Capestown. CAPESTOWN, May 13.—Anti-German riots broke out here tonight, a number of prominent German business establishments being wrecked and set afire. The rioters paraded in unorganized bands and for a time the police were unable to control them, but the number of bands increased so rapidly that they got out of hand, necessitating the calling out of the military to patrol the streets. The rioters were mainly negroes.

A remarkable incident of the riot occurred when Mr. Muller, an optician, who was German born but is a naturalized British subject, faced the mob and said he had two sons fighting at the front. The mob cheered him and departed without damaging his shop. Women took a prominent part in the riot. One climbed a high clock tower and unfurled a British flag there.

The rioters first attacked the German club which was strongly guarded. On being informed that the building was no longer German property but was occupied by the military authorities, the mob turned its attention to the stone building of a German firm nearby. Other German establishments were then quickly looted and burned. The fire brigade was powerless to cope with numerous calls from various parts of the city.

SEES NEED OF MORE (Continued from Page One)

In Galicia and Russian Poland, 143,000 Russians were captured. It also stated that 69 cannon and 255 machine guns were taken from the Russians and that 150,000 Austrian and German prisoners are continuing their advances.

MEXICANS EXPRESS SYMPATHY (ASSOCIATED PRESS DISPATCH) WASHINGTON, May 13.—A telegram received at the state department expressed the sympathy of the conventional government of Mexico for the loss of American lives on the Lusitania. The message spoke for the government there headed by General Gaitza and supported by the Zapata troops.

FREE TRIPS TO BIG FAIR

Novel Proposition is Advanced by Local Grocery Company—Will Send Six Persons to Panama-Pacific Exposition

Six free trips to the great San Francisco fair. This is the proposition that is extended to the people of Phoenix and the Salt River valley by Phoenix and the Salt River Grocery company on East Washington street. Six persons can get to attend the most wonderful fair that was ever conceived and brought to such a pinnacle of perfection since the art of great international expositions began. How can they do this? By the exercise of care and foresight in the purchase of their household supplies for the three months beginning May 15.

What further is there about this offer that commends itself to the general buying public? Why this: It is not a gamble. No one takes any chances. There are no drawings, no lucky numbers—nothing that savors of the dishonest. The whole scheme is founded upon the desire of the management of the Arizona Grocery to show the people of Phoenix and the Salt River valley how much money they can save by buying at the right place at the right price and buying the right sort of articles.

The plan aims at the high cost of living directly, because it carries with it an example of how to save money. It stimulates the saving of money by purchasing for less at the place in this city where high-class merchandise is sold for less.

Now, what further is there to be learned about this?

How does the housewife or grocery purchaser go about obtaining one of these free trips to the great Panama-Pacific exposition?

Here are the facts. This is the plan: To the six persons holding selling tickets for the largest amount of the six following articles will be given one round-trip ticket to the Panama-Pacific exposition. These goods must be bought at the Arizona Grocery: They sell them for less—and upon the sales ticket alone will the winners be judged. The six brands of goods that are considered in this unique offer are: Star flour, well renowned as a flour for pastry and biscuits as well as bread; Hydro-Pura, the washing compound without a superior; Lily Milk, that famous brand packed in the Salt River valley with "less of that cooked taste"; Fiesta baking powder and spices, a most satisfactory, well-selected, full-weight line of finest grade; Supreme Crackers, every sort of crackers and biscuits known superior in name and fact; Hill's teas, selected from prime stocks of leaves, blended by experts and highly satisfactory in price and quality.

Now, listen once again: Every person who has the largest amount in dollars and cents of selling tickets of each of these products by August 15, next, will be entitled to the free trip. The offer is opened on May 15 and continues for three months thereafter.

Care and foresight in buying for the household, buying at the right place where the price is right, will bring concrete results. Think this over. It is worth while.

BOY-SCIENCE TALK GIVEN BY ROBINSON

Y. M. C. A. Man Tells How Reforms Are Worked—Addresses Business Men and High School

Science of boy-culture was discussed by E. M. Robinson, international secretary for boys' work of the Y. M. C. A., to half a hundred business men yesterday. Mr. Robinson dropped off on route to Ashomar, Cal., for the convention of Y. M. C. A. workers.

In his luncheon talk, he gave many instances of how the reform of bad boys had been effected, and how good citizens had been produced from doubtful material. He spoke of the new scientific study made in boys' work, and how the study is being carried out all over the United States.

Mr. Robinson addressed the high school students during the afternoon on "What Do You Care?" He was elated over the beauty and richness of the Salt River valley and its possibilities. He was the guest of Governor Hunt during the afternoon.

lives in the balance, and in your hands rests the power of continuing their lives upon this earth, or sending them to eternity. In the name of humanity, and in the name of our state, I appeal to you, gentlemen, not to commit a crime that will be a smaller scale, just revealing as the taking of those twelve hundred lives on the great liner, Germany, in the heat of anger murdered over a thousand persons, while you three gentlemen; without anger or malice, are considering the advisability of murdering the men now in the condemned cells of our prison. It is hardly fitting that you, Mr. Case, to whom is entrusted the up-bringing and the future welfare of the youth of our state, should be smeared with the blood of your fellow beings, and it is hardly proper, that you, Mr. Jones, whose life has been given to the prosecution, should be here, acting as a member of a tribunal of last resort in the cases
