HANNY HEADS THE AD-CLUB

New Official Family, None of Members of Which is on Newspaper—Ad-Club Year Now Coincides With World System

Vic Hanny is president of the Phoenix Ad-Club. At the election of officers yesterday, set forward many months in order that this club might—as others have done—standardize the official year, a new policy went into effect. No man connected with any Phoenix publication, was nominated for any office.

C. A. Stauffer, of The Republican, on his return recently from Los Angeles, strongly advised the Phoenix Ad-Club to adopt the policy of that in Los Angeles, recommending the progress made by the latter since getting outsiders interested in the work. It was not that members of the ad staff of a paper were not efficient officers, but that ideas of more varied sorts were to be gleaned from an official family spread through the many divisions of the advertising profession.

The new officers: Vic Hanny, president. S. W. Marbo, vice-president. S. H. Robertson, secretary-treasurer. R. P. Rozzine, H. K. Behn, W. McArthur, R. A. Murray and W. B. Leecraft members with the above officers of the executive committee.

Special announcements made by the retiring president, G. A. W. Carey, concerned the next Stockdale lecture on June 19, the Ad-Club convention in Chicago June 20-24.

AMUSEMENTS

COLUMBIA OFFERS A LOT FOR A LITTLE

With the matinee this afternoon the Columbia starts its new policy in the price arrangement of ten cents throughout the entire house for the same high class of pictures. The Columbia has been offering the Columbia theater with its comfortable cushioned seats makes an ideal home for pictures. One of the most important features of the house is its ideal cooling plant, supplying real comfort and relief from the blazing sun outside. During the last few days two thermometers have been used in experimenting with the cooling system and it was found that from twenty to thirty degrees difference in temperature was the result. The temperature of the street ranged from 90 to 92 and in the building from 65 to 70 during the entire matinee performance.

The picture program for today will consist of a two-reel "Bison" entitled, "Nabbed," a story of police life that will prove both thrilling and absorbing. Also there is "The Little Girl of the Attic," a drama of the Civil War, that contains a plot of real heart interest. Two good comedies are included, one of them an ever welcome cartoon, in which "Prof. Nut Takes a Trip to the Moon." The latter is an excellent photoplay for matinees as it is particularly appealing to the little folks, with whom the Columbia is fast becoming a most popular amusement resort.

CHARLIE'S A CHAMPION AT THE EMPRESS TODAY

Charlie Chaplin will appear at the Empress tonight in what is said to be a funnier picture, than any that he has yet presented. "The Champion" is a two-reel picture in which Charlie takes the place of a prize fighter, but what is the use of trying to explain it, you will all want to see him anyway.

That Mother's Day picture, "The Silent Plea" is a three part feature in which Edith Storey takes the leading part, being assisted by an all star cast. This was produced in conjunction with the New York state commission for the relief of widowed mothers, and is a dramatic appeal for the widowed mothers' allowance. There are many very interesting scenes in the Hearst-Selig Weekly of the warring nations, and also of Grace Darling's travels, "Mr. Carlson of Arizona" the first picture taken in Phoenix by Romaine Fielding, will be shown on next Monday, Tuesday and Wednesday. Don't forget the dates.

PICTURES OF "YOU" AT LION TONIGHT

A novelty that is sure to draw a large crowd, will be put on at the Lion Theater tonight. For several days the Lion camera man has been taking pictures of prominent people on the streets, which have been made into slides and will be shown on the screen tonight only. Some were snapped while walking, others talking, etc., and they are sure to be amusing.

The moving picture program at the Lion today is a good one, the feature being a two reel Broncho called "The Wells of Paradise." This is a story of the Oil fields, the scenic

KIDDIES WILL TRAVEL FREE

New Arrangement Allows Children to Travel to Riverside Park Without Charge on Saturdays Between 10:30 and 3

Here is good news for the kiddies, also for their mothers and dads. On Saturday Maxwell's Riverside bus line will carry children under twelve to Riverside park, between the hours of 10:30 in the morning and 3 in the afternoon, without charge. The arrangement was made between the management of Riverside and the transportation people last night and will surely help to make the school holiday popular at the big park.

Now that the weather is taking on a summery tone the swimming pool is getting more and more popular. There were more than a hundred swimmers last evening. In order to get ready for the season's schedule of aquatic sports there will be trials in the pool on Saturday and Sunday afternoons this week. All the would-be champions are invited to report and register and on their showing in the events on these two afternoons the handicaps for the first part of the summer will be arranged. Instead of race meets at odd times as was the case last summer, it is the intention to have a regular schedule of events, including high and fancy diving, sprints and distance races, under water swims and diving for distance. For these there will be prizes for each meet and season prizes and it is planned to bring the swimmers of Phoenix very much to the front. It is also hoped that a water polo league may be formed and as the various teams will be coached by Frank McGrath, the noted coast expert, great results are looked for.

Owing to changes in the pumping system, made during the winter, the flow of water through the pool is almost double that of last year, and in addition to the outlet at the end of the pool, there is a new overflow at the upper end of the south side that feeds the pretty little stream running around the new island.

On Saturday night the first of a series of "Lucky dances" will be given in the dancing pavilion. These dances will be one of the big features at the dance pavilion this season and Saturday night's will be an extra special.

FINANCES AND MARKETS

(ASSOCIATED PRESS DISPATCH)
NEW YORK, May 13.—Heaviness resulting almost wholly from the latest aspects of international affairs was attended by the unusually dull market. Prices moved up and down according to the caprices of the trading element, which was in sole command of the operations. On the whole, war specialties fared better than other issues, being helped in a measure by reports of more large contracts for supplies to the allies. Total sales of stocks amounted to 450,000 shares. Resumption of dividends and even the form of the scrip of the Virginia and Carolina, which preferred, was regarded as an indication of better industrial conditions in the south. There were increased inquiries for copper metal at the highest prices recently recorded, while the placing of a small loan by the Bolivian government bore directly upon this country's steady advance as a center of finance. Total sales represented a par value of \$3,317,000.

Stocks
Electrolytic, \$19; Silver, 50; Copper, firm.
Metals
Amalgamated, 68; Smelting, 64 1/2; Santa Fe, 98 1/2; St. Paul, 89 1/2; New York Central, 84 1/2; Pennsylvania, 106 1/2; Reading, 143 1/2; Southern Pa.

effects very fine, and the fight at the dam very realistic. Two comedies are also on the bill, one called "The Doctor's Strategy," from the beauty studios and the other a Keystone entitled "Patches To Plenty," which is very amusing.

Lamara's Good Bill
The episode of the "Exploits of Elaine" showing the operations of "The Devil Worshippers" which is now showing at the Lamara Theater is the best that has yet been shown of this popular serial. It is the most exciting number yet and adds interest to the rest of the series because of the actual truth that Kennedy comes to of the identity of "The Clutching Hand". The confession is made to Kennedy by a member of the Devil Worshippers clan who is caught in the act of ill treating Elaine and who is released on the condition that he reveal the secret that has so bothered the scientific detective in his work of protection and detection around the rich young woman. Who is "The Clutching Hand"? can you guess. Look at the present number of the serials and then see if you can guess accurately. There is another feature to the program of three reels in the form of a very much worth while Pathe drama. The program will run again today.

Mary Pickford at Arizona
Mary Pickford, "America's Sweetheart" is at the Arizona today in "Mistress Nell," a five part drama released by the Paramount program. The story is most attractive and the part should fit Miss Pickford like a glove. It made Henrietta Crossman famous in 1912 when it was produced as a play in New York and in its transference to the screen it has lost none of its charm.

Miss Pickford will be supported by Owen Moore and a particularly capable cast. The picture will be on view at the Arizona tonight and tomorrow with a special matinee on Saturday.

SHRINE TRAIN TO LAND OF MANANA

Extra Pullman Added — Real Bull Fight Chief Magnet — Biggest Bunch Ever Out of Phoenix on Shrine Business

Owing to the demand for reservations the biggest gathering to leave this city on the Shrine pilgrimage in the year is due to the fact that at this season the Shrine offers much to the visitors and in addition to the delightful climate at the season the local bunch of Shriners are trying to out do Yuma which hung up a record for hospitality this spring when that city entertained the shriners from this temple.

The novelty of a real bull fight, is perhaps the magnet which is accounting for the big advance reservation, but it will be only one of the several things the entertainment committee has up its sleeve for the edification of the party from here. The arrival last night from the makers in the east of a lot of new instruments of torture especially constructed for use on trips over the desert and coupled with a lot of side degree stunts the novices numbering over fifty will have cause for remembrance when they have been involved with the final word of the order.

The entertainment committee, so the men in charge here have been informed, will see that the banquet which is to be a feature of the three days' ceremonial, is served where the constitutional amendment will not hamper the spirit of the occasion. In fact the visitors are being assured that the drought caused by the same amendment will be forgotten when the committee at Nogales gives the word to "go to it."

Shirley Christy left yesterday for Nogales, leaving the shrine train in charge of Vic Hanny.

ROTARY MEETING AT ICE FACTORY TODAY

Today the Rotarians meet at the plant of the City Ice Delivery company, Fourth and Washington streets, at 12:10. Following is the program: Fred Warren, chairman. "History of Ice Making in Phoenix." W. B. Lount. "Some of the Uses of Salt Water Valley Ice." H. W. Asbury. The ladies of the Tolleson church will provide the luncheon. Tickets are to be secured from Harry Blair at the Y. M. C. A. at the usual price. Every member of the club should attend this meeting.
